## *Egypt Plans Hero's Rites For Gen. Riad*

TEL AVIV (AP) — After two days of heavy shelling, the Suez Canal was reported quiet again today. Egypt prepared a hero's funeral for its army chief of staff, Gen. Abdel Moneim Riad, who was fatally wounded by an Israeli shell Sunday.

"They are burying their general at noon, so we don't expect trouble today," an Israeli military source said.

U.N. observers blamed Egypt for the start of the artillery duel Saturday. They reported to U.N. headquarters that they observed the Egyptians firing from one to 32 minutes before the Israelis opened up along the blocked waterway.

Israeli shells hit Egypt's oil refinery at Suez for the fourth time since the 1967 war, and the Israelis said a petrochemical plant and oil storage tanks were still burning today. Egypt said three tanks were set afire.

Israel said one of its Piper Cubs was shot down, three Israelis including the pilot were killed and 14 were wounded.

Egypt said three of its men were killed and 13 wounded and it lost a MIG jet. Israel said the MIG pilot was captured. Egypt also claimed its forces brought down an Israeli Mystere jet, but Israel denied this.

### 5 Skirmishes Take Place Near Saigon, Cambodian Border

SAIGON (AP) — Hundreds of enemy troops ambushed about 300 South Vietnamese paratroopers, killing 30 of the government soldiers and wounding 105 in a two-day battle that was still going on late today, the Saigon government said.

The savage battle said was one of five major fights reported in the past 24 hours—at three points near the Cambodian border and to the north and south of Saigon. The dead included 31 Americans and at least 127 Viet Cong and North Vietnamese, allied spokesmen said.

The Viet Cong also shelled more than 35 towns and allied bases during the night as the enemy's spring offensive continued in its third week. U.S. Defense Secretary Melvin R. Laird told newsmen as he left Saigon after a four-day visit that the offensive is a "calculated escalation of the war." But he said it "has not been successful" and the rocket attacks which have been made on Saigon were not significant.

Laird would not reveal the recommendations he is carrying back to President Nixon, except to say that he would request additional funds to strengthen the South Vietnamese armed services. At Da Nang Sunday, he had indicated the amount would be about $70 million.

The secretary said some American troops would be replaced in due course by South Vietnamese as the latters' armed forces grew stronger. But he would not give any timetable.

Laird said the question of the mutual withdrawal of American and North Vietnamese troops is one of the subjects under consideration in Paris, and consequently he did not feel it proper to comment further in Saigon. But he did say that on the basis of his trip, he could not foresee any circumstances which would require more American forces in Vietnam.

Laird reiterated an earlier statement that continuation of rocket and mortar attacks on Saigon constituted a violation of an understanding with North Vietnam under which the United States stopped bombing North Vietnam on Nov. 1.

"If they continue," he said, "an appropriate response, in either a diplomatic or a military way, will be made."

Meanwhile, the Viet Cong pushed its spring offensive into its third week Sunday, and enemy troops dealt a battalion of South Vietnamese paratroopers and a platoon of American air

## 'Thin' ABM Shield Due Nixon Okay

### Described As Near Decision; Remains In Florida Today

KEY BISCAYNE, Fla. (AP) — President Nixon, described as near a decision on deploying of a "thin" antiballistic missile shield, remained at his waterfront Florida retreat today for some final hours of relaxation before returning to the White House.

Nixon, who flew here late Friday for a respite after his exhausting European tour, was expected to be back in Washington tonight.

With the weather damp and dreary on Saturday, it seemed for a time that the chief executive might cut short his Florida stay. But the sun shone brightly Sunday and—following a two-hour morning staff meeting at his home—Nixon went aboard the Navy's 64-foot cabin cruiser, the Julie, which took him down Biscayne Bay to the point where the big pond in his front yard joins the Atlantic.

Nixon, who did not attend Sunday church services but conferred with aides on the ABM controversy and other matters, wore a plain gray sweatshirt, dark gray slacks and gray shoes on the cruise.

At the staff meeting were special assistant H. R. Haldeman and White House counsel John D. Ehrlichman. Aboard the Julie for the cruise was his friend and neighbor, C. G. "Bebe" Rebozo, millionaire banker and real estate financier.

As is Nixon's custom during Florida visits, the President spent much of his free time with Rebozo.

The White House said there would be an announcement in Washington today on the new administration's choice for assistat secretary of state for inter-American affairs.

A presidential decision on the ABM, which has aroused strong opposition in Congress and some communities, was not expected until Tuesday or, more likely, Wednesday.

Nixon, when he reveals his choice, was believed likely to embrace a modified deployment plan hopefully designed to disarm ABM critics who do not want the muclear-tipped counterweapons emplaced near major cities.

### Waterford Park Mishap

## *2 Injured In Plane Crash*

A Pittsburgh pilot and his passenger were injured and their plane heavily damaged Sunday afternoon when the plane struck a railing and light poles and crashed while taking off at Waterford Park race track.

Hugh O'Donnell and his brother, Thomas O'Donnell, were treated at City Hospital following the crash about 1:30 p. m. and were later released. The pilot suffered cuts of the forehead and scalp, and his brother bruises of the back.

O'Donnell, who had landed his plane earlier, was attempting a takeoff when the craft struck the rail. There was extensive damage to both inside and outside rails, Howard Conner, supervisor at the track, said. Two light poles and both hedge rows on the turf course were also heavily damaged. The mishap occurred at the south end of the mile-long course, and the plane finally stopped in a grassy area between the roadway and parking lot.

"It didn't turn over," Conner noted. Both wings on the Cessna 177 "Cardinal" were damaged.

The plane had been rented at the Pittsburgh-Monroeville Airport.

Robert Jones, supervising inspector for the Federal Aviation Administration at Pittsburgh, said his department is conducting a routine investigation into the mishap, but said no formal hearing will be held on the matter.

He added the plane apparently failed to clear the fence and light poles. He said the poles

## *New Tax Old Tale*

### Drivers Stuck Before For Stickers

By ROBERT POPP

When East Liverpool residents begin plunking down a $5 bill March 17 for a tax sticker for their autos, it will be the second time around for many of them.

The federal government used the same device to help finance World War II, collecting $10 million a year in Ohio alone. There was a tremendous uproar in the fall of 1941 when Congress enacted the excise tax law. The diehards asserted flatly they would not pay the $5 and pointed to their inalienable right as American citizens to drive their cars anywhere they doggoned pleased.

But by the time the U.S. put the stamps on sale at post offices around the nation, Pearl Harbor had intervened. Citizens brought the stickers without a mutter. President Franklin D. Roosevelt had just called for an additional $56 billion defense budget, "the largest ever proposed by any government, anywhere," and the citizens buckled down to pay their share.

—:—

**THE STICKERS** are required under a city license law enacted by Council late in December. Since about 11,000 autos are registered here, Council expects a yield of $55,000 that can be spent for street surfacing, maintenance and repair.

The sale of the stickers is slated to run coincidential with issuance of 1969 auto license tags, which will begin March 17. The Ohio Bureau of Motor Vehicles has indicated it will furnish decals to be issued to each driver who pays the municipal tax. New Ohio tags must be displayed by April 15.

The tax - haters who screamed at the prospect of the additional $5 tax in the fall of 1941 went calmly to the Post Office and bought the green stamps when they went on sale Jan. 9, 1942. It was a patriotic gesture then, as everything was a patriotic gesture.

The central government in Washington had cudgled the citizens with so many new regulations and restrictions that the auto tax was a unnoticed flea bite by comparison.

Not that a $5 bill was small change 27 years ago, as it is today. It represented a day's pay for many. City Council, granting the first pay raises since 1936, had just boosted the fire and police chiefs to $2,400 a year, also setting the salary of Water Works Clerk Frank K. Robinson at $2,400.

—:—

**THE REVIEW** reminded its readers on Jan. 9, 1942, that the new stamps would go on sale Jan. 26. It pointed out many earth - shaking events had intervened since enactment of the law, but the printing presses were turning out the new stamps in Washington.

Later, the government advanced the beginning of the sale to avoid last - minute jams at Post Office windows.

But motorists got a break on

### Eisenhower's Doctors Pleased With Progress

WASHINGTON (AP) — Doctors attending former President Dwight D. Eisenhower reported today they "are pleased with his progress to date."

From Walter Reed Army Hospital, they issued this bulletin:

"Two weeks following major surgery, Gen. Eisenhower continues to show steady progress. He is eating solid food and sits up in a chair for short periods several times daily. Although the general is still weak, his physicians are pleased with his progress to date."

### Operation Weigh-In

CHICAGO (AP) — A new program begins today of streamlining the police department around the middle.

"Operation Weigh - in" will start with some 100 traffic policemen stepping on he scales. The program was outlined after "several officers were seen looking a little on the heavy side," said Hamilton W. Pool chief of the traffic division.

Anyone failing the weight test will be ordered to count calories and do some jogging, Pool said.

### For Landing In Calmer Seas

## *Bad Weather May Force Apollo Splashdown Shift*

SPACE CENTER, Houston (AP) — With stormy weather buffeting their planned Atlantic landing area, the Apollo 9 astronauts received word today they might have to shift their splashdown to calmer seas.

Air Force Cols. James A. McDivitt and David R. Scott and civilian Russell L. Schweickart then turned space age weathermen to report on conditions in the landing zone and over a wide area of the United States.

McDivitt, the Apollo 9 commander, asked about the forecast for Thursday's planned landing southwest of Bermuda.

"Hey, Jim, I hate to bring that up," replied astronaut Stuart Roosa, the capsule communicator in Mission Control.

Roosa reported there was a storm front moving through the area and "they're calling for fairly heavy winds, around 30 knots or so and waves around six to eight feet."

"But we'll make sure the weather is good though," he assured Apollo 9. "I don't think we'll plunk you down in the middle of a front there."

The astronauts can change their landing area by firing their retro rockets earlier or later than planned.

McDivitt reported Apollo 9 had spotted the storm from their high outpost.

The weather watch helped break the monotony of Apollo 9's seventh day in space—in which the astronauts drifted to conserve fuel and dreamed of home.

They had another light schedule of picture taking, navigation checks, an engine firing, and resting.

The major flight plan event was a firing of the main spaceship engine to jockey the craft into a more favorable path for scheduled splashdown Thursday.

### Gold Continues Rise In Europe

## Troubles Of French Franc Labeled As No Emergency

BASEL (AP) — Western Europe's central bankers decided Sunday the French franc's troubles don't constitute an emergency requiring international action but the price of gold continued to rise today on Europe's free markets.

Bullion was selling at $43.75 an ounce in London, 25 cents over Friday's price. Dealers said the demand was normal and the turnover small, indicating the upward movement was caused by the absence of sellers at the lower levels.

On London's foreign exchange market the pound opened a little better—at $2.3908 compared to Friday's $2.3895. But the franc, which pulled sterling down last week, was still shaky.

In Zurich, the price of gold jumped from $43.40-$43.60 to $43.75-$44, hitting a record high for the second time in four days. One bullion dealer said there was "demand from almost everywhere," but a banker said the buying "did not appear to be really hectic."

After their regular monthly meeting, several of the bankers said the French government has enough gold to cope with the current flow of money beyond its borders.

They also said France has not asked for help under emergency arrangements the bankers made last month to help countires with money troubles.

However, the present uncertainty about the franc will not be resolved until the French government and the country's labor unions settle their differences over wages. The unions have called a 24-hour general strike Tuesday.

The unions are seeking a 12 per cent wage increase. The government is resisting such a large boost would make French exports so expensive the value of the franc would have to be lowered so French business could compete in international markets.

Devaluation of the franc might force Britain and the United States to cut the value of their currencies. But in a more serious money crisis last fall President Charles de Gaulle refused to devalue.

Unless the labor situation deteriorates to the point of an extended general strike, as it did last May, there is no reason to believe De Gaulle will consider devaluation.

## *Heart Girl, 6, Dies Suddenly In Cincinnati*

CINCINNATI, Ohio (AP)—Six year-old Christine Corhn, who underwent heart transplant surgery Feb. 8, died early today, according to a spokesman at Children's Hospital.

Hospital Administrator Robert Southwick said the "heart rejection phenomenon which claimed the girl's life "came with dramatic suddenness.

During the weekend, Christine suffered a setback in her valiant fight for life began showing signs of rejecting the heart. Southwick said Christine, daugter of Mr. and Mrs. Wallace Corhn of subrban Highpoint, showed "marked weakness of heart action" Saturday night and early Sunday.

Christine, with her mother at her bedside, appeared to be slightly improved around midnight Sunday.

## James Ray Pleads Guilty To Murder Of Dr. King

**BULLETIN**

**MEMPHIS, Tenn. (AP) — James Earl Ray pleaded guilty today to murder in the death of Dr. Martin Luther King Jr.**

MEMPHIS, Tenn. (AP) — James Earl Ray has a date in court today amid speculation—unconfirmed by any official source—that he would plead guilty to murdering Dr. Martin Luther King Jr., and take a 99-year prison sentence.

There was no guarantee that the hearing called by Judge W. Preston Battle would involve a plea of guilt or innocence by the 40-year-old defendant.

Some observers thought it might bring nothing more dramatic than a motion for a change of venue or some other legal maneuver by Ray's lawyer, Percy Foreman of Houston, Tex.

The Memphis Commercial Appeal reported that Foreman had conferred with two of Ray's brothers and a sister last week, apparently to clear the way for a guilty plea.

Doubters pointed out that with a 99-year sentence, Ray would not be eligible for parole for at least 33 years.

The state had said previously it would demand death in the electric chair but no one has been executed in Tennessee since 1961.

Should a jury sentence Ray to life imprisionment, parole could be possible in 13½ years.

Neither Foreman nor the prosecuting staff would comment on the reports that the deal for a 99-year term had been made.

Ray, an escapee from the Missouri State Penitentiary, was arrested in London last June 8, two months and four days after King was killed by a single shot as he stood on the balcony of the Lorraine Motel.

## *Some Roads Are Slick As Snow Comes*

Though it would have been better never than late, the snow did arirve—though not with the intensity that had been expected.

Road and street crews throughout the area got another workout as some stretches were made slick by the fall.

In East Liverpool, street department trucks were called out about 6 a.m. to begin spreading ashes and salt. Police said snow fell most of the night, but did not begin to accumulate until the temperature dipped before dawn.

The forecast calls for considerable cloudiness and cold with flurries tonight and Tuesday.

Tonight's low will range from the upper teens to the lower 20s and tomorrow's high from the upper 20s to the lower 30s.

Temperatures are due to average well below normal through Saturday, with little day-to-day change. Scattered flurries are expected to continue.

Doubters pointed out that with a 99-year sentence, Ray would not be eligible for parole for at least 33 years.

The state had said previously it would demand death in the electric chair but no one has been executed in Tennessee since 1961.

Should a jury sentence Ray to life imprisionment, parole could be possible in 13½ years.

Neither Foreman nor the prosecuting staff would comment on the reports that the deal for a 99-year term had been made.

Ray, an escapee from the Missouri State Penitentiary, was arrested in London last June 8, two months and four days after King was killed by a single shot as he stood on the balcony of the Lorraine Motel.

## *Some Roads Are Slick As Snow Comes*

Though it would have been better never than late, the snow did arirve—though not with the intensity that had been expected.

Road and street crews throughout the area got another workout as some stretches were made slick by the fall.

In East Liverpool, street department trucks were called out about 6 a.m. to begin spreading ashes and salt. Police said snow fell most of the night, but did not begin to accumulate until the temperature dipped before dawn.

The forecast calls for considerable cloudiness and cold with flurries tonight and Tuesday.

Tonight's low will range from the upper teens to the lower 20s and tomorrow's high from the upper 20s to the lower 30s.

Temperatures are due to average well below normal through Saturday, with little day-to-day change. Scattered flurries are expected to continue.

# Group Therapy Class Gives Demonstrations At Meeting

Demonstrations were presented by Sister M. Nathanael and her group therapy classes during Thursday's meeting of the Hancock - Brooke County Mental Health Society at Weirton General Hospital.

Mrs. Audrey Litman presided.

The classes, under the title of Leadership, consist of individual counseling and group therapy treatment for men and women who need care following mental breakdowns, for those who have emotional problems and for individuals who need help in preventing nervous breakdown.

—:—

SISTER M. Nathanael, of the Franciscan Sister of the Poor, is a psychiatric social worker and has been a constant leader in the fight for better mental health. Registration for the Leadership classes is open to all men and women, irrespective of color or creed, who have nervous and emotional problems.

Those interested may contact Sister Nathanael at St. Michael's Convent in Steubenville for additional information.

Mrs. E. M. Clubb Jr., reporting for the Hancock - Brooke Mental Health Service, said 186 patient and collateral interviews were scheduled during the month of February. They included 124 Hancock County residents, 61 Brooke County residents and 1 out-of-county resident. The service included testing, therapy and collateral interviews.

—:—

MRS. CLUBB also reported that meetings of the service board of directors have been held with representatives from the West Virginia Department of Mental Health and the Northern Panhandle Regional Mental Health Center, Inc., and that contact has been made with the Regional Health Center National Institute of Mental Health "for the purpose of planning for the continued autonomy and financial security of the local service."

Mrs. Lowell Austin announced that the speaker's bureau has scheduled programs to be presented for the Brooke County Easter Seal Society, the St. Anthony PTA-Follansbee, Weirton Baptist Church, Greater Weirton Ministerial Association and Weirton Rotary Club.

Other reports were submitted by Mrs. Eleanor Snyder, treasurer; Mrs. M. R. Marsh, corresponding secretary, and John L. Sullivan, fund drive chairman.

The next meeting of the society will be April 3 at the hospital.

# PTA Continues Plans For Spring Show At Midland

Plans were advanced for the annual spring variety show at a meeting of the 7th St. Parent-Teacher Association Thursday at the school.

Mrs. Robert Stillwagon, third-grade teacher, is the sponsor and Mrs. Ronald Perkins is chairman. Any elementary student wishing to perform is to contact Mrs. Stillwagon, Mrs. Perkins or Mrs. Norman Vanlier.

Mrs. Mary Pasternak reported on the recent "beanie" sale. The 1968-69 budget report was given by Mrs. Robert Dawson. The singing of America and the flag salute were led by Mrs. Stillwagon. Mrs. Helen Bradfield led prayer.

Mrs. John Szabo, Mrs. John Adams and Mrs. Vanlier, representatives of 7th St., will meet with six other women of 1st St. and 4th St. PTA's at a time to be announced to prepare a slate of officers for the joint PTA which will be formed next year for the new elementary school.

# 3 Are Hurt In Accidents

A Newell motorist and one of his passengers are in "fair" condition today at City Hospital after an accident near Newell early Sunday morning.

Homer Summers Jr., 38, of 513 Grant St., the driver, received contusions of the forehead, right eye, chest and nose. A passenger, Michael Jackson, 15, of 18th St. Heights, Wellsville, received a possible back injury. Another passenger, Timothy Pinkerton of Wellsville RD 1, received a contusion of the skull and back. He was released after treatment.

Summers was cited by Hancock County sheriff's deputies for reckless driving after his auto struck an embankment on Route 2.

The mishap occurred about 7:23 a.m. About $1,000 damage resulted to the vehicle.

The car of another Newell resident, Jackie R. Nalley, 18, left Route 2, about 300 fert south of the Midway Trailer Court, about 7:30 p.m. Saturday.

Deputies reported the driver was attempting to avoid a collision. There were no injuries.

In a similar mishap about 5 a.m. Sunday, Frank Sims Jr., 20, of 2200 Clark Ave., Wellsville, tried to avoid a crash with an oncoming auto near the intersection of Routes 8 and 30 and his vehicle swerved right, hit an embankment and flipped over.

Sims was not injured. About $1,500 damage was caused to his auto.

# *Gifford Fills Chief's Post*

Chalmer Gifford of LaCroft was appointed to serve as temporary fire chief through April 1 during the meeting of the Liverpool Township trustees Friday night. Guy Digman chairman, presided.

It was announced that the board will meet with the county engineer Friday relative to the bituminous road program.

Thomas Edgel, temporary constable is attending the state police training school in Alliance, which began today.

Fire chief tests will be given March 17 at 7 p.m. at the township office building on Ada St. LaCroft by Paul Cunningham, clerk. Firemen in the township interested in taking the examination must submit their names to to Cunningham by Friday.

Rod Goodyear, a representative of a plate glass company in Pittsburgh, explained the use of Calcium chlorida on unimproved roads in the township. The next meeting will be March 21.

# Sticker

(Continued from Page 1)

the price of the first stamp. The law was set up to operate on the same dates as the federal fiscal year, from July 1 to the following June 30. So the stamp for the first half - year was pegged at $2.09. That rate appiled to autos and trucks.

At the last minute, somebody discovered a "sleeper" clause in the statute that required revenue stamps for power boats, of all things. It set a charge of $5 for craft from 16 to 28 feet, but the tax ranged up to $200 a year for a 200-foot boat.

Nine thousand of the stamps were shipped here a few days before the sale began. The city had an estimated 7,500 registered autos. The stickers were green and white, picturing the Liberty Bell. They were an inch wide and two and a half inches high.

The first purchasers found the new tax actually cost them $2.10, instead of $2.09 as advertised. With the stamp came a postcard from on which the motorist entered his name and address. Then it had to be mailed to the district office of the Internal Revenue Service at Cleveland. The stamp cost another penny; the government was not paying the postage.

—:—

**SOME MORE** confusion arose when motorists discovered that some of the stamps were gummed on the back and some had the sticky stuff on the front. That was straightened out with the explanation that the ones gummed on the front were intended for display through the windshield and the ones gummed on the back were meant to be affixed inside the car in any of the 23 states that prohibited attaching any item to the windshield.

Ohio allowed the federal stickers on windshields, but most drivers placed them in an obscure place on the dashboard where they were more secure from theft.

Postmaster Ralph Benedum was first to buy the new revenue stamp. His brother, the Rev. O. L. Benedum, bought the second. At the end of the first day's business, 225 of the stickers had been purchased.

In the next development, irate drivers reported to police that opportunist were stealing the stickers off car dashboards and windshields. Police muttered about ". .a federal offense . . ." but there is no record any of the stamp - snatchers was arrested.

Authorities commented that the lists of stamp - buyers would be compared with car registration lists to make certain that every car carried a sticker. But those threats were gotten in the record crop of rumors, restrictions and ukases that followed Pearl Harbor.

Dozens of new administrative agencies were set up and the inexperienced officials, overwhelmed by their new - found power, issued edicts and made pronouncements that had the nation reeling.

—:—

**THE GENUINE** orders were hard enough to take. Tire rationing was announced a few days after the U.S. entered the war. Then motorists got the dumfounding news that Columbiana County was authorized a quota of just 15 tires and 12 tubes for the entire month of January.

The rationing board declared that the new casings or tubes would go only to "persons who operate autos or trucks considered vital to public health and safety or the national defense program."

The new price administrator, Leon Henderson, made an ill-considered announcement that the federal government might be forced to confiscate civilian autos for national defense use. That caused an uproar in East Liverpool and other communities throughout the nation. Henderson was forced to issue another announcement in which he said he hadn't meant that, after all.

The death of blonde film star Carole Lombard and 22 others in a plane crash in the Sierra Mountains came on Jan. 17, but it was forced into a spot of secondary importance alongside the war news. The Rev. M. Rudolph Miller was granted leave from the First Presbyterian Church to enter service as an Army chaplain.

—:—

**PRESIDENT** Roosevelt signed a bill making daylight savings time the nation's new official time, effective Feb. 9 and continuing for six months after the end of the war. It quickly became known as "war time." Bit by bit, news on the staggering Naval losses at Pearl Harbor was being fed to the public.

Draft quotas jumped to new highs. Up and down the east coast, Nazi submarines were sinking freighters with impunity, carrying stocks of sugar, petroleum and coffee to the bottom of the Atlantic.

As spring approached, sugar rationing was initiated and gas rationing went into effect on the seaboard. It was a forerunner of rationing of many other commodities. The U.S. was at war.

flown by helicopter to Ismailia Sunday and was observing the artillery duel with a group of officers when the shell landed close to him. Others in the group were only slightly injured, but the 50-year-old general died shortly after he was taken to the Ismailia hospital.

Riad was Egypt's second-ranking soldier after the defense minister, Gen. Mohammed Fawzi. President Gamal Abdel Nasser posthumously awarded him Egypt's highest military decoration, the Star of Honor. Riad became chief of staff in the shakeup that followed the purging of the late Field Marshal Abdel Hakim Amer on charges of plotting against Nasser after the 1967 Arab-Israeli war.

Riad had commanded Arab forces on the Jordanian front during the 1967 hostilities under a joint Egyptian-Jordanian defense agreement.

Cairo said the firing began Saturday after Egyptian forces saw "many preparations on the east bank of the canal that included the setting up of rockets and the gathering of tanks" which "indicated the enemy's intention to commit an act of aggression." The first artillery barrage was preceded by a dogfight between Israeli and Egyptian fighters in which the Egyptian MIG was shot down.

Israel charged Egypt resumed shelling Sunday all along the 103-mile waterway, and said Israeli forces returned the fire. Artillery rumbled for more than three hours. An Egyptian army communique said: "Our forces along the Suez Canal counter-fired and were able to destroy and silence all positions massed by the enemy to fire at civilian quarters of Suez Canal cities."

The firing ended at the behest of U.N. truce observers.

Elsewhere along troubled Middle East borders, Israel said two of its settlements were shelled by Arab gunners, one along the Jordanian cease-fire line and another on the Lebanese border. No casualties or damage were reported.

The Israeli army also said one of its patrols opened fire on an Arab guerrilla unit near the Dead Sea, killed one guerrilla and sent the rest fleeing back into Jordan.

In Amman, a Jordanian army spokesman said an Israeli observation post was destroyed Sunday in a 50-minute exchange of fire. He said Israel started the clash by firing on Jordanian troops in the northern Jordan Valley.

U.N. peace envoy Gunnar V. Jarring arrived in Jerusalem and relayed to Foreign Minister Abba Eban a new Cairo call for Israel's withdrawal from Arab territories captured in the 1967 war. An Israeli spokesman said Eban rejected it because it "did not renew anything regarding the Egyptian position."

cost French national reserves $89.7 million in February as Frenchmen bought other currencies abroad for safety. The losses of gold and foreign currency were reported accelerating this month, but the De Gaulle government still has billions to draw on, including a special fund set up by the central bankers last fall. It hasn't been touched.

A record-breaking rise in the price of gold on the free market last week started devaluation speculation. The central bankers said Sunday the significance of the gold rush was exaggerated by the newspapers.

The market price for gold went up to $48.31 an ounce in Paris Friday. The run was caused not only by fears about the franc, but by the decision of South Africa, the Western world's largest gold producer, not to sell any large part of its stocks on the free market.

The Nixon administration, which has remained committed to the official price of gold at $35, would like to see South Africa sell and force the free market price down. This would relieve devaluation pressures in Britain and the United States.

Jones said the investigation will consist of contacting the pilot and witnesses.

He said no inspector was sent to the scene yesterday since "we have a pretty good idea of the layout from the last two crashes."

## Report Is Given On X-Ray Stops

LISBON — The Christmas Seal X-ray cruiser last week gave free chest X-rays to more than 1,000 adults in a program sponsored jointly by the Columbiana County Community Action Agency and the county Public Health League.

Totals for the joint program were 621 for a two-day stand in East Liverpool, 137 Friday at Highlandtown and 293 Saturday at Salineville.

Nickles Bakery gave a loaf of bread to the first 100 Wednesday, Thorne's Valu King donated 50 loaves for the first in line Thursday and three canned hams were donated by Robert Barrett of the Salineville IGA store, where the cruiser stopped Saturday.

The Public Health League reported the unit gave 53 X-rays Wednesday at Sekely Tool in Salem and on Thursday stopped at the Bunting Co. in East Liverpool to X-ray 29 employes and five school employes.

## Jurors View Scene Of Traffic Accident

LISBON — A Common Pleas Court jury this morning viewed the scene of a traffic accident which resulted in two civil actions set for hearing today.

The consolidated cases are captioned American States Insurance Co. and Charles S. Senior Leetonia RD 1, vs. Calvin H. Fickes, 464 Somer St., Leetonia, and the Leader National Insurance Co. vs. Charles W. and Janice L. Senior.

On the panel sworn in this morning by Judge Raymond S. Buzzard are:

Mary Dunn, Louise Pitts, Nellie P. Taylor, Naomi Traylor, Raymond G. Borger and Dennis Smith, East Liverpool; Betty Jo Cataldo, Wellsville; Fern Ronshak, Lisbon, and Stella M. Rae, Dorothy Watkins, Rosalyn Caplan and Florence Neuman, Salem. Eunice M. White, East Liverpool, is the alternate.

Science Shrinks Painful Hemorrhoids Stops Itch—Relieves Pain

Finds Way That Both Relieves Pain and Shrinks Piles In Most Cases

New York, N.Y. (Special): Science has found a special formula with the ability, in most cases—to shrink hemorrhoids, stop itching and relieve pain.

In case after case doctors proved, while gently relieving pain, actual reduction (shrinkage) took place. The secret is *Preparation H®*. There is no other formula for hemorrhoids like it. Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Deputies reported the driver was attempting to avoid a collision. There were no injuries.

In a similar mishap about 5 a.m. Sunday, Frank Sims Jr., 20, of 2200 Clark Ave., Wellsville, tried to avoid a crash with an oncoming auto near the intersection of Routes 8 and 30 and his vehicle swerved right, hit an embankment and flipped over.

Sims was not injured. About $1,500 damage was caused to his auto.

**Finds Way That Both Relieves Pain and Shrinks Piles In Most Cases**

New York, N.Y. (Special): Science has found a special formula with the ability, in most cases—to shrink hemorrhoids, stop itching and relieve pain.

In case after case doctors proved, while gently relieving pain, actual reduction (shrinkage) took place. The secret is *Preparation H®*. There is no other formula for hemorrhoids like it. Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

## Sticker

(Continued from Page 1)

the price of the first stamp. The law was set up to operate on the same dates as the federal fiscal year, from July 1 to the following June 30. So the stamp for the first half - year was pegged at $2.09. That rate applied to autos and trucks.

At the last minute, somebody discovered a "sleeper" clause in the statute that required revenue stamps for power boats, of all things. It set a charge of $5 for craft from 16 to 28 feet, but the tax ranged up to $200 a year for a 200-foot boat.

Nine thousand of the stamps were shipped here a few days before the sale began. The city had an estimated 7,500 registered autos. The stickers were green and white, picturing the Liberty Bell. They were an inch wide and two and a half inches high.

The first purchasers found the new tax actually cost them $2.10, instead of $2.09 as advertised. With the stamp came a postcard from on which the motorist entered his name and address. Then it had to be mailed to the district office of the Internal Revenue Service at Cleveland. The stamp cost another penny; the government was not paying the postage.

—:—

**SOME MORE** confusion arose when motorists discovered that some of the stamps were gummed on the back and some had the sticky stuff on the front. That was straightened out with the explanation that the ones gummed on the front were intended for display through the windshield and the ones gummed on the back were meant to be affixed inside the car in any of the 23 states that prohibited attaching any item to the windshield.

Ohio allowed the federal stickers on windshields, but most drivers placed them in an obscure place on the dashboard where they were more secure from theft.

Postmaster Ralph Benedum was first to buy the new revenue stamp. His brother, the Rev. O. L. Benedum, bought the second. At the end of the first day's business, 225 of the stickers had been purchased.

In the next development, irate drivers reported to police that opportunist were stealing the stickers off car dashboards and windshields. Police muttered about ". .a federal offense . . ." but there is no record any of the stamp - snatchers was arrested.

Authorities commented that the lists of stamp - buyers would be compared with car registration lists to make certain that every car carried a sticker. But those threats were gotten in the record crop of rumors, restrictions and ukases that followed Pearl Harbor.

Dozens of new administrative agencies were set up and the inexperienced officials, overwhelmed by their new - found power, issued edicts and made pronouncements that had the nation reeling.

—:—

**THE GENUINE** orders were hard enough to take. Tire rationing was announced a few days after the U.S. entered the war. Then motorists got the dumfounding news that Columbiana County was authorized a quota of just 15 tires and 12 tubes for the entire month of January.

The rationing board declared that the new casings or tubes would go only to "persons who operate autos or trucks considered vital to public health and safety or the national defense program."

The new price administrator, Leon Henderson, made an ill-considered announcement that the federal government might be forced to confiscate civilian autos for national defense use. That caused an uproar in East Liverpool and other communities throughout the nation. Henderson was forced to issue another announcement in which he said he hadn't meant that, after all.

The death of blonde film star Carole Lombard and 22 others in a plane crash in the Sierra Mountains came on Jan. 17, but it was forced into a spot of secondary importance alongside the war news. The Rev. M. Rudolph Miller was granted leave from the First Presbyterian Church to enter service as an Army chaplain.

—:—

**PRESIDENT** Roosevelt signed a bill making daylight savings time the nation's new official time, effective Feb. 9 and continuing for six months after the end of the war. It quickly became known as "war time." Bit by bit, news on the staggering Naval losses at Pearl Harbor was being fed to the public.

Draft quotas jumped to new highs. Up and down the east coast, Nazi submarines were sinking freighters with impunity, carrying stocks of sugar, petroleum and coffee to the bottom of the Atlantic.

As spring approached, sugar rationing was initiated and gas rationing went into effect on the seaboard. It was a forerunner of rationing of many other commodities. The U.S. was at war.

flown by helicopter to Ismailia Sunday and was observing the artillery duel with a group of officers when the shell landed close to him. Others in the group were only slightly injured, but the 50-year-old general died shortly after he was taken to the Ismailia hospital.

Riad was Egypt's second-ranking soldier after the defense minister, Gen. Mohammed Fawzi. President Gamal Abdel Nasser posthumously awarded him Egypt's highest military decoration, the Star of Honor. Riad became chief of staff in the shakeup that followed the purging of the late Field Marshal Abdel Hakim Amer on charges of plotting against Nasser after the 1967 Arab-Israeli war.

Riad had commanded Arab forces on the Jordanian front during the 1967 hostilities under a joint Egyptian-Jordanian defense agreement.

Cairo said the firing began Saturday after Egyptian forces saw "many preparations on the east bank of the canal that included the setting up of rockets and the gathering of tanks" which "indicated the enemy's intention to commit an act of aggression." The first artillery barrage was preceded by a dogfight between Israeli and Egyptian fighters in which the Egyptian MIG was shot down.

Israel charged Egypt resumed shelling Sunday all along the 103-mile waterway, and said Israeli forces returned the fire. Artillery rumbled for more than three hours. An Egyptian army communique said: "Our forces along the Suez Canal counter-fired and were able to destroy and silence all positions massed by the enemy to fire at civilian quarters of Suez Canal cities."

The firing ended at the behest of U.N. truce observers.

Elsewhere along troubled Middle East borders, Israel said two of its settlements were shelled by Arab gunners, one along the Jordanian cease-fire line and another on the Lebanese border. No casualties or damage were reported.

The Israeli army also said one of its patrols opened fire on an Arab guerrilla unit near the Dead Sea, killed one guerrilla and sent the rest fleeing back into Jordan.

In Amman, a Jordanian army spokesman said an Israeli observation post was destroyed Sunday in a 50-minute exchange of fire. He said Israel started the clash by firing on Jordanian troops in the northern Jordan Valley.

U.N. peace envoy Gunnar V. Jarring arrived in Jerusalem and relayed to Foreign Minister Abba Eban a new Cairo call for Israel's withdrawal from Arab territories captured in the 1967 war. An Israeli spokesman said Eban rejected it because it "did not renew anything regarding the Egyptian position."

cost French national reserves $89.7 million in February as Frenchmen bought other currencies abroad for safety. The losses of gold and foreign currency were reported accelerating this month, but the De Gaulle government still has billions to draw on, including a special fund set up by the central bankers last fall. It hasn't been touched.

A record-breaking rise in the price of gold on the free market last week started devaluation speculation. The central bankers said Sunday the significance of the gold rush was exaggerated by the newspapers.

The market price for gold went up to $48.31 an ounce in Paris Friday. The run was caused not only by fears about the franc, but by the decision of South Africa, the Western world's largest gold producer, not to sell any large part of its stocks on the free market.

The Nixon administration, which has remained committed to the official price of gold at $35, would like to see South Africa sell and force the free market price down. This would relieve devaluation pressures in Britain and the United States.

## Report Is Given On X-Ray Stops

LISBON — The Christmas Seal X-ray cruiser last week gave free chest X-rays to more than 1,000 adults in a program sponsored jointly by the Columbiana County Community Action Agency and the county Public Health League.

Totals for the joint program were 621 for a two-day stand in East Liverpool, 137 Friday at Highlandtown and 293 Saturday at Salineville.

Nickles Bakery gave a loaf of bread to the first 100 Wednesday, Thorne's Valu King donated 50 loaves for the first in line Thursday and three canned hams were donated by Robert Barrett of the Salineville IGA store, where the cruiser stopped Saturday.

The Public Health League reported the unit gave 53 X-rays Wednesday at Sekely Tool in Salem and on Thursday stopped at the Bunting Co. in East Liverpool to X-ray 29 employes and five school employes.

## Delaying Tactics Scrutinized

Conclusion of the West German presidential election has not ended East Germany's harassment of traffic into West Berlin.

Diplomats are waiting to see if East Germans follow up a new delaying tactic that could build into a crisis.

A truck was turned back Wednesday when East German border guards said it was carrying illegal military goods. A West Berlin spokesman denied the charge and said the truck was loaded with shoulder straps, books, belts and brass rivets.

The incident was viewed as an application of a joint Soviet-East German threat to cripple West Berlin's industry by curbing exports.

The pretext to be used to prevent West Berlin trucks from crossing East Germany territory was indicated in a Soviet charge last week that West Berlin manufacturers were producing military products for shipment to West Germany.

Diplomats are hoping the Soviet desire for negotiations with President Nixon, which apparently permitted the West German election to go off relatively smoothly, will keep the lid on East German harassment.

A few days will tell if the East Germans are causing minor traffic problems as a face-saving device or are really trying to start trouble.

Meanwhile the allies are watching and waiting—firm and open-minded—which is the logical course at the present.

Dr. Gustav Heinemann is the new president of West Germany and although his job is largely ceremonial, the symbolism in his victory is worth noting for he is an avowed pacifist.

A new era in relations between East and West Germany, backed up by the Soviet Union, would be a most auspicious beginning for the new president.

### Losers' Laurels

Those watching the exultant faces of Zanesville basketball team members and fans after the win over East Liverpool at the district tourney realized the truism: there is no substitute for victory.

No unctious rationalizations about the clock factor, the closeness of the score, the well-played nature of the game can or should console Potter players or fans.

This was high school sport of no common caliber, but it held the hard-to-accept realities of time, space, skill, height, speed, strategy, durability and other factors which resolved into a 1-point diference March 8 at 9:09 p.m. in Steubenville, Ohio.

There are those who, if they must lose, want to lose by a margin of certainty, knowing there is no doubt of dominance. It is a tribute to the talents of both teams Saturday that although there could be no debate over who really deserved to win, there would still be honor for whichever was defeated.

## Guerrillas Haunt Peace Effort

Arab guerrilla ranks are growing and add a new dimension to Middle East tension.

The feeling from some Western diplomats is that the commandos are showing signs of taking over the Arab cause.

They report the guerrillas, known as the fedayeen (men of sacrifice) have popular support beyond that of any single Arab leader—including Gamal Abdel Nasser.

King Hussein has learned of the fedayeen's strength first-hand. At first he disassociated himself and his government from the movement.

Recently the fedayeen forced a showdown and won the right to run their own military operation without interference from regular Jordanian military forces.

King Hussein, in return, received assurance from the commandos that the Israeli port of Elath would notbe attacked. The king feared a reprisal attack on Jordan's port of Aqaba if the Israeli port were raided.

Arab guerrillas have been operating for a long time but the sinister facet of today's movement of well-armed, dedicated specialists is the lack of loyalty to any Arab government.

The autonomous activities of today's guerrillas are spread over at least 27 Arab organizations dedicated to the dissolution of the state of Israel.

Numbers involved in the various groups can only be estimated but the steady escalation of the guerrilla war is obvious.

Existence of the commando units will have to be taken into consideration in any agreement on a permanent peace for the Middle East.

The fedayeen goal of reclaiming all of Palestine has an understandable disquieting effect on all those who seek peace.

The new strength and stature of the guerilla campaign make the hope of real peace in the Mideast a distant dream.

## Economic Vacuum

Strained relations between France and Britain make British entry into the European Common Market a distinctly remote possibility.

While President Charles de Gaulle remains grandly aloof from practical matters, British leaders are chomping at the trade bit. Britain's shaky economy cannot continue to remain at anchor while awaiting a favorable wind from Paris.

Two options are open to Britain. First, other Common Market members are actively trying to force France to grant membership to the British. British Prime Minister Harold Wilson may bide his time to see if his market friends are successful.

The other option lies in the growing interest in a new North Atlantic Free Trade Area (NAFTA) based initially on the three North Atlantic countries of Britain, Canada and the United States.

Britain's need for long-range economic planning is acute. Something is going to have to give before long. Even President De Gaulle cannot hold back the British economy forever.

Soon Britain is going to have to commit itself to a course of action and see it through.

### Odd Facts

Termtes, which are found in the world's temperate zones and abound in the tropics, build nests in the shape of domes as high as 20 feet, constructed of earth and chewed wood.

The nickname of "limey" was applied to British sailors some 200 years ago, from the fact that the Admiralty then ordered a regular ration of lime juice to prevent outbursts of scurvy.

## *A New Movie Rating*

### By Art Buchwald

HOLLYWOOD — Mr. Jack Valenti of the Motion Picture Producers Assn. has done a fine job with his rating system of films.

In order to protect children, his association now informs people through the advertisements and outside the theater whether they are suitable for the whole family or just the adult part of it.

Art Buchwald

The ratings start with G for the family — then go to M for mature audiences, and finally to X where human beings under 16 are not admitted.

I am not criticizing Mr. Valenti's ratings but actually trying to improve on them. I think he should add another category to warn husbands what to expect. This rating on a film could be X-NFW — which would stand for "not for wives."

**I SAY THIS BECAUSE** I went to a film the other night with my wife only to discover when we got to the theater that it had an X rating.

"What does that mean?" she wanted to know.

"It means that this picture is an adult film and only those of us who are mature enough and grown-up enough to understand the implications of what the producer and writer and director are trying to say, are permitted to see it."

"You mean it's a dirty picture?" she said.

"We must not use the word dirty in describing a film. It is an art picture, aimed at a specific audience who want more out of life than Doris Day and Rock Hudson."

"Those billboards out front look pretty dirty to me."

**"WHAT'S THE MATTER.** Haven't you ever seen a girl tied behind a bulldozer before.

"Not while it's knocking down a building."

"Well, billboards never really show what the movie is about. Its just a way of getting you into the theater.'

'I'd rather see 'Oliver,' " she said.

"Don't be square. If adults don't support X-rating films who will?"

Before she could change her mind I bought the tickets and we went in.

"The popcorn even looks dirty," my wife said.

"Will you stop behaving like someone who only attends movies for the entire family?"

We sat down just behind six members of a motorcycle gang and next to an old man who was reading "Candy" while the lights were on.

Finally the movie started. It opened up with a woman being whipped by 10 members of the Royal Canadian Mounted Police.

"Let's go," my wife said.

"We can't go until we've found out what she's done. Perhaps that's the way people are punished in Canada."

"Nelson Eddy never whipped Jeanette MacDonald."

The scene shifted to a pair of lumberjacks walking through the forest with their arms around each other. They stopped in a clearing.

"That does it," my wife said. "I'm going."

**"BUT THERE'S SUPPOSED** to be a big scene between two girls from Toronto and three women from French Canada who want independence from the Commonwealth."

She was on her way up the aisle and I followed her.

"I just want to ask you one question," she said as we were driving home. "What was the point of that Mountie kissing his horse?"

"Oh, come on. Haven't you seen a man kiss a horse before," I said.

"On the lips?"

## A Milestone In Diplomacy

WASHINGTON — President Nixon, in his television conference Tuesday night with the press, manifested a sincerity of purpose and a penetrating knowledge of international problems.

Not only did he impress the nationwide audience in his own country but the text of what he said here now will be examined carefully in Europe and Asia.

Every government, including that of the Soviet Union, will recognize that Mr. Nixon has with remarkable candor revealed the basic challenges which were involved in his discussions with the leaders of the principal governments of Western Europe.

**READING BETWEEN** the lines of the transcript, the diplomatic experts will see that, while the President has revealed the resoluteness and firmness of American policy, he has at the same time opened the way for conciliation and a better understanding both with our allies and with the Soviet Union itself.

There were, of course, politely phrased reminders that the United States is not engaged in a bit of tactful diplomacy or a "buttering up" of foreign leaders and is really anxious to recognize on its merits every argument the Soviet Union or our allies may make in future negotiations.

Mr. Nixon said that he was "very encouraged" by Gen. De Gaulle's attitude, and that he believes the French government will be helpful in tackling some of the big issues which will be the subject of future negotiations for the maintenance of peace and stability in Europe.

As for Vietnam, Mr. Nixon, with a careful choice of words, warned the North Vietnamese that they must not misconstrue the American position as one of weakness. He made it plain that, if the shelling of South Vietnamese cities is continued, there would be "an appropriate response."

For, he said, the United States "will not tolerate a continuation of a violation of an understanding" and "will not tolerate attacks which result in heavier casualties to our men at a time that we are honestly trying to seek peace at the conference table in Paris."

The President wisely refrained from making any direct threats to resume the bombing of North Vietnam.

Mr. Nixon put into the record, incidentally, the fact that the Soviets have been "heating up the war" in Vietnam, and said:

"They furnish 80 to 85 per cent of the sophisticated military equipment for the North Vietnamese forces. Without that assistance, North Vietnam would not have the capability to wage the major war they are against the United States."

The President, nevertheless, made these significant observations:

"I am sure that the Soviet Union is keenly aware of the fact that we would be greatly gratified by anything that they could do that could pull some of the support away from the government of North Vietnam . . .

"I believe the Soviet Union would like to use what influence it could, appropriately, to help bring the war to a conclusion."

Mr. Nixon declared that the American attitude toward the Soviet Union had not been "high-handed" but "very conciliatory." He said talks with the Soviet ambassador in Washington indicate that the Moscow leaders are "thinking along this line now, too."

The President emphasized that the United States, Great Britain, France and the Soviet Union could contribute much to the solution of the friction that has developed between Israel and the Arab states.

**HE PUT HIS FINGER** on a realistic fact — namely, that none of the nations in the Middle East can be expected to agree to a settlement "unless they think there is a better chance that it will be guaranteed in the future than has been the case in the past."

Certainly the Nixon way of approaching the big problems on the international scene may prove to be a milestone in diplomacy and could conceivably form a basis not only for a negotiated peace in Vietnam but for settling some of the other major disputes of international concern.

For Mr. Nixon's strategy apparently is to make a persistent effort to persuade all sides that the benefits of peace are far more alluring than the theoretical advantages of using military force, especially with the risks possible in a nuclear age.

The people of East Liverpool and surrounding areas should be very proud of East Liverpool City Hospital.

I was a patient recently in a hospital elsewhere in the Ohio Valley to undergo surgery by a specialist. Never in my life have I seen a hospital so poorly run. Visiting hours are from 11 a.m. to 8 p.m. Anyone very sick had no time to rest. Televisions were always loud and visitors would try to out-talk them. The administration did not at anytime try to correct this situation or limit any visitors.

Nursing care was next to none. I didn't see a nurse unless I had a medication. Nurses aides took temperatures. Nurses would give orderlies and aides orders over the intercom system. This could be heard in all the rooms, day or night.

I would never want the standards of the East Liverpool City Hospital to drop to this level. Again I say I am very proud of our hospital, and the communities served by East Liverpool City Hospital are very lucky because the nursing care is very excellent and the supervision and administration are very efficient.

## Electoral Reform

For something like 165 years members of Congress and others have been trying to find a better way to elect presidents. Only once have these efforts succeeded in amending the Constitution—in 1804 when Amendment 12 was added.

The issue emerged again after last November's election of Richard Nixon. The grave constitutional crisis that was threatened by the candidacy of George Wallace has alerted Congress to the desirability of some fundamental change. A senate subcommittee headed by Sen. Birch Bayh, D.-Ind., and the House Judiciary Committee chaired by Rep. Emanuel Celler, D-N.Y., has held exhaustive hearings.

**AT THE MOMENT** there are few who will predict that any one of the three major plans will be adopted by the necessary two-thirds in each house. All that seems possible is an amendment correcting some of the minor defects in the present system. A hopeless deadlock seems to prevail among the three major proposals: The popular election plan, the district plan and the proportional plan. Support convictions of its sponsors and the constituencies which they represent.

And there are some who would keep the system as it is, with a few minor changes, because they believe that any of the plans would meet difficulties, some of which are now unforeseen.

I feel that despite its number of sponsors its in the Senate the support of leaders in the House and the public opinion polls, direct popular elections would present grave matters of principle and practice.

The most important of the objections to a popular election concerns its possible effect upon the federal system with divided powers—the federal government on the one hand and the states on the other. It is on this division of power and responsibility that the nation's safety and the people's liberty depend.

A president should not merely be concerned with people but also with the various areas in which the people manage their own special affairs.

On the practical side, there are even more grave objections to popular election. Under the present constitutional system, the states determine voter qualifications and operate the election machinery.

Is it intended that all state laws governing the qualifications and the operation of elections be taken over by the government in Washington? Or is it to be a system under which there will be two sets of qualifications and two sets of machinery to conduct elections?

Under the former plan the states and counties and other local subdivisions would ultimately be absorbed in a vast national regime. If there are to be two sets of qualifications, utter confusion would ensue, for some people would be voting for president and some would be voting for governors and sheriffs.

And a dual system of administration would not only be more expensive but, in actual management at the polls, utterly confusing.

Moreover, some of the plans for popular election provide for a run-off election in case no candidate gets a majority in the regular polling. (Some would provide for such a run-off in case no one gets 40 per cent.) Consider the strain on candidates in such a run-off.

**IN MOST INSTANCES** by November they will have been campaigning for nine months. Then with a run-off, two more months would be required. Consider the expense to the party and candidates' organizations.

And, unless the inauguration were moved forward—to, say, March 4— the successful candidate would have little or no time to organize his administration. It is bad enough as it is. The Nixon people have found that out.

If we are to have a fundamental change, the district system is best. But at the moment that seems to have only limited support. And so we shall probably go muddling along as before.

## Through The Years

**THIRTY YEARS AGO** — Plans for reorganization of a board of trade at Chester were discussed during a meeting in City Hall, with E. V. Wehner acting chairman.

Robert G. Stewart of the Lincoln Highway, near Chester, was appointed to the Hancock County board of education, succeeding George Kimble who resigned.

**TWENTY YEARS AGO** — Recognition was given Columbiana County's rural health program in "Ohio's Health," published by the Ohio Department of Health.

Mrs. Albert Kinney was elected president of Fidelis Class of the First Methodist Church.

The Rev. and Mrs. Chalmers Browne, formerly of Salineville, discussed their missionary work and experiences in China at a meeting of the Women's Missionary Society of the Wellsville First Presbyterian Church.

**TEN YEARS AGO** — Three men escaped injury when their clothing ignited during a fire which caused damage estimated at $12,000 at the Paramount Service Station on Dresden Ave.

Mrs. Linda Standley was elected president of the WSCS of the Pennsylvania Ave. Methodist Church.

The first and second degrees were conferred on Mrs. Lee Hensen by the Calcutta Grange.

Diplomats are hoping the Soviet desire for negotiations with President Nixon, which apparently permitted the West German election to go off relatively smoothly, will keep the lid on East German harassment.

A few days will tell if the East Germans are causing minor traffic problems as a face-saving device or are really trying to start trouble.

Meanwhile the allies are watching and waiting—firm and open-minded—which is the logical course at the present.

Dr. Gustav Heinemann is the new president of West Germany and although his job is largely ceremonial, the symbolism in his victory is worth noting for he is an avowed pacifist.

A new era in relations between East and West Germany, backed up by the Soviet Union, would be a most auspicious beginning for the new president.

### Losers' Laurels

Those watching the exultant faces of Zanesville basketball team members and fans after the win over East Liverpool at the district tourney realized the truism: there is no substitute for victory.

No unctious rationalizations about the clock factor, the closeness of the score, the well-played nature of the game can or should console Potter players or fans.

This was high school sport of no common caliber, but it held the hard-to-accept realities of time, space, skill, height, speed, strategy, durability and other factors which resolved into a 1-point diference March 8 at 9:09 p.m. in Steubenville, Ohio.

There are those who, if they must lose, want to lose by a margin of certainty, knowing there is no doubt of dominance. It is a tribute to the talents of both teams Saturday that although there could be no debate over who really deserved to win, there would still be honor for whichever was defeated.

## Guerrillas Haunt Peace Effort

Arab guerrilla ranks are growing and add a new dimension to Middle East tension.

The feeling from some Western diplomats is that the commandos are showing signs of taking over the Arab cause.

They report the guerrillas, known as the fedayeen (men of sacrifice) have popular support beyond that of any single Arab leader—including Gamal Abdel Nasser.

King Hussein has learned of the fedayeen's strength first-hand. At first he disassociated himself and his government from the movement.

Recently the fedayeen forced a showdown and won the right to run their own military operation without interference from regular Jordanian military forces.

King Hussein, in return, received assurance from the commandos that the Israeli port of Elath would notbe attacked. The king feared a reprisal attack on Jordan's port of Aqaba if the Israeli port were raided.

Arab guerrillas have been operating for a long time but the sinister facet of today's movement of well-armed, dedicated specialists is the lack of loyalty to any Arab government.

The autonomous activities of today's guerrillas are spread over at least 27 Arab organizations dedicated to the dissolution of the state of Israel.

Numbers involved in the various groups can only be estimated but the steady escalation of the guerrilla war is obvious.

Existence of the commando units will have to be taken into consideration in any agreement on a permanent peace for the Middle East.

The fedayeen goal of reclaiming all of Palestine has an understandable disquieting effect on all those who seek peace.

The new strength and stature of the guerilla campaign make the hope of real peace in the Mideast a distant dream.

## Economic Vacuum

Strained relations between France and Britain make British entry into the European Common Market a distinctly remote possibility.

While President Charles de Gaulle remains grandly aloof from practical matters, British leaders are chomping at the trade bit. Britain's shaky economy cannot continue to remain at anchor while awaiting a favorable wind from Paris.

Two options are open to Britain. First, other Common Market members are actively trying to force France to grant membership to the British. British Prime Minister Harold Wilson may bide his time to see if his market friends are successful.

The other option lies in the growing interest in a new North Atlantic Free Trade Area (NAFTA) based initially on the three North Atlantic countries of Britain, Canada and the United States.

Britain's need for long-range economic planning is acute. Something is going to have to give before long. Even President De Gaulle cannot hold back the British economy forever.

Soon Britain is going to have to commit itself to a course of action and see it through.

### Odd Facts

Termtes, which are found in the world's temperate zones and abound in the tropics, build nests in the shape of domes as high as 20 feet, constructed of earth and chewed wood.

The nickname of "limey" was applied to British sailors some 200 years ago, from the fact that the Admiralty then ordered a regular ration of lime juice to prevent outbursts of scurvy.

## *A New Movie Rating*

### By Art Buchwald

HOLLYWOOD — Mr. Jack Valenti of the Motion Picture Producers Assn. has done a fine job with his rating system of films.

In order to protect children, his association now informs people through the advertisements and outside the theater whether they are suitable for the whole family or just the adult part of it.

Art Buchwald

The ratings start with G for the family — then go to M for mature audiences, and finally to X where human beings under 16 are not admitted.

I am not criticizing Mr. Valenti's ratings but actually trying to improve on them. I think he should add another category to warn husbands what to expect. This rating on a film could be X-NFW — which would stand for "not for wives."

**I SAY THIS BECAUSE** I went to a film the other night with my wife only to discover when we got to the theater that it had an X rating.

"What does that mean?" she wanted to know.

"It means that this picture is an adult film and only those of us who are mature enough and grown-up enough to understand the implications of what the producer and writer and director are trying to say, are permitted to see it."

"You mean it's a dirty picture?" she said.

"We must not use the word dirty in describing a film. It is an art picture, aimed at a specific audience who want more out of life than Doris Day and Rock Hudson."

"Those billboards out front look pretty dirty to me."

**"WHAT'S THE MATTER.** Haven't you ever seen a girl tied behind a bulldozer before.

"Not while it's knocking down a building."

"Well, billboards never really show what the movie is about. Its just a way of getting you into the theater.'

'I'd rather see 'Oliver,' " she said.

"Don't be square. If adults don't support X-rating films who will?"

Before she could change her mind I bought the tickets and we went in.

"The popcorn even looks dirty," my wife said.

"Will you stop behaving like someone who only attends movies for the entire family?"

We sat down just behind six members of a motorcycle gang and next to an old man who was reading "Candy" while the lights were on.

Finally the movie started. It opened up with a woman being whipped by 10 members of the Royal Canadian Mounted Police.

"Let's go," my wife said.

"We can't go until we've found out what she's done. Perhaps that's the way people are punished in Canada."

"Nelson Eddy never whipped Jeanette MacDonald."

The scene shifted to a pair of lumberjacks walking through the forest with their arms around each other. They stopped in a clearing.

"That does it," my wife said. "I'm going."

**"BUT THERE'S SUPPOSED** to be a big scene between two girls from Toronto and three women from French Canada who want independence from the Commonwealth."

She was on her way up the aisle and I followed her.

"I just want to ask you one question," she said as we were driving home. "What was the point of that Mountie kissing his horse?"

"Oh, come on. Haven't you seen a man kiss a horse before," I said.

"On the lips?"

## A Milestone In Diplomacy

WASHINGTON — President Nixon, in his television conference Tuesday night with the press, manifested a sincerity of purpose and a penetrating knowledge of international problems.

Not only did he impress the nationwide audience in his own country but the text of what he said here now will be examined carefully in Europe and Asia.

Every government, including that of the Soviet Union, will recognize that Mr. Nixon has with remarkable candor revealed the basic challenges which were involved in his discussions with the leaders of the principal governments of Western Europe.

**READING BETWEEN** the lines of the transcript, the diplomatic experts will see that, while the President has revealed the resoluteness and firmness of American policy, he has at the same time opened the way for conciliation and a better understanding both with our allies and with the Soviet Union itself.

There were, of course, politely phrased reminders that the United States is not engaged in a bit of tactful diplomacy or a "buttering up" of foreign leaders and is really anxious to recognize on its merits every argument the Soviet Union or our allies may make in future negotiations.

Mr. Nixon said that he was "very encouraged" by Gen. De Gaulle's attitude, and that he believes the French government will be helpful in tackling some of the big issues which will be the subject of future negotiations for the maintenance of peace and stability in Europe.

As for Vietnam, Mr. Nixon, with a careful choice of words, warned the North Vietnamese that they must not misconstrue the American position as one of weakness. He made it plain that, if the shelling of South Vietnamese cities is continued, there would be "an appropriate response."

For, he said, the United States "will not tolerate a continuation of a violation of an understanding" and "will not tolerate attacks which result in heavier casualties to our men at a time that we are honestly trying to seek peace at the conference table in Paris."

The President wisely refrained from making any direct threats to resume the bombing of North Vietnam.

Mr. Nixon put into the record, incidentally, the fact that the Soviets have been "heating up the war" in Vietnam, and said:

"They furnish 80 to 85 per cent of the sophisticated military equipment for the North Vietnamese forces. Without that assistance, North Vietnam would not have the capability to wage the major war they are against the United States."

The President, nevertheless, made these significant observations:

"I am sure that the Soviet Union is keenly aware of the fact that we would be greatly gratified by anything that they could do that could pull some of the support away from the government of North Vietnam . . .

"I believe the Soviet Union would like to use what influence it could, appropriately, to help bring the war to a conclusion."

Mr. Nixon declared that the American attitude toward the Soviet Union had not been "high-handed" but "very conciliatory." He said talks with the Soviet ambassador in Washington indicate that the Moscow leaders are "thinking along this line now, too."

The President emphasized that the United States, Great Britain, France and the Soviet Union could contribute much to the solution of the friction that has developed between Israel and the Arab states.

**HE PUT HIS FINGER** on a realistic fact — namely, that none of the nations in the Middle East can be expected to agree to a settlement "unless they think there is a better chance that it will be guaranteed in the future than has been the case in the past."

Certainly the Nixon way of approaching the big problems on the international scene may prove to be a milestone in diplomacy and could conceivably form a basis not only for a negotiated peace in Vietnam but for settling some of the other major disputes of international concern.

For Mr. Nixon's strategy apparently is to make a persistent effort to persuade all sides that the benefits of peace are far more alluring than the theoretical advantages of using military force, especially with the risks possible in a nuclear age.

The people of East Liverpool and surrounding areas should be very proud of East Liverpool City Hospital.

I was a patient recently in a hospital elsewhere in the Ohio Valley to undergo surgery by a specialist. Never in my life have I seen a hospital so poorly run. Visiting hours are from 11 a.m. to 8 p.m. Anyone very sick had no time to rest. Televisions were always loud and visitors would try to out-talk them. The administration did not at anytime try to correct this situation or limit any visitors.

Nursing care was next to none. I didn't see a nurse unless I had a medication. Nurses aides took temperatures. Nurses would give orderlies and aides orders over the intercom system. This could be heard in all the rooms, day or night.

I would never want the standards of the East Liverpool City Hospital to drop to this level. Again I say I am very proud of our hospital, and the communities served by East Liverpool City Hospital are very lucky because the nursing care is very excellent and the supervision and administration are very efficient.

## Electoral Reform

For something like 165 years members of Congress and others have been trying to find a better way to elect presidents. Only once have these efforts succeeded in amending the Constitution—in 1804 when Amendment 12 was added.

The issue emerged again after last November's election of Richard Nixon. The grave constitutional crisis that was threatened by the candidacy of George Wallace has alerted Congress to the desirability of some fundamental change. A senate subcommittee headed by Sen. Birch Bayh, D.-Ind., and the House Judiciary Committee chaired by Rep. Emanuel Celler, D-N.Y., has held exhaustive hearings.

**AT THE MOMENT** there are few who will predict that any one of the three major plans will be adopted by the necessary two-thirds in each house. All that seems possible is an amendment correcting some of the minor defects in the present system. A hopeless deadlock seems to prevail among the three major proposals: The popular election plan, the district plan and the proportional plan. Support convictions of its sponsors and the constituencies which they represent.

And there are some who would keep the system as it is, with a few minor changes, because they believe that any of the plans would meet difficulties, some of which are now unforeseen.

I feel that despite its number of sponsors its in the Senate the support of leaders in the House anc the public opinion polls, direct popular elections would present grave matters of principle and practice.

The most important of the objections to a popular election concerns its possible effect upon the federal system with divided powers—the federal government on the one hand and the states on the other. It is on this division of power and responsibility that the nation's safety and the people's liberty depend.

A president should not merely be concerned with people but also with the various areas in which the people manage their own special affairs.

On the practical side, there are even more grave objections to popular election. Under the present constitutional system, the states determine voter qualifications and operate the election machinery.

Is it intended that all state laws governing the qualifications and the operation of elections be taken over by the government in Washington? Or is it to be a system under which there will be two sets of qualifications and two sets of machinery to conduct elections?

Under the former plan the states and counties and other local subdivisions would ultimately be absorbed in a vast national regime. If there are to be two sets of qualifications, utter confusion would ensue, for some people would be voting for president and some would be voting for governors and sheriffs.

And a dual system of administration would not only be more expensive but, in actual management at the polls, utterly confusing.

Moreoever, some of the plans for popular election provide for a run-off election in case no candidate gets a majority in the regular polling. (Some would provide for such a run-off in case no one gets 40 per cent.) Consider the strain on candidates in such a run-off.

**IN MOST INSTANCES** by November they will have been campaigning for nine months. Then with a run-off, two more months would be required. Consider the expense to the party and candidates' organizations.

And, unless the inauguration were moved forward—to, say, March 4— the successful candidate would have little or no time to organize his administration. It is bad enough as it is. The Nixon people have found that out.

If we are to have a fundamental change, the district system is best. But at the moment that seems to have only limited support. And so we shall probably go muddling along as before.

## Through The Years

**THIRTY YEARS AGO** — Plans for reorganization of a board of trade at Chester were discussed during a meeting in City Hall, with E. V. Wehner acting chairman.

Robert G. Stewart of the Lincoln Highway, near Chester, was appointed to the Hancock County board of education, succeeding George Kimble who resigned.

**TWENTY YEARS AGO** — Recognition was given Columbiana County's rural health program in "Ohio's Health," published by the Ohio Department of Health.

Mrs. Albert Kinney was elected president of Fidelis Class of the First Methodist Church.

The Rev. and Mrs. Chalmers Browne, formerly of Salineville, discussed their missionary work and experiences in China at a meeting of the Women's Missionary Society of the Wellsville First Presbyterian Church.

**TEN YEARS AGO** — Three men escaped injury when their clothing ignited during a fire which caused damage estimated at $12,000 at the Paramount Service Station on Dresden Ave.

Mrs. Linda Standley was elected president of the WSCS of the Pennsylvania Ave. Methodist Church.

The first and second degrees were conferred on Mrs. Lee Hensen by the Calcutta Grange.

Once Thought Impregnable

# Assembly Hits Colleges

By JOHN R. THOMAS
Review Staff Correspondent

COLUMBUS, Ohio — Following an early administration lead, Republicans in both houses of the legislature are mounting an attack on what once was thought to be the impregnable state higher education system.

And it's not just skittish rural lawmakers who are threatening to crack down on more than one aspect of campus life, although they are included in the forefront of the attack: there are many big city legislators who have taken the administration's lead in questioning the usually assumed inviolate position of higher education.

**A Concerted Effort**

It's not the first time that higher education has been taken to task for some of its practices, but this year, say veteran legislators, there seems to be a more concerted effort to settle once and for all the question of the proper relationship between the legislature and the universities.

Among the items now pending in the legislature is a House bill, sponsored by two-term State Rep. George V. Voinovich, R-Cleveland, which would deny readmission to any state university for students convicted of participating in disruptive acts.

Even more stringent is a Senate bill, sponsored by two rural state senators, Harry Armstrong, R-Logan, and James K. Leedy, R-Wooster, that would provide immediate suspension — without the right of hearing — of students and faculty members who are "committing or intend to commit any act likely to interfere with the orderly pursuit of educational programs."

**The Faculty**

Aimed strictly at faculty members is a House bill sponsored by State Reps. Mark C. Schinnerer, R-Lakewood, and Fred B. Hadley, R-Pioneer, that would require instructors and professors to work a 40-hour week, including a minimum of 15 hours in the classroom.

Schinnerer, chairman of the House Education Committee and former Cleveland city school superintendent, is also a cosponsor on the Voinovich bill.

At the first, the Schinnerer-Hadley legislation was considered to be a scare bill, but both maintain they will follow through with the legislation.

**Regents Report**

Whether by coincidence or chance, the bill was introduced just one day before the Board of Regents issued a report that pointed out, among other things, that on the average, university professors, like other professionals, work in excess of 40 hours and likely put in 60 or more hours a week.

Regents Chancellor John D. Millett will testify — neither as opponent nor proponent — Tuesday night before the Education Committee at the first hearing on the 40-hour work-week bill. Millett merely will explain in detail the findings of that report, Schinnerer said.

**The Governor**

The seeds for the antiuniversity feeling was started late last year when Gov. James A. Rhodes in his "Solutions for the 20s" suggested several far-sweeping changes in the higher education system.

The reaction from the universities — their presidents, students and faculties — was prompt and predictable. They were against such measures as divorcing the branch facilities from the main campus operations, university emphasis on technical university and redesignated titles for existing campuses.

**Backlash Develops**

Like Rhodes, however, the university people carried their criticism too far and a backlash among the legislators developed.

For example, when Schinnerer and Hadley introduced their bill, they said one of the reasons for the legislation was that if the professors had so much time to criticize the administration, they must not have enough work to keep them busy.

The two lawmakers modified their position somewhat last week when they said the intent of the bill is to "movet eaching to the top in priority."

**The Students**

Campus disorders, of course, have made ready ammunition for those sponsors of legislation designed to crackdown on campus dissent.

Voinovich and Armstrong both claim that the "campus law and order bill" which was enacted during the last session of the legislature is not working and is not uniformly enforced.

That bill required that boards of trustees formulate codes of conduct to guide students relative to demonstrations and other forms of dissent.

**'Codes Don't Work'**

"The codes haven't worked," Armstrong said. "It's obvious we need something stronger," he said, adding that he thinks the bill will meet with success in the legislature.

Armed with what he called the "minutes of the last Students for a Democratic Society (SDS) meeting at Ohio State University," Voinovich says he's waiting for replies from all state universities regarding their codes of conduct before moving.

He's convinced, however, that the codes aren't working and that it is a function of state government to set uniform regulations for student life.

**Money**

A lot of the concern by the legislature boils down to money, claims James M. Furman, executive officer for the board of regents.

"When you consider that four years ago the universities had an appropriation of $177 million, and the proposed amount for the next biennium is $528 million, you can understand why there is increased interest," Furman said.

**A Closer Look**

"As you make more demands for money, the disposition of the legislature is to look more closely at the university operation."

As for the codes of conduct, the executive officer said there hasn't been sufficient time to see if they are workable and, "until proved to the contrary, we don't need this type of legislation."

Meanwhile, students on the campuses are determined they can play a larger role in the university-administration relationship. They are taking credit, probably-deserved, for halting the governor's plan to hike student fees and keeping the current branch-university relationship intact.

**Protest Launched**

"We have to criticize Gov. Rhodes and the state legislature," the Daily Kent Stater told its readers a couple of weeks ago. "We have to protest, write letters, convince those who determine the amount of money allocated to each university. . .that students will no longer accept being the 43rd state in terms of money spent for higher education."

The Ohio State Lantern, taking the side of the professors in the 40-hour work-week battle, noted last week that it wouldn't be a bad idea if the legislators started punching a clock themselves.

The $12,750 annual salary for most legislators, the paper noted, is on a par with the salaries of some instructors.

# If You Want Firm Fence, Sink The Posts Properly

No matter what kind of fence you plan — picket, rail, board or what have you — its ability to stand up over the years is determined by how well you install the fence posts.

If you plan the fence as something utilitarian, to keep animals or people out or in, well-installed posts will keep it strong. If the fence is there for purely esthetic reasons, you should still do as good a job as possible in putting up posts because there is nothing esthetic about a sagging fence.

—:—

**POSTS** should be absolutely vertical, should be level and should be in line. And even though they may start out that way they may not remain so if they are not properly anchored.

Providing good drainage will keep the post from rotting. A good method is putting a bed of gravel at the bottom of the hole. For absolute steadiness, next pour concrete into the hole, leveling it off slightly higher than the surrounding ground level.

To prevent heaving in areas where freezing and thawing are severe, try making the concrete fill wider at the bottom than at the top.

Another method is to nail a wooden crosspiece to the base of the post. This will anchor it firmly in the concrete.

Once end or corner posts are in place stretch a line from the outside of one to the outside of the other. Then drive stakes inside that line to line up the posts in between.

—:—

**THE FENCE** will look better if the top is level regardless of minor changes in the slope of the ground. Since it is nearly impossible to get all posts just the same height, make them taller than needed, then trim them once they are up. Trim the corner post to the right height first, then stretch a line to the other corner and hang a line level on it. Mark the posts and trim accordingly.

If the ground slopes sharply do not attempt to level posts. Instead build the fence in steps with the posts within each step level with each other.

An improperly set post will heave with the change of seasons and temperatures. Also the weight of the fence must be considered.

—:—

**INSTALL** corner or end posts first. Dig a hole deep enough and wide enough. The rule of thumb for depth is one-third the total length of the post. In width make it about three times the width of the post. That will leave room for a good job of compacting or for filling with concrete.

Use rot - resistant wood such as cedar, cypress or redwood. Treat the end to be buried with a chemical wood preservative. Best method for application is soaking. You may be able to buy posts that are already treated.

Size 4-by-4 lumber is preferred for fence posts.

Check the post frequently with a level to make certain it is vertical as you set it in place and tamp earth around it. If it is difficult to get it vertical use temporary braces. Drive stakes in the ground on two sides several feet away. Then nail a brace from post to stake after you have that side checked with a level.

# Good Tools, Top Work Still Go Hand In Hand

By ANDY LANG
AP Newsfeatures

How trite to say that a worker is only as good as the tools he uses. But how true!

In selecting the proper tools for a home workshop, quality should be a vital consideration. It isn't necessary to get the best (unless you can afford it), but it is absolutely essential that you avoid the poorly made, unusually inexpensive tools, some of which almost fall into the toy category.

It isn't only that they are less durable, they don't perform well right from the start. And unless you have had previous experience with good tools, you don't know the difference and often place the blame for poor workmanship on yourself rather than bad equipment.

The big loss, in that event, is more than just the failure to get a good result. It's your inability to obtain some pleasure from what you are doing, a lack that makes a disagreeable chore out of every project.

—:—

**AS FOR** the kind of tools to choose, this depends to a large degree on the type of work you will be doing.

Entirely aside from the tools that belong in any home—hammer, screwdriver, pliers, etc.—it is necessary to pick tools which do the best job for you, not your neighbor. Too often a man will purchase a power tool he has admired in someone else's basement, only to find later that it doesn't quite fill the bill for him.

A table saw or a radial saw is a must if you cut a lot of wood, especially if you build things like cabinets. A bandsaw is excellent for cutting curves in heavy stock. A jigsaw does the same with lighter materials.

A lathe, which requires more skill than most other power tools, is a necessity for making furniture legs, spindles, wooden bowls, lamp bases and so on. A drill press, can be used form many other things besides making holes, including sanding, cleaning, buffing and mortising.

The difference is that the drill press is a heavy duty tool with more practical versatility. The other difference is that the work must be brought to the drill press, whereas you can bring the portable drill to the work.

—:—

**THERE ARE** many other kinds of power tools, among them sanders, shapers and grinders. In purchasing these tools, as well as those previously mentioned, be sure you know exactly what is included in the quoted price.

Some prices, for instance, include the motor, some don't. When buying a motor separately, get the size recommended by the manufacturer. A too - small motor will run hot and not last too long. A too - large one is a waste of money, among other drawbacks.

Where space is at a minimum and you still feel the need for several power tools, consider the possibility of buying one of the multi - purpose machines.

Most of these combine half a dozen or more electric tools in a single unit, powereed by one motor. In making a selection among them, be sure that the principal tool of the combination is one that you will utilize often.

In one such unit, for example, the main tool is a table saw; in another, a lathe, and in still another, a drill press.

One other point: don't stock up on varnishes, shellacs, paints and other finishing materials. Buy what you need when you need it.

Sounds like needless advice, doesn't it? But many persons purchase such materials, usually when they're on sale, because they feel they'll have a use for them later. When later arrives, they find they need more or less than they have or they use what's on hand even if it isn't exactly what they want.

## Tips Are Offered To Make Living More Enjoyable

AP Newsfeatures

Question: In straining old paint to get out tiny lumps, what's the best material to use?

Answer: Cheesecloth is excellent for this purpose. So is an old nylon stocking.

—:—

**QUESTION:** I know that oakum is used for caulking cracks around the outside of a house. But why is it used? Isn't regular caulking compound the proper material for that?

Answer: Caulking compound is for filling most openings. But when an opening is fairly large—over ¼ inch, for instance—it is better to fill most of the crack with oakum, a kind of treated rope, then complete the job with compound.

—:—

**QUESTION:** There are a few squeaks coming from certain boards on our living room floor when they are walked on. I have been told that the squeaks can be halted by filling the cracks between the boards with dissolved soap. Is this true?

Answer: In some cases, it works. But it's a bad practice, because the moisture from the soap can cause later warpage. It's safer to use talcum powder or powdered graphite. Whatever you use, this is only a temporary remedy. The only way to halt squeaks in a floor is to stop loose boards from rubbing against each other, which is another and longer story.

—:—

**QUESTION:** We have decided to paint the wooden shakes on the sides of our house. Is there any particular kind of paint to use?

Answer: Get one of the specially formulated paints designed for use on this kind of surface. Regardless of the brand, the can label will say something like "shake and shingle paint."

# More Studies Scheduled On East End Run

The U.S. Corps of Engineers at Pittsburgh, acting on a preliminary survey of the East End Run Feb. 10, has recommended to its Washington office that more studies be made on the little stream "to establish the feasibility of a flood protection project from the standpoints of engineering and economics."

The latest development in a renewed effort to obtain federal aid for controlling the run was reported to Mayor George E. Willshaw by Rep. Wayne L. Hays, 18th District congressmen, who enclosed a report from the engineer's office.

The Pittsburgh District office said in a letter it has recommended to the Office of the Chief of Engineers that it "provide funds and authorization to prepare a reconnaissance report on the flood problem."

The preliminary study last month "indicated flood problems of sufficient magnitude in the vicinity of the East End to warrant a reconnaissance study," the Pittsburgh office said. The inspection was made in conjunction with city officials.

The reconnaissance study would result in "preparation of a detailed project report," the Pittsburgh office said.

The mayor wrote to the congressman several weeks ago, citing the condition of the run and the frequent flooding which results in heavy rains. The congressman then wrote to the Corps of Engineers asking that a study be made. The corps has not indicated how it would attempt to correct the flooding —whether by enclosing the stream, deepening the channel or diverting its course along a shorter path to the Ohio River.

Two main branches comprise the stream, one entering the city limits near the old car barn and the other flowing into the municipality at Park Way, near Pennsylvania Ave. The two branches join in lower East End and then flow to a outfall near Ralstons Crossing on the River Rd.

# 16 Are Treated At Hospital After District Emergencies

A city resident hurt while playing basketball Sunday was admitted to City Hospital, where 15 others were treated.

Laird Guy of 1852 Smithfield St. was "fair" today with a twisted right ankle.

Treated Sunday were Valene Birkhimer, daughter of Richard Birkhimer of New Cumberland RD 1, a contusion of the right side of the forehead in a fall at home; Abe McKinnon of Moore St., a fractured right hand in a fall at home.

Elson Davis of 905 Monticillo Pl., an employe of the J. C. Penney Co., a laceration of the forehead on a table bracket at work; Michael Youst, son of Frank Youst of 1015 Bradshaw Ave., a laceration of the scalp in a fall against a bed.

Jolynn Fitch, daughter of Verna Fitch of Dixonville, a contusion of the right elbow in a mishap; Bruce Scott, son of Lowell Scott of 632 Inez Ave., a laceration of the head in a fall on a rock.

Mrs. Robert Fizer of Fisher Dr., a fractured right wrist in a fall while roller skating; Michael Landis, son of Richard Landis of Bluff St., a possible fracture of the left hand in a fall at home; Jackie Brown, son of Jack Brown of Salineville RD 3, a laceration of the left hand when it went through a storm door.

Jackie Dunevy, son of Harry Dunlevy of 310½ Grant St., Newell, a puncture wound of the left hand on a nail; Mrs. Carl Murray of Minerva RD 2, a dislocation of the right shoulder in a fall down steps at church.

Treated Saturday were Gregory Logan, son of Robert Logan of 1009 May St., a laceration of the forehead on a rock; Eric Grimm of Glenn St., an employe of the Homer Laughlin China Co., a laceration of the left index finger on a board at work.

Mrs. Earl Talbot of 515 Harrison St., Newell, a fishhook in the left right finger; Margaret Powell of 1232 Oakwood Ave., a fractured left ankle in a fall at home.

Robert Higgins, son of William Higgins of Chester RD 1, contusions of the left leg when a tractor turned over.

# Crash Hurts 4 In Family

Four members of an Alliance family were treated at City Hospital following a two-car accident on Route 30, two and a half miles west of Route 7, Sunday at 12:50 p.m.

Injured were Robert Ward, 40, of 1596 Alton Ave., Alliance, his wife, Mildred Ward, 41, and their sons Christopher, 8, and Robert Ward Jr., 17.

The Ohio Highway Patrol at Lisbon said two unidentified autos and a car operated by Patrick E. Simone, 59, of Cleveland were westbound on Route 30.

The second unidentified vehicle and Simone started to pass the first car. Simone then saw Ward's eastbound 1962 coupe approaching and braked his auto, swerving behind the first car. His car went off the right side of the road, but back on and went left of center, colliding with the Ward auto.

Ward suffered contusions of the back, Mrs. Ward received lacerations of the forehead and a injury to the chest and left ankle, Robert Ward Jr. received abrasions of the legs and Christopher Ward received lacerations of the forehead and nose.

All were taken from City Hospital to Alliance by Lynn Ambulance, where Mrs. Ward was in "fair" condition today.

Simone was cited for driving left of center. Both autos received moderate damage.

No one was injured in a two-car accident on Anderson Blvd. about a half-mile east of Parkway Ave. Saturday at 1:40 p. m.

Sheryl Lynn Blaner, 20, of Anderson Bvd., backed a 1961 coach from a private drive into the path of a station wagon driven by Alan R. Shaffer, 17, of 935 St. Clair Ave.

The Blaner woman was cited for failure to yield the right-of-way.

## School Bus Drivers' Safety Course Slated

A basic course in safety for Columbiana County school bus drivers will begin tonight at 8 at West Point school. Approximately 16 new drivers from local, village and city districts are enrolled.

cavalrymen heavy losses in two border clashes. Another American ambush patrol suffered serious losses when Viet Cong troops outmaneuvered it and sprung their own ambush.

The South Vietnamese paratrooper battalion reported 14 of its men killed and 80 wounded in a savage fight 54 miles northwest of Saigon and three miles from the Cambodian border. American bombers finally drove off the enemy force, but enemy casualties were not known.

About 20 miles to the south, every U.S. air cavalryman in a 40-man platoon was killed or wounded when an estimated 400 troops from the Viet Cong 9th Division ran into the platoon as it was checking the Cambodian border for infiltrators. American reinforcements poured into the battle, but 14 U.S. troops were killed and 31 were wounded. At least 37 of the enemy were killed, the U.S. Command said.

# *Firemen Blame Carelessness In 2 Brush Blazes*

Carelessness was blamed in two recent brush fires extinguished by members of the Calcutta Volunteer Fire Department.

Capt. Robert White pointed out that both were started from burning papers and trash without permits which are now required.

The first occurred at the Cartwright property on the Smiths Ferry Rd., east of Hoppels Corners, White said, when a trash fire went out of control burning two acres.

Eleven men from the department and two trucks were used.

The second resulted when burning papers begun a fire which swept a half-acre field behind the Sohio Service Staiton on Route 170. Brooms were used to quell the blaze in each case.

Two trucks and 12 firemen responded.

White said permits may be obtained from him.

Other duties included flushing hydrants and checking the area in connection with fire prevention and burning off a roadside bank along the St. Clair Plaza on Route 170 under the supervision of White, Kenny Schneidmiller, Paul Knox and Dave Hall, firemen, wih Randy White, William Stone and Robert Crow, junior firemen, assisting.

The Cooperative Extension Service is a branch of the Ohio State University College of Agriculture and Home Economics.

## 4 Firemen Treated In Blaze At Aliquippa

ALIQUIPPA — Four firemen were treated at Aliquippa Hospital Sunday morning after battling flames at the Thrift Drug Store at 453 Franklin Ave.

None was hurt seriously. A passer-by reported the fire at 5:10 Sunday morning when a plate galss window blew out of the building.

Firemen said the building was an inferno when they arrived on the scene and said heavy smoke and poisonous fumes from the drugs hampered attempts to extinguish the fire. Damage was estimated at $50,000.

The cause of the blaze is under investigation.

# More Studies Scheduled On East End Run

The U.S. Corps of Engineers at Pittsburgh, acting on a preliminary survey of the East End Run Feb. 10, has recommended to its Washington office that more studies be made on the little stream "to establish the feasibility of a flood protection project from the standpoints of engineering and economics."

The latest development in a renewed effort to obtain federal aid for controlling the run was reported to Mayor George E. Willshaw by Rep. Wayne L. Hays, 18th District congressmen, who enclosed a report from the engineer's office.

The Pittsburgh District office said in a letter it has recommended to the Office of the Chief of Engineers that it "provide funds and authorization to prepare a reconnaissance report on the flood problem."

The preliminary study last month "indicated flood problems of sufficient magnitude in the vicinity of the East End to warrant a reconnaissance study," the Pittsburgh office said. The inspection was made in conjunction with city officials.

The reconnaissance study would result in "preparation of a detailed project report," the Pittsburgh office said.

The mayor wrote to the congressman several weeks ago, citing the condition of the run and the frequent flooding which results in heavy rains. The congressman then wrote to the Corps of Engineers asking that a study be made. The corps has not indicated how it would attempt to correct the flooding —whether by enclosing the stream, deepening the channel or diverting its course along a shorter path to the Ohio River.

Two main branches comprise the stream, one entering the city limits near the old car barn and the other flowing into the municipality at Park Way, near Pennsylvania Ave. The two branches join in lower East End and then flow to a outfall near Ralstons Crossing on the River Rd.

# 'Black Lung' Bill Hikes Compensation Benefits

CHARLESTON, W. Va. (AP) —Intense interest in what a bill passed by the West Virginia Legislature will do for "black lung" victims all but hid the fact that it provdies increases generally in workmen's compensation benefit awards made on or after July 1.

The act establishes specific terms under which coal miners and other victims of occupational pneumoconiosis, "black lung", may qualify for benefits.

For purposes of benefits, pneumoconiosis and other occupational diseases qualify for the same payments as on-the-job injuries.

The act, like the law heretofore, bases benefits for total disability on 66 2/3 per cent of the claimant's average weekly wage. However, the law until now has placed a flat ceiling of $4 on weekly benefits.

—:—

THE new legislation raises the minimum weekly benefit from $24 to $26 and changes the maximum from a flat dollar amount to a percentage of the average weekly wage in the state. The effect will be to raise the maximum to about $55 July 1 this year and to about $62 starting July 1, 1970.

This will come about under a provision of the bill which pegs the maximum weekly benefit at 45 per cent of the average West Virginia wage the first year the legislation is in effect and at 50 per cent of the average state wage starting July 1, 1970.

For temporary total disability, benefits may be drawn under the act for up to 208 weeks.

Benefits may be drawn for life for a disability of 85 per cent or more rated as permanent. For a permanent disability of less than 85 per cent, the duration is based on four weeks of compensation for each per cent of disability.

—:—

ALSO provided in the act are increases from $500 to $750 in the award for funeral expenses of a worker who dies from an occupational injury or disease; from $90 to $110 in the monthly widow's benefit, and from $25 to $35 in the additional monthly amount for each child under 18.

Fnial passage of the bill came in the Senate at 11:51 o'clock Saturday night, nine minutes before the constitutionally decreed midnight end of the legislature's 60-day regular session.

The lawmakers reconvened here today, but this was an extended session restricted exclusively to passing the state budget for the next fiscal year.

The compensation-black lung bill as finally passed was a conference committee compromise between earlier Senate and House versions.

The original House version was much less stringent than the Senate's in requiring medical evidence to support claims for benefits for black lung. The final bill seems somewhat closer to the House version than to the Senate's but it incorporates some Senate views on bolstering requirements for medical evidence.

As to increasing the scale of compensation benefits, the final bill adopted the Senate version, which was the more liberal of the two in this respect.

# 448 Attend 'Day Aparts'

Some 448 attended the two "Spiritual Day Apart" meetings sponsored by the Women's Society of Christian Service of the Steubenville District.

There were 230 present Wednesday at the East Rochester Church, where Mrs. Robert Boord, society president, extended the welcome.

In keeping with the theme "Instruments of Thy Peace" and consideration of the "Prayer Of St. Francis Of Assisi," the women received name tags in the form of white doves. The worship center featured a jonquil arrangement centered with a figure of St. Francis. Handmade table centerpieces were given to several guests.

Mrs. Kenneth Palmer was organist and Mrs. Leroy Harsh and Mrs. Robert Zaugg soloists. Mrs. K. W. Spahr, district treasurer, dedicated the offering.

Forty-seven women from East Liverpool and Wellsville went by chartered bus Thursday to the Harmony United Methodist Church at Mingo Junction, where 218 attended. Mrs. Robert Risinger had charge of reservations.

Mrs. Enzio Wade, wife of the minister, gave the welcome. Selections were presented by the church choir and Mrs. William Buel sang. Mrs. James Moody, society president, dedicated the offering.

Mrs. Harry Laber of East Palestine, district chairman of spiritual growth, arranged the events, presided and introduced the theme and purpose of the day.

At both sessions, Miss Eleanor Haudenschield of Antioch, conference chairman of spiritual growth, presented the meditations and directed the "quiet time."

The meetings concluded with a consideration of the prayer used by John Wesley at his first covenant service in 1755.

Mrs. Francis H. Lang, district president, gave the benediction at both sessions.

## If You Borrow, You Might As Well Lend

NEW DELHI (AP) — Neither a borrower nor a lender be. But if you do borrow, you might as well lend a little.

Following this policy, India advanced more than rupees 400 million (over $55.5 million) as loans to other countries between 1950 and 1967.

The largest recipient has been Burma, which accounts for almost half the amount. Other countries are Afghanistan, Sikkim, Bhutan, Nepal, Ceylon and Indonesia.

## *Southern Local Selects Winners Of Bee Contests*

Bonnie Blazer and Mary Besse Carter were top winners in the Southern Local School District spelling bee finals last week at Salineville.

Bonnie, daughter of Mrs. Ruth Blazer of Wellsville RD, finished first in the fifth- and sixth-grade contest and Mary Besse, daughter of Mr. and Mrs. Robert Carter of Salineville, was the seventh- and eighth-grade winner.

Patricia Boyd, daughter of Mr. and Mrs. Walter Boyd of Wellsville RD, was second in the younger group and Debbie Clark, daughter of Mr. and Mrs. Robert Clark of Salineville, was runnerup in the older group.

Other seventh- and eighth-grade winners, in order of rank, were Jane Hanley, Melody Hart, Cathy Hull, Verna Jones, Bill Ramsey, Kendra Rose, Kathy Skinner and Linda Thorp. Patty McVay and Linda Hutson were named alternates.

Winners in the sixth- and fifth-grade contest included Paul Devitt, Lisa Corbisello, Twinkle Faloba, Roland Flory, Michael Marmo, Kim Profitt, Margaret Wargo and Cindy Wells. Alternates chosen were Crystal Beadnell and Kathy Wargo.

The district contest will be held at the Franklin School Thursday.

Peter Marra was pronouncer. Judges were Mrs. Janet Kevan, Mrs. Donna Hogue and Mrs. Audrey Dangelo.

## Woman Hospitalized In Accident At Lot

LISBON — Helen Lewis, 36, of Salem MC 24 is confined to Salem City Hospital with a possible fracture of the right leg received early today in a traffic accident in the Jackson Restaurant parking lot on Route 14.

Sheriff's Deputy Dave Brothers said the accident occurred about 2 a.m. and involved a parked car owned by Shirley Ryan of Salem and a car operated by Dave Van Camp of Alliance.

The woman was stepping from the right front door of the parked car, Brothers said, when the Van Camp car, backing into an open parking place, knocked the door against her leg. There was no citation.

Trading Stamp Cost Assailed At Probe

WASHINGTON (UPI)—A congressman today accused the Federal Trade Commission (FTC) of possible malfeasance for not regulating trading stamps which cost the nation's housewives $1 billion a year.

The lawmaker, Rep. Lester L. Wolff, New York Democrat, said that without the cost of stamps, every American family could have the equivalent of one week's groceries free each year. He noted that the stamps add 2 per cent to the average family's food bill.

Mr. Wolff criticized the trading stamp practice as the FTC opened hearings on gasoline and supermarket giveaway games. He said there was a parallel between those games and the stamps.

Mr. Wolff said he did not want to eliminate the trading stamps — "just make them honest."

The commission opened the first round of public hearings on rules it proposed Jan. 5 to regulate "sweepstakes" and other games. The commission has found that such games sometimes involve unfair and deceptive practices.

A staff study concluded few larger prizes were awarded to the millions of Americans playing the games once the original opening promotion had induced large numbers to participate.

# Nixon's Plans For 'Thin' ABM May Cut Opposition

By ROBERT WALKER
Associated Press Writer

WASHINGTON (AP) — An expected move by President Nixon to scale down plans for the Sentinel program may lessen opposition to the antimissile defense system, especially in Congress.

Nixon studied the controversial antiballistic missile program over the weekend in Florida and is scheduled to announce a decision early this week to employ a modified "thin" system with perhaps fewer missile sites than originally planned and further away from major population centers.

Senate Democratic Leader Mike Mansfield said in an interview that a cutback in the proposed number of missile sites "will satisfy some people" in Congress who are worried about the cost of the proposed ABM program.

Critics fear the system once started will grow both in cost and intent from one originally estimated at $5 billion to protect against Chinese Communist rockets to a $40 billion system geared against the Soviet Union. They see this as a major escalation of the arms race.

Even supporters of the Sentinel admit the high cost, that it would take three years to build and would be capable of intercepting only small numbers of unsophisticated intercontinental ballistic missiles.

Mansfield is one of a powerful group of senators, which includes Edward M. Kennedy, D-Mass., and J. W. Fulbright, D-Ark. who have been fighting immediate deployment of the Sentinel missile system.

An Associated Press poll over the weekend showed 47 senators opposing funds this year for Sentinel sites, 24 in favor of going ahead with the work and 29 undecided.

Last year only 34 senators voted to delay deployment of the system and that was the 1968 high water mark for opponents.

Nixon is expected to call for resumption of work on the system which started under the Johnson administration and was frozen last month amid controversy over its cost, effectiveness, danger to cities and effect on possible disarmament talks.

The administration has indicated it wants to proceed with a revamped version which could be used for bargaining purposes in expected arms limitation talks with the Soviet Union.

The hope is that such a modified system would also be cheap enough to placate Sentinel cost critics and yet satisfy demands from the military and others for some sort of protection against possible Chinese attacks.

It's also expected that proposed missile sites for the nuclear-tipped Spartan interceptors will be moved as much as 30 miles from major population centers. Location of the sites near cities had drawn criticism from citizens who feared accidental explosions or that the areas would become a targets for Soviet weapons.

Some 15 locations had been selected tentatively as missile sites at the time of the freeze, but work had started on only one, near Boston.

Even advocates of the system have been urging Nixon to cut back on deployment to about six sites in order to ease opposition.

Sen. Milton R. Young, R-N.D., told an interviewer over the weekend that he had urged Nixon to cut back on the program because it "would be easier" to sell.

While cutting down the number of sites will satisfy some critics, Mansfield said, he indicated he still has serious reservations.

"I want to see research and development continued on it as a measure for national defense," he said, but he questions the high cost of deployment with no proof it will work.

"And I believe that a decision to deploy the Sentinel will have an adverse effect on President Nixon's announced intentions of getting disarmament negotiations under way with the Soviets," the Montana Democrat added.

As chairman of the Senate Appropriations subcommittee on military construction, Mansfield will have an influential voice in deciding whether funds are provided for Sentinel sites.

# Fine Is Slapped On Teemer In Income Tax Evasion Case

Charles F. Teemer of Hollywood, Fla., who amassed a fortune as head of the notorious "Strip" on U.S. Rt. 30 in north Hancock County for more than a decade, was fined $20,000 in U.S. District Court at Fairmont, W. Va., Friday after pleading no contest on two of three charges of income tax evasion.

He was charged with $110,000 in tax dodging.

Teemer, shortly after World War II, started Club 30 and later the Jockey Club.

He was represented in court by Howard Caplan of Clarksburg and Frank A. Pietranton of Weirton. The government was represented by John Kamlowski, district attorney, of Wheeling.

Teemer pleaded not guilty to one count and no contest to two other counts.

He was fined $10,000 on each of the latter counts by Judge Sidney L. Christie.

Judge Christie said he was not imposing sentence because of Teemer's age, 69.

Teemer said he had retired from the "Strip" in 1964 and has been living since then in Hollywood.

He was arested last April for tax dodging and was indicted in November.

The government charged he had failed to pay $110,000 on income earned for the years 1961, 1962 and 1963.

The government charged Teemer had a gross income of $440,000 for the three years.

The indictment listed the following figures as representing Teemer's true income and the taxes due thereon: 1961, $150,708.03, $93,103.68; 1962 — $178,061.26, $115,513.20, and 1963 — $120,262.67, $68,915.05.

During those three years, Teemer's own income tax returns showed the following income and taxes paid:

1961 — $122,064.62, $70.350.43; 1962 — $106,044.40, $58,154.84, and 1963, $77,276.52, $37,670.97.

# *Ohio Traffic Mishaps Fatal To 19 More*

By The Associated Press

Ohio's weekend traffic toll—bolstered by a pair of double fatality accidents — climbed steadily Saturday and Sunday, reaching a total of 19.

Only one death was reported Friday night, but 10 Saturday and eight Sunday brought the toll within one of the previous weekend's, which was the highest of the year.

The weekend period began at 6 p.m. Friday and ended Sunday at midnight.

Deaths Saturday included:

Kay James Anderson 45, Kent, and Theodore Estep, 64, Napoleon, died in a car-truck collision near Napoleon.

Robert E. Kelham. 51, Swanton, died when he lost control of his auto and it crashed near Toledo.

Edward Grim, 45, Cleveland, was killed when the car he was riding in hit a truck in Cleveland.

George Kunz, Cincinnati, died in a two-car collision near Cincinnati.

**Sunday**

Ronald L. Carr, 28, Route 1, Rome, was killed in a one-car accident near Jefferson.

Larry Drake, 17, Warsaw, was killed in a one-car crash west of Coshocton.

Mrs. Virginia C. Keithley, 29, of Kent, was killed when she lost control of her car on a curve and it struck a tree on Ravenna Road thee miles west of Kent. She was the wife of Kent Safety Director Frederic W. Keithley.

James Jay, 18, of Middleburg Heights, died of head injuries suffered about 12 hours earlier when his car struck a utility pole in Berea.

Lewis F. Koch, 55, and William A. Koch, 16, Shiloh, killed in a two-car crash at the intersection of U. S. 30 and Ohio 314 in Ontario, Richland County.

Stanley Camden, 53, Richmon, Ind., died after his car rammed the rear of a tractor-trailer rig on U. S. 40 in Preble County just east of the Indiana border.

# *Coal Miners End Walkout*

BECKLEY, W. Va (AP)—West Virginia's 42,000 striking coal miners gave into hunger, cold and reality Sunday but said they'll be back even stronger this summer.

The more than 2,000 delegates from some two-thirds of the state's United Mine Workers union locals grudgingly agreed to end their walkout and return to the mines, but only when Gov. Arch Moore Jr. signs the strong "black lung" compensation bill passed by the legislature late Saturday.

Moore probably will get the bill Tuesday and, even though he has five days to dispose of it, all indications are that he will sign it immediately.

The miners shouted down a motion to end their three-week strike as soon as possible, but the fact that food and coal for heating their homes are in short supply drove them to relent.

But as one miner put it:

"We didn't get what we wanted, but we got something. I say let's go back to work and replenish our coffers. We'll be out on vacation July 1 and we'll keep at it again."

The State legislature, after weeks of haggling over two versions of the bill to liberalize Workman's Compensation benefits for miners with pneumoconiosis, or "black lung," approved the measure just minutes before its mandatory adjournment.

Moore has strongly indicated he will call the lawmakers back into special session in July.

It is then, when they take their annual two-week vacations, that the miners may renew their battle for even stronger legislation.

Sunday's meeting climaxed, but by no means ended, a five-month effort by three West Virginia physicians to educate the miners about the dangers of "black lung" and spark them into action.

# Nixon's Plans For 'Thin' ABM May Cut Opposition

By ROBERT WALKER
Associated Press Writer

WASHINGTON (AP) — An expected move by President Nixon to scale down plans for the Sentinel program may lessen opposition to the antimissile defense system, especially in Congress.

Nixon studied the controversial antiballistic missile program over the weekend in Florida and is scheduled to announce a decision early this week to employ a modified "thin" system with perhaps fewer missile sites than originally planned and further away from major population centers.

Senate Democratic Leader Mike Mansfield said in an interview that a cutback in the proposed number of missile sites "will satisfy some people" in Congress who are worried about the cost of the proposed ABM program.

Critics fear the system once started will grow both in cost and intent from one originally estimated at $5 billion to protect against Chinese Communist rockets to a $40 billion system geared against the Soviet Union. They see this as a major escalation of the arms race.

Even supporters of the Sentinel admit the high cost, that it would take three years to build and would be capable of intercepting only small numbers of unsophisticated intercontinental ballistic missiles.

Mansfield is one of a powerful group of senators, which includes Edward M. Kennedy, D-Mass., and J. W. Fulbright, D-Ark. who have been fighting immediate deployment of the Sentinel missile system.

An Associated Press poll over the weekend showed 47 senators opposing funds this year for Sentinel sites, 24 in favor of going ahead with the work and 29 undecided.

Weekend Theft Series

# Sneak Thief Gets $2,150; Eagles Lodge Burglarized

East Liverpool police are investigating two weekend cases in which a sneak thief took a man's wallet containing $2,150 from a dresser drawer at the YMCA and burglars escaped with approximately $20 and an unknown quantity of whisky from the Eagles Lodge home on Broadway.

John Pritchard, a resident of the YMCA, told officers the wallet containing 21 $100 bills and $50 more in $5's, $10's and $20's was stolen while he was absent from his room for three minutes about noon Saturday.

Pritchard said he concealed the billfold underneath some clothing in the top drawer of his dresser and then went to the bathroom, about 10 feet away, leaving the door of his room unlocked. When he returned three minutes later, the billfold was gone.

Pritchard said the wallet also contained his ddiver's license and the registration paper and title for his auto. He reported the theft to Patrolman Bruce Conkle at headquarters and Patrolman Karl W. Samples made the investigation.

—:—

IN THE entry at the Eagles Lodge, the intruders forced open a coin-operated bowling machine to obtain $10 and also took a small box containing about $10 from underneath the bar. Locked cabinets also were forced open and an unknown quantity of whisky was taken, officers said.

Charles Yeager, the janitor, told police he and two other men left the club about 12:30 a.m. Saturday. When he returned just before noon Saturday, he found someone had broken a door from the hallway into the bar and then forced open the locked cabinets containing the whisky.

Officer Samples said it appeared the thief hid in the building until it was empty, then broke into the bar, obtained a screwdriver from a drawer and pried open the cabinets and the bowling machine.

In leaving, the intruders apparently manipulated the bolts on a door giving access to Apple Alley, the officer said. The door was found open when the entry was discovered.

—:—

THREE MORE thefts and a vandalism incident were reported to police over the weekend.

Correll Smith of Smith St. told police a vandal broke two windows in his 1952 model pickup truck while it was parked in front of his home Saturday night or early Sunday, also cutting the electrical wiring underneath the dashboard.

Everett Wright of Shadyside Ave. reported an unknown person rolled an auto wheel from an adjacent hillside Saturday and the wheel struck the roof of his home, damaging it.

James Wilson of 108 Pink Alley told officers Sunday night a thief entered his garage by breaking a padlock on the door Friday or Saturday and stole tools worth about $65.

Charles Twyford of 612 College St. reported Saturday afternoon four chrome hubcaps were stolen from his 1966 model car while it was parked at his home between 11 p.m. Thursday and on Friday.

# Bucher Goes Before Navy Court Again

CORONADO, Calif. (AP) — For the third time, Cmdr. Lloyd M. Bucher goes before a Navy court of inquiry today for questioning about the capture of his intelligence ship, the USS Pueblo, and imprisonment of his men in North Korea.

torney, also summoned Vice Adm. J. Victor Smith, who helped negotiate the release of Bucher and his 81 men just before Christmas. Smith was a U.N. negotiator on the Korean Armistice Commission.

The calling of witnesses by Bucher's attorney marked the last phase of the inquiry, in its eighth week.

Bucher took up the first week with a detailed narrative of his capture by North Korean gunboats in January 1968 off the coast of Wonsan. He also gave a tearful account of how the North Koreans tortured him.

He took the stand again after the court had finished questioning the crew on the capture. Bucher replied to queries about apparent contradictions between his account and testimony of the crew.

Harvey summoned Cmdr. Peter F. Block to testify Tuesday. Block was Bucher's commanding officer when he served on the submarine Ronquil.

## Group To Study Bylaws Revision

# Man Escapes Injury When Tanker Flips

An Industry man escaped injury when the tanker of his semi-tractor trailer rig overturned on Route 68 at 7:10 this morning.

Daniel Eckstein, 40, driver for the Humble Oil Co. of Midland, said he had just left the plant and was headed for Warren. He told police he didn't know what caused the accident.

The tanker turned over on the west side of the road, spilling 7,600 gallons of gasoline, after it became disconnected with the tractor, which went off the road and over an embankment between the Penn Central tracks and Route 68.

Traffic was rerouted for approximately three hours awaiting the arrival of a wrecker from Pittsburgh. Train traffic was halted because of gasoline which was running under the tracks through a sewer.

Industry firemen and police said they were afraid to move the tanker because of the danger of an explosion. Midland police assisted in rerouting traffic. Marco Ratkovich, Industry policeman, conducted the investigation.

## Hancock Court Sets Ruling On Sheriff's Race

A hearing on a writ of prohibition against further contests in the Hancock County sheriff's race has been set for Friday at 9:15 a. m.

Attorneys for Republican Ralph Patrick filed the action in Hancock County Circuit Court Friday seeking to prevent county commissioners from proceeding with a contest of election which was filed by Frank Pietranton, counsel for Democrat Lou Smoleski. Smoleski was at first declared the winner, but in a contest that went to the West Virginia Supreme Court, Patrick later was placed in office.

Atty. Raymond Hinerman of Pinsky, Mahan, Barnes and Watson filed the write.

In the contest of election filed by Pietranton the county commissioners were asked to reopen ballot boxes in 19 of the 39 precincts on the contention that some ballots were not legally signed and, therefore, were void.

Patrick's attorneys, Frank Cuomo and Richard Barnes, have argued the commissioners lose jurisdiction in the matter 90 days after the election.

Pietranton maintains he filed his contest within the 10-day period following the naming of Patrick as sheriff.

Weekend Theft Series

# Sneak Thief Gets $2,150; Eagles Lodge Burglarized

East Liverpool police are investigating two weekend cases in which a sneak thief took a man's wallet containing $2,150 from a dresser drawer at the YMCA and burglars escaped with approximately $20 and an unknown quantity of whisky from the Eagles Lodge home on Broadway.

John Pritchard, a resident of the YMCA, told officers the wallet containing 21 $100 bills and $50 more in $5's, $10's and $20's was stolen while he was absent from his room for three minutes about noon Saturday.

Pritchard said he concealed the billfold underneath some clothing in the top drawer of his dresser and then went to the bathroom, about 10 feet away, leaving the door of his room unlocked. When he returned three minutes later, the billfold was gone.

Pritchard said the wallet also contained his ddiver's license and the registration paper and title for his auto. He reported the theft to Patrolman Bruce Conkle at headquarters and Patrolman Karl W. Samples made the investigation.

—:—

IN THE entry at the Eagles Lodge, the intruders forced open a coin-operated bowling machine to obtain $10 and also took a small box containing about $10 from underneath the bar. Locked cabinets also were forced open and an unknown quantity of whisky was taken, officers said.

Charles Yeager, the janitor, told police he and two other men left the club about 12:30 a.m. Saturday. When he returned just before noon Saturday, he found someone had broken a door from the hallway into the bar and then forced open the locked cabinets containing the whisky.

Officer Samples said it appeared the thief hid in the building until it was empty, then broke into the bar, obtained a screwdriver from a drawer and pried open the cabinets and the bowling machine.

In leaving, the intruders apparently manipulated the bolts on a door giving access to Apple Alley, the officer said. The door was found open when the entry was discovered.

THREE MORE thefts and a vandalism incident were reported to police over the weekend.

Correll Smith of Smith St. told police a vandal broke two windows in his 1952 model pickup truck while it was parked in front of his home Saturday night or early Sunday, also cutting the electrical wiring underneath the dashboard.

# *Bills Passed And Sent To Gov. Moore*

CHARLESTON, W. Va. (AP) — Passed by the legislature Saturday and sent to Gov. Arch Moore were acts to:

— Make it unlawful for brewers to discriminate as to prices among beer distributors licensed in West Virginia.

— Extend the requirement for state licensing of nursing home to establishments with three or more beds (law has required licensing of homes caring for five or more patients), and require licensing of nursing home administrators.

— Authorize issuance of state regulations, applicable to public buildings erected with any state or local government financing, requiring construction features to make the buildings "accessible to, and functional for, the physically handicapped."

— Authorize counties to establish jail improvement funds wih proceeds of misdemeanor fines and fees turned over to them by justices of the peace and constables.

Prohibit party executive ctommittees or chairmen from naming candidates to fill general election ballot vacancies which exist because no one ran in the primary; change from the 60th day to the 40th day preceding a general election the latest date on which a party chairman may name a replacement to fill a ballot vacancy caused by the death of a nominated candidate.

— Require a raise in state liquor store prices July 1 by sufficient amounts to bring in $1 million for treatment and rehabilitation of alocholics this was a compromise between a Senate version providing $1.4 million and a House version calling for $600,000).

— Make technical changes and correct errors in the act passed by a special legislative session last September authorizing acquisition of the West Virginia Turnpike by the State Road Commission, and add a provision that no proceeds of the $350-million road bond issue authorized by the voters last November may be used in the acquisition.

Services will be held Tuesday at 9:30 a. m. at the church.

# *Hamer Budge Named New Boss Of SEC*

WASHINGTON (AP) — He is called the "Judge" and the title says a lot about the style of Hamer H. Budge, new boss of the Securities and Exchange Commission.

The quiet, closed-mouth, judicial way of doing business used by the 58-year-old former Idaho congressman puts him in sharp contrast to his old friend and predecessor, Manuel F. Cohen, who resigned last month under pressure from President Nixon.

But the new chairman, who was elevated to the job after serving as an SEC member since 1964, says there won't be major changes in the policy of the commission, which was criticized by Nixon during the presidential campaign as "heavy handed."

There are some beans grown in New Zealand which attain a length of more than seven feet.

SPECIAL NOTICE TO CHESTER AREA RESIDENTS

Electric bills in the Chester area may come from one to twenty days early this month because of a change in meter reading procedure by Monongahela Power Company.

The changs in the meter reading system will only affect the first billing under the new procedure. Future bills will then come at approximately the same time every two months.

The last day of discount, under the new system, may vary from two to three days. However, the last day of discount will always be shown on the bill and the discount period will remain the same . . . ten days from billing date.

Under the old system, the time lag between meter reading and billing could accumulate as much as 20 days. Under the new system, a complete meter book will be read in one day and then be forwarded to the company's data processing center.

As a young man, Mr. James was transferred from a steel mill in Monessen, Pa., to the American Sheet & Tinplate Co. in Chester, where he worked for a number of years, before going into the insurance and real estate business.

He served several terms on Chester City Council and was an active member of the First United Presbyterian Church.

In addition to his daughter, he leaves his son, Montgomery James of Santa Monica, and four grandchildren.

He will be buried in St. Petersburg, Wednesday afternoon, with the Palms Mortuary in charge of arrangements.

### Thomas R. Quilter

EAST PALESTINE — Services will be held Tuesday for Thomas R. (Tip) Quilter, 85, of 177 E. Main St., retired City Park manager, who died Saturday following an apparent stroke at his home.

Mr. Quilter was pronounced dead at 1 p.m. at Salem City Hospital.

Born Feb. 18, 1884, near here, he was a son of Matthias and Mary Ann McStay Quilter.

He was appointed manager of the park in 1949 after he retired from the W. S. George Co. pottery. He retired from the park post in 1960 and worked for a short time as a school crossing guard.

He was a life member of the Eagles Lodge, a charter member of the Potters Camp and was a member of Our Lady of Lourdes Catholic Church.

He launched many sports program and was one of the founders of the annual Eagles Christmas party for children.

He was married in 1907 to the former Lillian Murphy, who died in 1915.

Survivors include two daughters, Mrs. Dale Meek of East Palestine and Mrs. Kathleen Smelas of Edison, N. J.; a son, Thomas Quilter II of Gross Pointe Shores, Mich.; nine grandchildren and 19 great-grandchildren.

Services will be held tomorrow morning at 9:30 at the church. Burial will be in St. Mary's Cemetery.

Friends may call tonight at the Oliver-Linsley Funeral Home.

### Mrs. Dora Lounds

Mrs. Dora Lounds, 68, of Cincinnati, a native of Wellsville and widow of William T. Lounds, died of natural causes Sunday evening at home.

She was born Feb. 12, 1901, a daughter of the late James L. and Martha Jane Williamson Kinkade. Her husband was a barber.

Her only survivor is a daughter, Mrs. William (Winnie) Betchar of Cincinnati.

The MacLean Funeral Home in Wellsville is arranging services.

### Mrs. Ruby Simpson

Mrs. Ruby Cooper Simpson, 81, of 1808½ Clark Ave., Wellsville, widow of Herman Simpson, died Saturday at 5:40 p.m. at East Liverpool Osteopathic Hospital, where she had been a patient since Jan. 6.

A native of Sherman, W. Va., Mrs. Simpson was born Oct. 3, 1887, a daughter of the late Ruben and Mary Rector Cooper. She had resided in Wellsville more than 70 years and last was employed as a waredresser at the Sterling China Co., retiring in 1952. At one time she worked at the former U.S. Pottery Co. in Wellsville. She was a member of the Covenant United Presbyterian Church and an honorary member of the IBOP. Her husband died in 1956.

She is survived by a daughter, Mrs. Russell (Ruth) Fraser of Wellsville; a son, Charles E. Simpson of East Rochester, six grandchildren and 13 great-grandchildren.

Services will be held Tuesday at 2 p.m. at the MacLean Funeral Home in Wellsville by the Rev. John R. Dryer. Burial will be in Springhill Cemetery, Wellsville.

Friends may call at the funeral home this afternoon and tonight.

### Jerry E. Alford

Services for Jerry Edward Alford of Sebring, formerly of East Liverpool, were held this afternoon at 1 at the East Liverpool Arner Homes for Funerals. The Rev. John Dryer of the Wellsville Covenant United Presbyterian Church officiated.

Burial was in the Springhill Cemetery, Wellsville.

Mr. Allford was killed Thursday morning in an auto accident on the Westville Lake Rd., about three miles south of Route 62.

### Mrs. Anna Andrews

Mrs. Anna Belaney Andrews, 82, formerly of 967 W. 8th St., died Saturday at 8:25 p. m. at the Greystone Nursing Home in Wellsville after an extended illness.

She was born in East Liverpool April 23, 1886, a daughter of the late Joseph Belaney and Anna Yemetz Belaney. She had resided here virtually her lifetime and had been employed for years at the Homer Laughlin China Co., retiring in 1930. She was a member of St. Aloysius Catholic Church and its Altar and Rosary Society. Her husband, H. Arthur Andrews, died Nov. 8, 1961.

Her only survivors are a grandson, Richard Francis (Bud) Andrews Jr., of Indianapolis, Ind., and two great-grandsons.

Services will be held Tuesday at 9:30 a. m. at the church. Burial wil lbe in Spring Grove Cemetery.

Friends may call at the Dawson Funeral Home this afternoon and tonight.

# *Hamer Budge Named New Boss Of SEC*

WASHINGTON (AP) — He is called the "Judge" and the title says a lot about the style of Hamer H. Budge, new boss of the Securities and Exchange Commission.

The quiet, closed-mouth, judicial way of doing business used by the 58-year-old former Idaho congressman puts him in sharp contrast to his old friend and predecessor, Manuel F. Cohen, who resigned last month under pressure from President Nixon.

But the new chairman, who was elevated to the job after serving as an SEC member since 1964, says there won't be major changes in the policy of the commission, which was criticized by Nixon during the presidential campaign as "heavy handed."

SPECIAL NOTICE TO CHESTER AREA RESIDENTS

Electric bills in the Chester area may come from one to twenty days early this month because of a change in meter reading procedure by Monongahela Power Company.

The changs in the meter reading system will only affect the first billing under the new procedure. Future bills will then come at approximately the same time every two months.

The last day of discount, under the new system, may vary from two to three days. However, the last day of discount will always be shown on the bill and the discount period will remain the same . . . ten days from billing date.

Under the old system, the time lag between meter reading and billing could accumulate as much as 20 days. Under the new system, a complete meter book will be read in one day and then be forwarded to the company's data processing center.

Arnold E. Blake, 44, of Lincoln Heights, RD 2, was fined $10 and costs on operating an auto without a horn. He was cited Feb. 27 at 8:50 a.m. on Route 7 by the patrol.

Ross Lyle, 22, of 1117 Harker Ave. was fined $10 and costs on a charge of operating an auto without taillights. He was cited Tuesday at 11 p.m. at Anderson Blvd. and Park Way by Patrolman Bruce Conkle.

—:—

THE COURT dismissed two of four charges against Richard A. Kelly, 47, of Apples Corners and set a hearing Friday morning on the remaining cases. Acting at the request of Asst. Solicitor Robert Simpson, the court dropped charges of public intoxication and operating an unsafe vehicle. The charges which remain allege driving while under the influence of alcohol and driving left of the center line. Kelly was cited March 2 at 1:25 a.m. on Dresden Ave. by Patrolman David Huffman after a traffic mishap.

The court issued a warant for William A. Watson, 51, of 800 Pyramus Dr., Chester, who failed to appear on a charge of crashing a stop sign at the junction of old Route 30 and State Route 170. He was cited by the patrol Friday at 10:55 a.m.

Gerald A. Moore, 20, of Lisbon St. was fined $15 and costs on a charge of speeding 50 miles an hour in a 35-mile zone on St. Clair Ave. He was cited Wednesday at 10 p.m. by Conkle.

Clyde B. Dick, 58, of Lisbon RD 3 forfeited a $22.50 bond on a charge of speeding 64 miles an hour in a 50-mile zone on the Freeway. He was cited by Patrolman Joseph Bates Saturday at 6:24 p.m.

—:—

James Pierson, 18, of Summitville paid a fine of $20 and costs on a charge of speeding 70 miles an hour in a 50-mile zone on Route 7. He was cited by the patrol Feb. 22 at 8:50 p.m.

## Fined, Sentenced

LISBON — Ray D. Rudibaugh, 26, of Lisbon RD 3 was fined $150 and costs and was sentenced to three days in jail Saturday by Mayor Clyde B. Pike for driving while under the influence of alcohol. Rudibaugh pleaded guilty to the charge, filed Aug. 17 by village police. The hearing was postponed three times, the last after an accident in which the defendant was injured seriously.

## WORLD ALMANAC FACTS

Roman roads were rarely equalled until the late 18th century. To speed troops and supplies to all parts of the empire, the Romans built over 50,000 miles of roads between 400 B.C. and A.D. 400. The best of the roads, the Appian Way, was begun in 312 B.C. and eventually ran 366 miles from Rome to Brindisi. It was still usable as late as A.D. 650.

## Council Will Meet

LISBON — Council will meet at 7:30 tonight in the Town Hall, with Mayor Clyde B. Pike in charge.

### Freed From Tiny Cell After 8 Days

# Miner Rests In Hospital After His Rescue In Utah

LARK, Utah (AP) — Tough, grizzled William "Buck" Jones relaxed in a hospital bed today, freed from the tiny cell of rock that held him captive deep in a Utah mountain for eight days.

Jones, 61-year-old father of 11, was brought to safety Sunday night by rescuers who had tunneled tediously through 25 feet of rock to his cubicle.

After an emotional reunion with his big family at the mine entrance, Jones was whisked 20 miles to a Salt Lake City hospital for examination and rest. He looked weary, but obviously was in high spirits.

"I want a shower!" he shouted. "I think I need it." The echo rang down the hospital corridor.

He got a bath instead. Then he shaved himself, had a dinner of ham and eggs and watched a television replay of his rescue.

A hospital spokeman said there would be no immediate interviews.

It was a tearful, joyful scene when the tunnel train carrying Jones to safety reached the surface after a 4½-mile ride from the shaft in which he was trapped by a cave-in March 1.

A cheer went up from more than 300 persons crowding the tunnel opening, including Jones' entire family. Her eyes glistening, Mrs. Jones cried, "Buck, I love you:" His children shouted, "Hi, dad:"

"Hello, mother," the weary, bearded Jones said to his wife. Then the two spent a private moment in the covered mine car before fellow miners carried him to an ambulance.

"His kisses were very dusty," said daughter Velma Jones. Mrs. Jones said he was "very tired" but had laughed and talked with her.

A nurse said Jones did not appear to have any cuts or bad bruises, but had "awfully red knees, probably from having to kneel a lot."

Jones's quarters were about 5 feet wide, and only high enough for him to crouch in.

The rescue climaxed days of danger and frustration for workers who risked their own lives in the narrow shaft of the lead, zinc and silver mine.

Officials had feared a new cave-in which could have crushed Jones and taken the lives of his rescuers.

A direct route through the 12-to-15 feet of mud and rock which sealed Jones in the tunnel was abandoned after four days because of cave-in danger. An attempt to drill an escape tunnel with diamond bits also ran into problems. The rescue was finally made through a tunnel which workers began chopping through solid rock Thursday.

Rescuers had to pull Jones through a passageway less than two feet, wide, but he was far from helpless.

"He came right down a ladder by himself," said rescuer Walt Graham. Another rescuer, Jack Glancy, said, "He believes God saved him. Nobody is going to change his mind on that."

Jones was trapped when the side of a tunnel in which he and another miner were working caved in. The other miner, Gerald Charles, 25, jumped free.

For 3½ days, there was only silence as rescue workers picked slowly through the rubble. Then Jones startled them Wednesday morning by calling out:

"When are you going to get me out of here?"

Late Sunday night, Jones was watching television in his hospital room when he saw a visitor in the hall.

"All I have to say," Jones remarked, "is that God had His arms around me."

## Care And Cleaning Tips FOR LEATHER & SUEDE APPAREL

*by Paul Seckman*

The popularity of suede and leather apparel has reached a new level and is currently an important fashion vogue.

Cleaning and refinishing leather and suede is a highly specialized service requiring proper equipment and carefully trained personnel. Many cleaners refuse to accept suedes and leather garments because of the highly specialized techniques required. There has also been considerable consumer resistance to the prices charged for cleaning suedes. As a result customers wear them until they are so badly soiled it is difficult to do a satisfactory job.

**DON'T**

1. Don't try to spot suede with any cleaning fluid.
2. Don't use any steel wool or brass suede brushes or you may tear and even cut holes in tender skins.
3. Don't store your suedes in a closed, unventilated closet.
4. Don't expose your colored suedes to bright light when not being worn. Exposure to sunlight rays especially through a glass window, is very harmful to the dyes.
5. Don't worry about the "cracking off" of lint on new suedes. The first time it is cleaned it will improve.
6. Don't allow suede to become soiled. Dirt and dust absorbs the fatty liquor and causes suede to lose its desired softness and texture.
7. Don't postpone cleaning of suede. If properly cared for, it will retain its original loveliness and wear longer.

**DO'S**

1. Do be careful about spilling oils and greases on your suede and leather garments. If this occurs, never spot clean with cleaning fluids, or ugly rings and even loss of color may result. Simply leave it alone. It must be removed by an expert, whose chemicals and tools are unattainable to you.
2. Do label any stains if you know. This will help your cleaner give you perfect results.
3. Do wear a scarf around your neck. Suede will pick up makeup powder, hair oil, and perspiration.
4. Do brush your suede frequently, especially where it contacts your skin — such as the neck, cuffs, and areas touched by your hands. Use a rubber sponge or a bristle brush and note how beautiful you yourself can keep them.
5. Do send suede garments to a Cleaner who specializes in suede and leather cleaning. They will have skilled craftsmen who know what to do, how to do and the equipment to do it with.

Remember, nobody knows more about clothes than your professional drycleaner. He is your clothes best friend.

# Penalty Given 11 Motorists In City Court

Municipal Judge Samuel M. Chertoff today decreed fines for 11 motorists cited by local police and the Ohio Highway Patrol. One motorist forfeited an appearance bond, one case was continued and a warrant was issued for a defendant who failed to appear.

Ronald Caler Jr., 18, of Aliquippa was fined $10 and costs and given a suspended 10-day County Jail term on a charge of leaving the scene of an accident. He was cited after a mishap March 1 on E. 3rd St. The court said the jail sentence was suspended because Caler made restitution for damages to the other car.

—:—

RICHARD F. Rose, 38, of Post Office Box 1366, Station A, was fined $25 and costs on a charge of speeding 50 miles an hour in a 25-mile zone on 2nd St. He was cited Thursday a 11 a.m. Joseph Greathouse, 21, of 1623 St. George St., whose car rolled onto its side at Ruth and Lee Sts. last Wednesday night, was fined $15 and costs on a charge of reckless driving.

James F. Rayl, 22, of 2112 LaCroft Ave. was fined $10 and costs on a charge of driving a car with a faulty exhaust and $25 and costs on a reckless driving charge. He was cited on the River Rd. Thursday at 8:40 p.m. by Patrolman Charles Coen.

Willis J. Smith, 21, of Dixonville paid a fine of $10 and costs on a charge of crashing a stop sign at St. George and Mulberry Sts. He was cited Thursday at 11:25 p.m. by Patrolman Arthur Peters. Arnold E. Blake, 44, of Lincoln Heights, RD 2, was fined $10 and costs on operating an auto without a horn. He was cited Feb. 27 at 8:50 a.m. on Route 7 by the patrol.

Ross Lyle, 22, of 1117 Harker Ave. was fined $10 and costs on a charge of operating an auto without taillights. He was cited Tuesday at 11 p.m. at Anderson Blvd. and Park Way by Patrolman Bruce Conkle.

—:—

THE COURT dismissed two of four charges against Richard A. Kelly, 47, of Apples Corners and set a hearing Friday morning on the remaining cases. Acting at the request of Asst. Solicitor Robert Simpson, the court dropped charges of public intoxication and operating an unsafe vehicle. The charges which remain allege driving while under the influence of alcohol and driving left of the center line. Kelly was cited March 2 at 1:25 a.m. on Dresden Ave. by Patrolman David Huffman after a traffic mishap.

The court issued a warant for William A. Watson, 51, of 800 Pyramus Dr., Chester, who failed to appear on a charge of crashing a stop sign at the junction of old Route 30 and State Route 170. He was cited by the patrol Friday at 10:55 a.m.

Gerald A. Moore, 20, of Lisbon St. was fined $15 and costs on a charge of speeding 50 miles an hour in a 35-mile zone on St. Clair Ave. He was cited Wednesday at 10 p.m. by Conkle.

Clyde B. Dick, 58, of Lisbon RD 3 forfeited a $22.50 bond on a charge of speeding 64 miles an hour in a 50-mile zone on the Freeway. He was cited by Patrolman Joseph Bates Saturday at 6:24 p.m.

—:—

NANCY PRATT, 36, of Weirton was fined $25 and costs on a reckless driving charge filed after a mishap Sunday night at Bradshaw Ave. and Walnut St. She was cited by Patrolman James Woods.

Gary L. Buckel, 19, of Wellsville RD 1 was ordered to pay the costs on a charge of driving with an expired driver's license. He was cited Friday at 3:10 a.m. at W. 8th St. and Shadyside Ave. by Huffman.

James Pierson, 18, of Summitville paid a fine of $20 and costs on a charge of speeding 70 miles an hour in a 50-mile zone on Route 7. He was cited by the patrol Feb. 22 at 8:50 p.m.

## Fined, Sentenced

LISBON — Ray D. Rudibaugh, 26, of Lisbon RD 3 was fined $150 and costs and was sentenced to three days in jail Saturday by Mayor Clyde B. Pike for driving while under the influence of alcohol. Rudibaugh pleaded guilty to the charge, filed Aug. 17 by village police. The hearing was postponed three times, the last after an accident in which the defendant was injured seriously.

## WORLD ALMANAC FACTS

Roman roads were rarely equalled until the late 18th century. To speed troops and supplies to all parts of the empire, the Romans built over 50,000 miles of roads between 400 B.C. and A.D. 400. The best of the roads, the Appian Way, was begun in 312 B.C. and eventually ran 366 miles from Rome to Brindisi. It was still usable as late as A.D. 650.

# On The TV Beat

By Cecil Smith

## *Winters Is Establishment Now*

About 10 years ago I was driving down Vine St. near the Hollywood Brown Derby when a fat wild man — or a wild man — screamed my name, rushed out into the traffic and breathlessly asked: "Quick! Can you take me to Forest Lawn Cemetery? Bela Lugosi is dead and I want to drive a stake through his heart."

Cecil Smith

Then with the horns honking and motorists shouting around us, Jonathan Winters did Lugosi playing "Dracula" with the staring eyes and the haunted voice of the famous Hungarian actor.

-:-

**IT'S A LITTLE** difficult to reconcile the ferocious funny man of those days whose offstage antics made headlines, with the Winters of today in the leather chair behind the sedate executive desk.

"I'm establishment now," said Jonny in a Walter Pidgeon voice.

Admittedly, it was a glum time. The word was out that the weekly Winters comedy hour was not going to be renewed by CBS.

Jon was in one of those pensive moods actors, like anybody else, get into when the future is clouded.

"I used to think," he said, "I had insight into what people would look at and laugh at and enjoy. Now, sitting behind this desk, this little rented desk, I admit I don't know.

-:-

**"BOB HOPE KNOWS.** The other day I saw Bob on a set with a map of California on his lap. What did that mean? Was he going to pick up a couple of cities — Sacramento, Stockton? Or maybe he was going to buy the whole state. Hmm, yes, make a good cattle ranch. Buy it up and tell the people to get out, gonna run cattle here . . .

"One thing I've learned: After you turn 40 a lot of pressure is released. Now I think I'm gonna have some fun. But it's a different kind of fun.

"When you're younger, it's a kind of frantic fun. You've got to experience everything, enjoy everything, now, now! It's got to happen every waking moment. After 40, all that pressure goes away."

-:-

**IN THE DAYS** of his wildest antics, when he climbed the masts of ships in the harbor and gave mock orations in restaurants, Jonny was playing the night club circuit and building his formidable reputation on the late-night shows, particularly Jack Paar's.

"Whatever happens," said Jon, "I would never hit the road to play clubs again.

"Not even Las Vegas?" I asked.

"Playing Vegas is like an armed robber getting out of stir and the gang tells him you just drive the car, you don't do the stickups, you just drive the car.

"I can see what would happen if I agreed to play Vegas. My agent would say as long as you've got the act together, there's a little club in Nashville. Boise, Idaho, is nice. What about Ashtabula, Ohio? That Vegas money is nice but that opens the door."

-:-

**WINTERS** still has a couple of shows to do to complete this year's slate for CBS. Then he's doing a movie with Peter Ustinov, "Viva Max!"

"It's about some contemporary Mexicans who decide to recapture the Alamo," he said. "We'll start the filming in Laredo, Tex. — now there's a fun town, Laredo! Then we move to Rome to finish it."

"Rome?" I asked.

"You've never seen the Alamo in Rome?" said Jonny as John Wayne. "Why, son, that there's the real Alamo. Fact is that's the real Texas with real Eyetalian Davy Crocketts . . ."

—:—

**PENSIVE AGAIN,** Winters said: "I like making movies. I like doing this show. I like living here. We had a great house in Westchester, but I don't miss the East. I don't miss the weather, and I don't miss the pace.

"Things were going along pretty well here till they poured cement in our shoes and sank us. Well, they're always rediscovering people in this business. They discover you at 18 and then they discover you again at 27 and then they suddenly find you again at 58 sitting on a park bench with a git-tar.

"Maybe I'll get myself some beads and a git-tar and find a park bench . . ."

SALESMEN!

TIRED OF BOUNCING AROUND?

LOOKING FOR A "HOME?"

We're a big time company—($70,000,000) in sales — but we have a small town philosophy. (Maybe that's how we got to be big). We don't promise the moon. If you have the ability and you're willing to work hard, you'll make a good buck with us. Not a fortune—although some of our men do realize as much as $30,000. However, most of our beginning men are in the $11-$15,000 category! But one of the good things about Famous Schools is that almost every salesman increases his income year after year.

Many of our sales force have been with us fifteen years. They tell us they have found a "home" and we're tickled they did. Maybe Famous Schools is the spot for you, if you're really looking for a lifetime career opportunity.

As part of Famous Schools youthful sales team you will be supplied with qualified leads from our national advertising. You've seen our ads in Life, Look, Reader's Digest and on TV.

Famous Artists, Famous Writers, and famous Photographers, Schools . . . the Famous Schools, Westport, Connecticut, offers America's most distinguished faculty including: Norman Rockwell, Jon Whitcomb, Rod Serling, Bennett Cerf, Faith Baldwin, Richard Avedon, Bert Stern, Irving Penn.

The ideal man is over 27 years of age, owns a good serviceable car, is bondable and can do some traveling

In addition to high commissions you receive full company benefits including major medical policy and company paid insurance. Sound interesting? We think it should. If you want an income, security and time to spend with your family.

PLEASE WRITE OR WIRE COLLECT:

## *Winters Is Establishment Now*

About 10 years ago I was driving down Vine St. near the Hollywood Brown Derby when a fat wild man — or a wild man — screamed my name, rushed out into the traffic and breathlessly asked: "Quick! Can you take me to Forest Lawn Cemetery? Bela Lugosi is dead and I want to drive a stake through his heart."

Cecil Smith

Then with the horns honking and motorists shouting around us, Jonathan Winters did Lugosi playing "Dracula" with the staring eyes and the haunted voice of the famous Hungarian actor.

-:-

**IT'S A LITTLE** difficult to reconcile the ferocious funny man of those days whose offstage antics made headlines, with the Winters of today in the leather chair behind the sedate executive desk.

"I'm establishment now," said Jonny in a Walter Pidgeon voice.

Admittedly, it was a glum time. The word was out that the weekly Winters comedy hour was not going to be renewed by CBS.

Jon was in one of those pensive moods actors, like anybody else, get into when the future is clouded.

"I used to think," he said, "I had insight into what people would look at and laugh at and enjoy. Now, sitting behind this desk, this little rented desk, I admit I don't know.

-:-

**"BOB HOPE KNOWS.** The other day I saw Bob on a set with a map of California on his lap. What did that mean? Was he going to pick up a couple of cities — Sacramento, Stockton? Or maybe he was going to buy the whole state. Hmm, yes, make a good cattle ranch. Buy it up and tell the people to get out, gonna run cattle here . . .

"One thing I've learned: After you turn 40 a lot of pressure is released. Now I think I'm gonna have some fun. But it's a different kind of fun.

"When you're younger, it's a kind of frantic fun. You've got to experience everything, enjoy everything, now, now! It's got to happen every waking moment. After 40, all that pressure goes away."

-:-

**IN THE DAYS** of his wildest antics, when he climbed the masts of ships in the harbor and gave mock orations in restaurants, Jonny was playing the night club circuit and building his formidable reputation on the late-night shows, particularly Jack Paar's.

"Whatever happens," said Jon, "I would never hit the road to play clubs again.

"Not even Las Vegas?" I asked.

"Playing Vegas is like an armed robber getting out of stir and the gang tells him you just drive the car, you don't do the stickups, you just drive the car.

"I can see what would happen if I agreed to play Vegas. My agent would say as long as you've got the act together, there's a little club in Nashville, Boise, Idaho, is nice. What about Ashtabula, Ohio? That Vegas money is nice but that opens the door."

-:-

**WINTERS** still has a couple of shows to do to complete this year's slate for CBS. Then he's doing a movie with Peter Ustinov, "Viva Max!"

"It's about some contemporary Mexicans who decide to recapture the Alamo," he said. "We'll start the filming in Laredo, Tex. — now there's a fun town, Laredo! Then we move to Rome to finish it."

"Rome?" I asked.

"You've never seen the Alamo in Rome?" said Jonny as John Wayne. "Why, son, that there's the real Alamo. Fact is that's the real Texas with real Eyetalian Davy Crocketts . . ."

-:-

**PENSIVE AGAIN,** Winters said: "I like making movies. I like doing this show. I like living here. We had a great house in Westchester, but I don't miss the East. I don't miss the weather, and I don't miss the pace.

"Things were going along pretty well here till they poured cement in our shoes and sank us. Well, they're always rediscovering people in this business. They discover you at 18 and then they discover you again at 27 and then they suddenly find you again at 58 sitting on a park bench with a git-tar.

"Maybe I'll get myself some beads and a git-tar and find a park bench . . ."

## Higher Paid People More Likely To Be Ill

NEW DELHI (AP) — The more your salary the more prone you are to certain chronic ailments, according to an Indian medical survey.

Four out of 10 families with a monthly income of more than rupees 2,000 ($266) suffer from high blood pressure, diabetes, cancer and heart ailments, the survey said.

The percentage falls to 11 in the income bracket of rupees 75 to 140 ($10 to $20).

**8 MALE HELP WANTED**

SALESMEN!
TIRED OF BOUNCING AROUND?
LOOKING FOR A "HOME?"

We're a big time company—($70,000,000) in sales — but we have a small town philosophy. (Maybe that's how we got to be big). We don't promise the moon. If you have the ability and you're willing to work hard, you'll make a good buck with us. Not a fortune—although some of our men do realize as much as $30,000. However, most of our beginning men are in the $11-$15,000 category! But one of the good things about Famous Schools is that almost every salesman increases his income year after year.

Many of our sales force have been with us fifteen years. They tell us they have found a "home" and we're tickled they did. Maybe Famous Schools is the spot for you, if you're really looking for a lifetime career opportunity.

As part of Famous Schools youthful sales team you will be supplied with qualified leads from our national advertising. You've seen our ads in Life, Look, Reader's Digest and on TV.

Famous Artists, Famous Writers, and famous Photographers, Schools . . . the Famous Schools, Westport, Connecticut, offers America's most distinguished faculty including: Norman Rockwell, Jon Whitcomb, Rod Serling, Bennett Cerf, Faith Baldwin, Richard Avedon, Bert Stern, Irving Penn.

The ideal man is over 27 years of age, owns a good serviceable car, is bondable and can do some traveling

In addition to high commissions you receive full company benefits including major medical policy and company paid insurance. Sound interesting? We think it should. If you want an income, security and time to spend with your family.

PLEASE WRITE OR WIRE COLLECT:

PEEK WITH PETE!!

THE CORRECT DEFINITION OF A MULTIPLE LISTING SERVICE: IN THE MULTIPLE LISTING BOARD, WHEN A HOME OR ANY OTHER REAL ESTATE IS LISTED WITH YOUR FAVORITE REALTOR, THE LISTING REALTOR SHOULD, WITHIN FORTY-EIGHT HOURS, PLACE THE LISTING WITH THE MULTIPLE LISTING EXCHANGE OFFICE OF THE LOCAL BOARD OF REALTORS.

WITHIN OUR AREA WE DO NOT HAVE A MULTIPLE LISTING BOARD, WE DO, HOWEVER, HAVE A CO-OPERATING BOARD WHEREBY, THE LISTING REALTOR, OUT OF COURTESY TO THE OTHER MEMBERS, WILL PERMIT ANOTHER REALTOR TO SHOW THE LISTED PROPERTY.

THERE IS A DIFFERENCE BETWEEN A CO-OPERATING BOARD AND A MULTIPLE LISTING BOARD.

PEEK WITH PETE!!

THE CORRECT DEFINITION OF A MULTIPLE LISTING SERVICE: IN THE MULTIPLE LISTING BOARD, WHEN A HOME OR ANY OTHER REAL ESTATE IS LISTED WITH YOUR FAVORITE REALTOR, THE LISTING REALTOR SHOULD, WITHIN FORTY-EIGHT HOURS, PLACE THE LISTING WITH THE MULTIPLE LISTING EXCHANGE OFFICE OF THE LOCAL BOARD OF REALTORS.
WITHIN OUR AREA WE DO NOT HAVE A MULTIPLE LISTING BOARD, WE DO, HOWEVER, HAVE A CO-OPERATING BOARD WHEREBY, THE LISTING REALTOR, OUT OF COURTESY TO THE OTHER MEMBERS, WILL PERMIT ANOTHER REALTOR TO SHOW THE LISTED PROPERTY.
THERE IS A DIFFERENCE BETWEEN A CO-OPERATING BOARD AND A MULTIPLE LISTING BOARD.

## A Junior Editors Quiz About DONKEYS

**QUESTION:** *What is the difference between a jackass, a donkey, a burro and a mule?*

* * * *

ANSWER: The spirited animals galloping at the top of our picture are wild asses of Asia. Roaming in rough, often mountainous country, the wild ass became very strong and sure footed, so that he could travel over mountain passes with ease. It is believed that these animals were first domesticated in countries along the Mediterranean Sea. We know them now as donkeys. They have inherited the strength and sure-footedness of their ancestors. These qualities enable them to be extremely useful in packing heavy loads over rough terrain. It is true that donkeys are slow and have a stubborn quality which makes people call them stupid or contrary. But perhaps this is because their wild ancestors knew how to take care of themselves. A jackass is simply a male donkey. Donkeys bred for a smaller size, very useful as pack animals, are called burros. When you breed a jackass with a female horse, you get that remarkable creature, a mule. Maybe he is stubborn as a mule, but old Mr. Long Ears is so strong that he has often been hitched up in teams to haul heavy loads.

## Today In History

By The Associated Press

Today is Monday, March 10, the 69th day of 1969. There are 296 days left in the year.

On this date in 1987, the first clear telephone message was transmitted. Alexander Graham Bell summoned his assistant from another room in Bell's house in Boston by saying: "Come here, Watson, I want you."

In 1962, the United States issued its first paper money.

In 1964, Ulysses S. Grant was made commander in cheif of the Union army during the Civil War.

In 1933, earthquakes in Southern California killed some 120 persons and caused damage estimated at $50 million.

In 1941, President Franklin D. Roosevelt signed the Lend-Lease Act, aiding the Allies in World War II.

In 1945, U.S. B29 bombers began their first fire raids on Japan during World War II.

In 1946, Italian women voted in local elections for the first time.

Ten years ago — Government planes were reported to have bombed a village in Iraq to harass fleeing rebels during an uprising.

*Special Limited Enrollment Period Ends Midnight, Saturday, March 15, 1969*

# Now...for people of all ages— $100.00 a week extra cash income when you go to the hospital!

**AT LAST, HERE IS A PLAN THAT ACTUALLY PAYS YOU: ■ extra cash up to $10,000 ■ extra cash from your first day in hospital ■ extra cash direct to you ■ extra cash to use any way you want to ■ extra cash in addition to Medicare or any other insurance!**

## Act Now—GET FIRST MONTH'S PROTECTION FOR ONLY $1

*Money back in full if not 100% satisfied. No age limit. Join NOW—This Introductory Offer lasts only 5 more days.*

**NOW... you and your family can join this Extra Cash Income Plan with no red tape, no questions to answer, no medical examination, no age limit, without having to see a salesman and *without any qualifications whatsoever.* But you must mail your Enrollment no later than Midnight, Saturday, March 15, 1969**

### Why You Need This EXTRA CASH Plan In Addition To Ordinary Hospitalization And Medicare

You know, of course, that the tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. Even with Medicare, they risk using up their savings or, worse yet, turning to family and friends for help. In fact, *very few people* have enough savings, hospitalization or income to cover the TOTAL cost of being sick or injured.

How long could *you* stay in the hospital without worrying about the pile-up of daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home—rent, food, telephone and others that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset?

### Better Safe Than Sorry

Wouldn't it be comforting to know these problems could be solved by your Extra Cash Income Plan—the plan that gives you $100.00 a week—IN CASH—*tax-free*—from the very first day you're in the hospital for up to 100 full weeks.

**PAYS YOU CASH** ... $100.00 a week tax-free cash from first day in hospital!

**PAYS YOU CASH** ... to a maximum of $10,000.00 for any hospital stay lasting 100 weeks!

**PAYS YOU CASH** ... Money mailed direct to you—not to the doctor or hospital!

**PAYS YOU CASH** ... in addition to hospitalization, Medicare and Workmen's Compensation!

### Even If You Are Over 65
### This Extra Income Plan Pays You Cash in Addition to Medicare and Other Insurance!

Even though Medicare will pay most of your hospital expenses, it just can't cover everything. Your Extra Income Plan helps solve this problem by paying *$100.00 a week, in cash, direct to you,* for as long as 100 weeks ... and gives you the privilege of spending this money any way you want to. With your total benefit amounting to $10,000.00 you'll never have to turn to your children or charity. You'll keep your financial independence and enjoy the *peace of mind* that this Plan's EXTRA CASH will give you.

### Absolutely NO LIMIT On Age

This Plan welcomes you no matter *what* your age is —and *without any qualifications whatsoever!* Even if you're over 75 you're still eligible ... provided, of course, that you fill in and mail the Enrollment Form with just ONE DOLLAR during this limited enrollment period.

### EXTRA CASH Gives Peace Of Mind and Security, Helps Replace Lost Income

Everything costs more these days. (Who knows better than you?) Hospital costs alone have TRIPLED in just a few short years ... and they're expected to DOUBLE soon. While 7 out of 8 Americans have *some* hospital insurance, most find that benefits *simply don't cover ALL the bills* that mount up when sickness or accident strikes.

Union Fidelity created this low-cost Hospital Income Plan to help cover your *UNCOVERED* expenses while hospitalized ... to put EXTRA CASH in your hand for bills from the doctor, the surgeon, the nurse, the druggist or anyone else who provides service and treatment you need and want. You may even have enough left over to help *REPLACE* any income you lose because of your confinement.

And remember: Your EXTRA CASH is paid *direct to you* ... and *you use it any way you want to.*

### These Are The Only Exclusions!

The *new* Union Fidelity "Extra Income Hospital Plan" has NO WAITING PERIODS. It covers you immediately for every possible kind of sickness and accident except, of course, hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. It even covers you for any chronic ailment or pre-existing condition after your policy has been in force for only 2 years. EVERYTHING ELSE IS COVERED!

### Special $1.00 Offer Expires Midnight of Date Shown On Coupon Below!

To introduce you to this remarkable new Plan we are making this unusual offer with a *Money-Back Guarantee.* We will provide you with this tax-free "Extra Income Hospital Plan"—Form 478—for one full month for only ONE DOLLAR. To take advantage of this offer, fill in the Enrollment Form on this page and mail it with just $1.00 before Midnight of the expiration date shown. A *full month's protection* will go into effect on the very day we accept your Enrollment Form.

When you receive your policy, examine it in the privacy of your home. Show it to your lawyer, your doctor, your clergyman or any trusted advisor. Then decide for yourself ... and while you're making up your mind, you'll be protected by this wonderful Plan. If the Extra Cash Income Plan isn't everything we say it is, return the policy within 30 days and your money will be cheerfully refunded with *no questions asked.* However, if you decide to continue this worthwhile protection, you may do so at these low rates:

**Union Fidelity Monthly Renewal Rates**

| Age at Enrollment | Monthly Premium |
|---|---|
| 0-39 | only $3.80 |
| 40-54 | only $4.80 |
| 55-64 | only $5.80 |
| 65-74 | only $6.80 |
| 75 and over | only $9.10 |

**NOTE:** The regular Monthly Premium shown here (for your age at time of enrollment) is the exact amount you will continue to pay for the life of your policy. It will never increase because you pass from one age bracket to the next! It won't even change because of frequent claims or the amount of money you collect. It can change only if there is a general rate adjustment affecting all policies of this type in your state.

### How Can We Offer All This Protection for So Little?

If you're lucky, you can buy ordinary insurance at any time and pay regular rates. But NOW—with just a stroke of your pen—you can get Union Fidelity's $100.00 a week ($14.28 per day) Extra Cash Income Plan for the special low cost of only $1.00 for the first month. And how is this possible? BECAUSE UNION FIDELITY ENROLLS A LARGE NUMBER OF PEOPLE AT ONE TIME ... *direct by mail.* This highly efficient "mass enrollment" cuts our costs to the bone. We are able to issue thousands of policies in a few short days. By this method our overhead expenses are reduced drastically. And the savings are passed on to you!

After the first month you continue your protection at Union Fidelity's low monthly rates. And bear this in mind: *the rate you pay now will never be increased because of changes in your health or age—nor will your benefits ever be reduced!*

### A Nationally Respected Company

As important as the cash income itself, the low cost and ease of enrollment, is this *one vital fact:* Your policy is backed by the resources, integrity and national reputation of Union Fidelity Life Insurance Company of Philadelphia, an old line legal reserve company licensed in 49 states and Washington, D.C.

### Easy To Join—No Red Tape— No Salesman Will Call

Join NOW. During this limited enrollment period there are *no qualifications whatsoever* ... but you *must* mail the Enrollment Form BEFORE the Midnight deadline. We will issue your "Extra Income Hospital Plan" and *put it in force* the very same day we receive your Form.

Why not take a moment right now to fill in your Enrollment Form and mail it with only $1.00, the "introductory" cost for your first month's coverage.

### $1.00 No Risk Money-Back Guarantee!

Because we're so confident this Extra Income Plan that PAYS CASH *direct to you* is the best low-cost protection now available, we make our famous Money-Back Guarantee. When you get your policy look it over. You *must* be 100% satisfied that your Plan is exactly what *we* promise and exactly what *you* want. If you're not, send the policy back to us within 30 days and we will REFUND YOUR MONEY IN FULL ... AT ONCE. But meanwhile, you will be *protected.* And if you decide to continue this wonderful protection, you do so at the low rate that will *never be raised* because you grow older!

***JOIN NOW—"TOMORROW" MAY BE TOO LATE!***

**This is a limited enrollment. *YOU MUST ACT NOW!* The expiration date shown below *can't be extended.* If your Enrollment is mailed later, *it can't be accepted.* TIME IS PRECIOUS! Get your Enrollment Form and $1.00 in the mail ... *today!***

## 18 Important Questions Answered

**That tell you how Union Fidelity's $100.00-A-Week Extra Cash Income Plan gives you the protection you need—at amazingly low cost!**

1. ***How much will this policy pay me when I go to the hospital?***
   You will receive $100.00 per week.
2. ***When will my hospitalization benefits start?***
   The day you enter the hospital.
3. ***Will I be paid if I am in the hospital for less than a full week?***
   Yes. This new Plan pays if you are in the hospital for only a day, or a week, a month, a year.
4. ***Does this policy have any "waiting periods" before I can use it?***
   No. It will go into force on the same day we accept your completed Enrollment Form and $1.00 premium for the first month's coverage.
5. ***How long will I continue to receive my Extra Cash?***
   For every day you are hospitalized for as long as 100 weeks for every covered accident or sickness.
6. ***Is there any red tape to join?***
   No. We only ask you to complete and mail your Enrollment Form before the deadline date shown. No questions to answer. No salesman will call.
7. ***Suppose I collect benefits for a certain sickness or accident. What happens if I am hospitalized again for the same condition?***
   You go back to collecting your $100.00 a week until you've been hospitalized for a total of 100 weeks and have collected $10,000.00. Then, if the same condition puts you back in the hospital after you've resumed your normal activities for six months, you become eligible to receive $100.00 a week again, for up to 100 additional weeks. Any new condition will be covered immediately, of course.
8. ***How may I use these benefit payments?***
   You may use them any way you wish—for hospital and doctor bills, rent, food, household expenses or anything else. You alone decide how to use the money.
9. ***Why do I need your Extra Cash Plan in addition to my other insurance?***
   Chances are your present hospital insurance won't cover all your hospital and medical expenses. Even if it did, you will still need extra cash to cover all your household expenses.
10. ***May I join if I am over 65?***
    Yes. You are welcome to join no matter what your age is. This Plan has no age limit.
11. ***Can you drop me? Can you raise my rates?***
    No. We will never cancel or refuse to renew your policy for health reasons so long as you make your premium payments on time. Also, we guarantee that we will never cancel your protection or adjust your rate unless we take the same action with regard to all policies of this type in your state. You, of course, can drop your policy on any renewal date.
12. ***What is not covered by this policy?***
    The only conditions not covered are hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. You are even covered for any chronic ailment or pre-existing condition after your policy has been in force for only two years. Everything else is covered.
13. ***Can other members of my family take advantage of this special offer?***
    Yes. Just add their names to the Enrollment Form when you fill it in.
14. ***Why is this offer good for a limited time only?***
    Because by enrolling a large number of people at the same time our underwriting, processing and policy issue costs can be kept at a minimum. These savings, of course, are passed on to you.
15. ***Do I need a medical examination or a statement from my doctor?***
    Definitely not. Just fill in the Enrollment Form and send it off today with $1.00.
16. ***What other advantages are there of joining this Plan now?***
    By joining now you do not need to complete a regular application—just the brief form in the lower right-hand corner of this page. Also, during this enrollment period, there are no other qualifications—no "waivers" or restrictive endorsements can be put on your policy.
17. ***How does the Money-Back Guarantee work?***
    Examine your policy carefully in the privacy of your home. If for any reason you are not completely satisfied, return it within 30 days and we will promptly refund your money. Meanwhile, you will be protected while making your decision.
18. ***How do I join?***
    Fill in the brief Enrollment Form (be sure to sign your name) and mail it with just $1.00 for the first month's protection to: Union Fidelity Life, 104 South Main Street, Fond du Lac, Wisconsin, 54935.

### Why You Need This EXTRA CASH Plan In Addition To Ordinary Hospitalization And Medicare

You know, of course, that the tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. Even with Medicare, they risk using up their savings or, worse yet, turning to family and friends for help. In fact, *very few people* have enough savings, hospitalization or income to cover the TOTAL cost of being sick or injured.

How long could *you* stay in the hospital without worrying about the pile-up of daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home—rent, food, telephone and others that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset?

### Better Safe Than Sorry

Wouldn't it be comforting to know these problems could be solved by your Extra Cash Income Plan—the plan that gives you $100.00 a week—IN CASH—*tax-free*—from the very first day you're in the hospital for up to 100 full weeks.

**PAYS YOU CASH** ... $100.00 a week tax-free cash from first day in hospital!

**PAYS YOU CASH** ... to a maximum of $10,000.00 for any hospital stay lasting 100 weeks!

**PAYS YOU CASH** ... Money mailed direct to you—not to the doctor or hospital!

**PAYS YOU CASH** ... in addition to hospitalization, Medicare and Workmen's Compensation!

### Even If You Are Over 65
### This Extra Income Plan Pays You Cash in Addition to Medicare and Other Insurance!

Even though Medicare will pay most of your hospital expenses, it just can't cover everything. Your Extra Income Plan helps solve this problem by paying *$100.00 a week, in cash, direct to you,* for as long as 100 weeks... and gives you the privilege of spending this money any way you want to. With your total benefit amounting to $10,000.00 you'll never have to turn to your children or charity. You'll keep your financial independence and enjoy the *peace of mind* that this Plan's EXTRA CASH will give you.

### Absolutely NO LIMIT On Age

This Plan welcomes you no matter *what* your age is—and *without any qualifications whatsoever!* Even if you're over 75 you're still eligible ... provided, of course, that you fill in and mail the Enrollment Form with just ONE DOLLAR during this limited enrollment period.

### EXTRA CASH Gives Peace Of Mind and Security, Helps Replace Lost Income

Everything costs more these days. (Who knows better than you?) Hospital costs alone have TRIPLED in just a few short years ... and they're expected to DOUBLE soon. While 7 out of 8 Americans have *some* hospital insurance, most find that benefits *simply don't cover ALL the bills* that mount up when sickness or accident strikes.

Union Fidelity created this low-cost Hospital Income Plan to help cover your *UNCOVERED* expenses while hospitalized ... to put EXTRA CASH in your hand for bills from the doctor, the surgeon, the nurse, the druggist or anyone else who provides service and treatment you need and want. You may even have enough left over to help *REPLACE* any income you lose because of your confinement.

And remember: Your EXTRA CASH is paid *direct to you* ... and *you use it any way you want to.*

### These Are The Only Exclusions!

The *new* Union Fidelity "Extra Income Hospital Plan" has NO WAITING PERIODS. It covers you immediately for every possible kind of sickness and accident except, of course, hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. It even covers you for any chronic ailment or pre-existing condition after your policy has been in force for only 2 years. EVERYTHING ELSE IS COVERED!

### Special $1.00 Offer Expires Midnight of Date Shown On Coupon Below!

To introduce you to this remarkable new Plan we are making this unusual offer with a *Money-Back Guarantee.* We will provide you with this tax-free "Extra Income Hospital Plan"—Form 478—for one full month for only ONE DOLLAR. To take advantage of this offer, fill in the Enrollment Form on this page and mail it with just $1.00 before Midnight of the expiration date shown. A *full month's protection* will go into effect on the very day we accept your Enrollment Form.

When you receive your policy, examine it in the privacy of your home. Show it to your lawyer, your doctor, your clergyman or any trusted advisor. Then decide for yourself ... and while you're making up your mind, you'll be protected by this wonderful Plan. If the Extra Cash Income Plan isn't everything we say it is, return the policy within 30 days and your money will be cheerfully refunded with *no questions asked.* However, if you decide to continue this worthwhile protection, you may do so at these low rates:

**Union Fidelity Monthly Renewal Rates**

| Age at Enrollment | Monthly Premium |
|---|---|
| 0-39 | only $3.80 |
| 40-54 | only $4.80 |
| 55-64 | only $5.80 |
| 65-74 | only $6.80 |
| 75 and over | only $9.10 |

**NOTE:** The regular Monthly Premium shown here (for your age at time of enrollment) is the exact amount you will continue to pay for the life of your policy. It will never increase because you pass from one age bracket to the next! It won't even change because of frequent claims or the amount of money you collect. It can change only if there is a general rate adjustment affecting all policies of this type in your state.

### How Can We Offer All This Protection for So Little?

SETTING A RECORD for Academy Award nominations for best actress, Katharine Hepburn received her 11th this year for her performance in "The Lion in Winter." She won last year and in 1933. Miss Hepburn is seen here hurrying to catch a plane at a London airport.

## *Link Hinted In Shootings In Mahoning*

YOUNGSTOWN, Ohio (AP)—Detectives were trying to determine if there was a link between the shooting death of Helen B. Pedro of Hubbard and the wounding of a taxicab driver during a robbery here.

Mrs. Pedro, 52, was shot late Saturday night as she sat with her husband, Steve, also 52, in their car parked behind a North Side tavern.

Pedro told police two men were trying to rob the couple when one of them shot his wife. The husband was held for questioning.

About an hour after that shooting, Frank Lentz, 47, a cab driver, was shot and wounded less than a mile from the tavern.

Lentz told police two men got into his cab, forced him to drive several blocks and then all got out and the pair took $11 from him at gunpoint.

He said the men told him to return to his cab and then shot him as he walked toward the vehicle.

## Two Burglaries Are Investigated

LISBON — Sheriff's deputies investigated two burglaries over the weekend.

Deputy Kent Garvey said he could find no sign of forced entry at the residence of Robert Newlin of Pleasant Valley Rd., Wellsville RD.

Newlin reported the theft to the County Jail at 11:10 a.m. Saturday. He said an intruder took a $65 portable radio, a $50 pair of binoculars and three pounds of meat from the refrigerator.

Deputies Dave Brothers and Robert Wellington said a burglar used a tool to pry open the front door at the Edgar Bell home on Metz Rd., Columbiana RD, Sunday evening.

Bell said the entry was made between 6:30 and 7:30. He said the intruder took his son's coin collection and a large bath towel.

## 2 Shooting Deaths Probed In Cleveland

CLEVELAND, Ohio (AP) — Homicide detectives were investigating two weekend shooting deaths, including that of a 21-year-old man who was involved in a battle with four others in an East Side home.

Police said Robert Bland fought with four men at a relative's home where he was living with his wife, Angie, 19.

Bland wounded two men with a 15-inch bayonet and was shot twice as he ran from the home. Three men were being held, one of them at St. Luke's Hospital, where he was being treated for a nearly severed ear.

In the other slaying, detectives said Junious Brown, 26, was shot down outside an East 105th Street tavern, allegedly by the owner of a car whose window had been smashed by a brick.

## The Old West Still Has Brisk Business

BUFFALO, Wyo. (AP) — The old west really isn't dead.

Buffalo Police Chief John Taffner received a report of a stray horse so he went out, lassoed the animal and returned him to his owner.

He returned to his office and was greeted with a report that another Buffalo resident's pet falcon was loose. So Taffner went out again and lassoed the falcon, too.

ANN LANDERS

# Dog Chosen For Best Man

By Ann Landers

Dear Ann Landers: My husband and I are beside ourselves. Our college-graduate daughter, who could have married any one of 10 sane, promising young men, has settled for an oddball who is causing us no end of troubles. We wanted a beautiful church wedding but that's out now. Courtney has announced that his best man is going to be his dog, Blaze.

"Why be a hypocrite?" he said in all seriousness. "I have no friend who is as faithful and loyal as Blaze."

My husband had an ulcer attack right then and there.

The best man is supposed to give the ring to the groom to place on his bride's finger. Courtney says he is training Blaze to carry the ring box in his mouth and that Blaze will open his mouth and drop the box on order.

Our minister has refused to perform the ceremony, but Courtney found a justice of the peace who will marry them. Our daughter is not the least bit disturbed. She says everybody has to "do his own thing."

My husband says he will attend the ceremony but he will not pay for anything. Also, he is not going to invite his business friends. Do you feel he is being fair?—R.X.

-:-

**Dear R.S.: Yes, I do. And if your daughter thinks otherwise, explain that her father is doing HIS own thing.**

## Taxing Problem

Dear Ann: Income tax time is here again. Please repeat your advice of last year. Tell your readers not to impose on the friendship of an accountant or tax consultant.

People who wouldn't dream of asking the butcher for a free steak, or a barber for a free haircut, think nothing of asking a social acquaintance to "help them" prepare their tax returns as a favor.

My knowledge was not obtained free. It's the only thing I have to sell for a living. Suggest that your readers look up an accountant. — TEXAS CPA.

-:-

**Dear Tex: Thank you for a timely bit of advice. And to all of you out there who have the job yet to do — many happy returns.**

## Worthless Advice

Dear Ann: After I got through laughing about the middle-aged woman who had bubble gum in her hair, on her glasses and all over her face, I remembered that my mother used to rub table butter on us kids and the gum came right off.

No charge for the advice. — NO LONGER STUCK.

-:-

**Dear N.L.S.: I'm glad you didn't charge for that advice because it's not worth anything. Two of my secretaries tried removing gum from their arms with plain table butter and it didn't work.**

**P.S. MY mother used cleaning fluid and that DID work.**

---

**Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.**

# 22 Million Hypertensive

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

In our tense society, an estimated 22 million Americans suffer from hypertension, or high blood pressure. But the good news is that new methods of control during the last decade have cut the death rate from this mysterious disease by 50 per cent.

"Lady, do you insist on having your husband help you with household chores The British medical journal, "Pulse," warns that such activity after a hard day's work on his own job can adversely affect a man's health.

Poor kids are getting an educational break at last, thanks in part at least to U.S. financial aid to students. In 1966 only 7.5 per cent of freshmen students enrolling in college came from families with annual incomes of $5,000 or less. By 1968 the figure had risen to 11 per cent.

What can you get for a penny anymore? Well, it'll still buy penny candy, a business that is flourishing again. Of the U.S. candy industry's annual $3 billion in sales, almost $200 million of it is penny candy.

Quotable notables: "A man should sleep sometime between lunch and dinner in order to be at his best in the evening when he joins his wife and friends at dinner. My wife and I tried two or three times in the last 40 years to have breakfast together, but it was so disagreeable we had to stop. "—Sir Winston Churchill.

Hard Luck Parent: If you think it's difficult to rear children in today's hostile world, how'd you like to be a mother oyster? She can produce up to a million eggs in a season—and only one may ever grow to adult size.

History lesson: Can you identify the U.S. presidents who bore the following nicknames: "Scribe of the Revolution," "Little Magician," "First Gentleman of the Land," and "Hermit Author of Palo Alto?" They were, in order, Thomas Jefferson, Martin Van Buren, Chester A. Arthur, and Herbert Hoover.

Worth remembering: "If you can't break 85 you have no business on a golf course. If you can break 85 you probably have no business."

Praise for southpaws: About one in 10 persons is left-handed and many feel it is a distinct handicap. But Dr. Bryng Bryngelson of the University of Minnesota says: "Left-handed people tend to be more creative and more imaginative than right-handed people."

## Taxable Market Hits $1 Billion In Beaver County

Beaver County's taxable fair market value went past the $1 billion mark for the first time as officials reported the county's gain in assessed taxable valuation was up $8,479,063 in 1969.

Midland showed the greatest gain, adding $794,622, to bring its total to $16,127,022. This was primarily due to new construction at Crucible Steel Division of Colt Industries.

Ohioville'e valuation rose to $12,427,920, an increase of $130,881 over last year. Industry recorded a gain of $59,899, bringing its total to $11,124,300.

Glasgow showed a slight increase of $162, bringing its valuation to $55,269. Georgetown posted the only decline in the area, going to $175,440, a decrease of $726 from last year.

Actual increases in valuation were $9,305,227, which, coupled with decreases of $826,164, leaves the total net gain. The county's total assessed valuation is now $301,374,455, and its taxable market value $1,004,581,510.

In addition to its taxable assessment there is also $56,694,236 in exempted assessed valuation. This includes utilities, schools, churches, colleges and other nontaxables.

While industry contributed a sizable share to the gain, there was also a considerable gain in private construction, including homes, apartments and commercial buildings.

## Dates Are Set For Cleanup

NEW CUMBERLAND — The annual citywide cleanup campaign has been set March 15 to April 15, Mayor Arthur Watson has announced.

He pointed out that requests for pickup service must be made through Nedra Schlee, city clerk.

On the day pickup is scheduled rubbish must be placed in a convenient location and be boxed or tied securely for quick loading.

The mayor also emphasized today that ordinances regarding junk cars and garbage within the city limits will be enforced strictly and violators fined.

He reported Carl Beard, director of the West Virginia Air Pollution Department, has offered to meet with city officials and assist them in drafting an ordinance against "open air burning" within the city.

## Last Hand-Cranked Phone On Way Out

ELIZABETH, Ky. (AP) — Kentucky's last hand - cranked telephone system is on the way out.

The state authorized General Telephone Company to install modern dial equipment by the middle of 1969 to serve the Upton exchange in Hardin County. Upton's 325 customers have been using old - time phones provided by the Farmers Telephone Company.

Upton is a farming community 60 miles south of Louisville.

Time was when decisions for the family were made by one person—the head of the house.

Not Today. Now such matters as insurance, investments, and property ownership are family topics of discussion. Decisions are made and carried out according to plan—a family plan. In today's world, planning is essential to fulfillment. This applies to planning ahead to meet emergencies, too.

Today, more people are looking into funeral costs and arrangements before emergencies arise. We call this pre-arrangement. It relieves others of so much responsibility and worry. It's really very simple—logical, too. We'll be glad to talk with you about it at any time. At work, or in your home, if you prefer. No obligation, of course. Please call at your convenience.

ANN LANDERS

# Dog Chosen For Best Man

By Ann Landers

Dear Ann Landers: My husband and I are beside ourselves. Our college-graduate daughter, who could have married any one of 10 sane promising young men, has settled for an oddball who is causing us no end of troubles. We wanted a beautiful church wedding but that's out now. Courtney has announced that his best man is going to be his dog, Blaze.

"Why be a hypocrite?" he said in all seriousness. "I have no friend who is as faithful and loyal as Blaze."

My husband had an ulcer attack right then and there.

The best man is supposed to give the ring to the groom to place on his bride's finger. Courtney says he is training Blaze to carry the ring box in his mouth and that Blaze will open his mouth and drop the box on order.

Our minister has refused to perform the ceremony, but Courtney found a justice of the peace who will marry them. Our daughter is not the least bit disturbed. She says everybody has to "do his own thing."

My husband says he will attend the ceremony but he will not pay for anything. Also, he is not going to invite his business friends. Do you feel he is being fair?—R.X.

-:-

**Dear R.S.: Yes, I do. And if your daughter thinks otherwise, explain that her father is doing HIS own thing.**

## Taxing Problem

Dear Ann: Income tax time is here again. Please repeat your advice of last year. Tell your readers not to impose on the friendship of an accountant or tax consultant.

People who wouldn't dream of asking the butcher for a free steak, or a barber for a free haircut, think nothing of asking a social acquaintance to "help them" prepare their tax returns as a favor.

My knowledge was not obtained free. It's the only thing I have to sell for a living. Suggest that your readers look up an accountant. — TEXAS CPA.

-:-

**Dear Tex: Thank you for a timely bit of advice. And to all of you out there who have the job yet to do — many happy returns.**

## Worthless Advice

Dear Ann: After I got through laughing about the middle-aged woman who had bubble gum in her hair, on her glasses and all over her face, I remembered that my mother used to rub table butter on us kids and the gum came right off.

No charge for the advice. — NO LONGER STUCK.

-:-

**Dear N.L.S.: I'm glad you didn't charge for that advice because it's not worth anything. Two of my secretaries tried removing gum from their arms with plain table butter and it didn't work.**

**P.S. MY mother used cleaning fluid and that DID work.**

---

**Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.**

HINTS FROM HELOISE

# Lady Has Defrosting Woes

DEAR HELOISE: My refrigerator has to be defrosted every four days. What's wrong?

I am so sick of it, Heloise.

Please, please help.

MRS. B. ALEXANDER

Let's don't get sick over it.

Heloise

Instead, why don't you see if the refrigerator is level? That's the first thing I'd do, because they have to be level to percolate properly.

To test this, use a carpenter's level the next time you defrost it. Put this in the floor of the freezing compartment. If you have no level, take a little glass of water and set it in the center of the freezer, and fill it completely with water. Using a teaspoon, keep adding water until the water actually stands UP above the rim of the glass. Know that sounds crazy, but it will!

If any of the water spills over one side of the glass before you get your "standing ovation" . . . T'AINT LEVEL, McGee!

I have never seen a refrig that didn't have little manual levelers on each leg, but in case yours doesn't, put something under the low leg until it balances.

Many refrigerators are on linoleum and the legs make indentations in it, and this causes the trouble.

You can also open the door at a 45 deg. angle. If it stays open (doesn't move), it's most likely level. If it shuts or falls back open, that's another sign you found the culprit.

Finally, your thermostat or motor (the refrigerator's, not yours) could be bad. Let's just hope not. That means professional repair bills.

P.S. Write any time. And I do so wish you good luck.

HELOISE.

DEAR HELOISE: Since I've had my portable dishwasher, I have found a great use for the dishwasher powder and water solution that comes out of the drain hose. It cleans combs, brushes, etc., in a whistle.

MRS. W. J. BROWN.

DEAR HELOISE: This is the time of year (or day) when you wish something would happen but never does. It's Doldrumsville.

HELEN B.

DEAR FOLKS: If you want to stretch your coffee budget a bit:

After the first pot cooks — don't empty the grounds. Leave the same wet grounds in the coffee basket and put a few spoons of instant coffee on top. Then try reperking another pot of coffee. Always use less instant coffee than usual. I use about half.

True, you are drinking practically instant coffee, but by the time it has perked through the damp grounds again you get the flavor of the real coffee. This is a good idea to remember on the mornings that you are short on real coffee. It certainly expands a tight budget.

Every little bit helps, I guess.

HELOISE.

DEAR HELOISE: From a worn-out raincoat, I cut a double piece slightly larger than a school book. I stitched up three sides, put in a drawstring and now have a school bag for my books when it rains.

PAMELA KAPER.

DEAR HELOISE: My young toddler loved to hold her own cup or glass when drinking, but made a mess doing it.

Finally I found a way to avoid the mess, and let her be just as independent as she would like.

I took one of the 4-oz. plastic baby bottles and cut a small hole through the top of the nipple. Then I inserted a straw through the hole.

A plastic straw with a "spoon" at the bottom also keeps the child from pulling it out of the bottle.

This avoids many messes, even if the bottle is dropped.

LOIS APPEL.

**This column is written for you . . . the housewife and homemaker. If you have a hint or a problem write to Heloise in care of this newspaper. Because of the tremendous volume of mail, Heloise is unable to answer all individual letters. She will, however, answer your questions in her column whenever possible.**

## How Can I?

By ANNE ASHLEY

**Q. — How can I deal with lipstick stains on fabrics?**

A.—If washable, remove with hot water and soap. If unwashable, use cleaning fluid and immediately press a clean white blotter over the stain. Look at the blotter and you'll find it has absorbed some stain. Keep repeating until you can no longer see red on the blotter.

**Q. — How can I do a good job of cleaning my costume jewelry?**

A. — Rubbing alcohol works fine. Pour a little on each piece, let stand for a few minutes on paper toweling, and then all tarnish will wipe right off and your jewelry pieces will look like new.

**Q. — How can I clean automobile upholstery, leather and nylon?**

A. — Whip up a solution of detergent and ammonia, and using just the suds and a clean cloth or brush, go over the upholstery with this. Then wipe over the cleaned areas with another cloth rinsed out of clear water. Usually does a fine job.

**Q. — What can I do if a box of cereal has become soggy?**

A. — You can make the contents crisp again by putting them on a cookie sheet and heating for a few minutes in the oven. This method is also fine for re-crisping crackers.

**Q. — How can I deal with ink or blood stains on wallpaper?**

A. — Try applying water, then rubbing with white magnesia chalk. Allow this mixture to dry, then rub it off.

**Q. — How can I make iron-on patches stick better to clothing?**

A. — By placing a piece of aluminum foil under the area to be patched and another piece over it before ironing with a hot iron. This has the effect of concentrating the heat on the patch and making it adhere much better.

**Q. — How can I treat tarnished brass?**

A. — A lemon rind, dipped in salt and rubbed over the metal, will do a fine job of removing corrosion or tarnish.

## Personalities In The News

HOLLYWOOD (AP) — The back pains suffered by actress Elizabeth Taylor are "not of a serious nature and there is no surgery planned," her physician says.

Dr. Rex Kennamer treating Miss Taylor in Cedars of Lebanon Hospital, denied a Detroit columnist's report that the 37-year-old actress was undergoing cancer tests.

"Everybody has a little back trouble," Kennamer said.

He said there was a "degenerating disc" in Miss Taylor's spine, the result of an operation several years ago to fuse two discs.

NEW YORK (AP) — Mrs. Richard M. Nixon has been named honorary president of the Girl Scouts of America, the GSA announced Sunday.

Both daughters of President and Mrs. Nixon—Patricia and Julie—have been Girl Scouts.

Since 1917 the wife of an incumbent president has been named to the post.

ABOARD THE USS GUADALCANAL (AP) — Chuck Filley, head of the recovery team for the Apollo 9 splashdown, says it looks as though he will need to have some flotation collars flown from Bermuda.

Three of the collars got away in high seas and heavy winds while the recovery crews were practicing Sunday for the splashdown on Thursday. The collars are fastened to spacecraft to keep them afloat until they are hoisted on shipboard.

ROCHESTER, N.Y. (AP) — The wife of Secretary of State William P. Rogers was elected a trustee of the Frank E. Gannett Foundation, succeeding her husband in the post, it was announced during the weekend.

Paul Miller, president of the foundation and Gannett Co. Inc., said Adele Rogers was elected a trustee of the foundation that provides support for charities and philanthropies in areas served by Gannett newspapers and broadcasting stations.

# Zanesville Eliminates Potters 32-31 On Late Basket

## Sports Whirled

By TURK PIERCE

Review Sports Editor

Saturday night's game may have been the last for Clint McConnell as basketball coach here.

The situation at East Liverpool High School makes it almost sure that either McConnell or athletic director and football coach Bob McNea or both will not be here next year, and so far the school board has backed McNea. Even if the results of the OEA investigation at the school should change this, it would be a Pyhrric victory, benefitting no one.

The current rumors are the McConnell will take the basketball coaching job at Aliquippa. "That's news to me and Frank Janosik (the Aliquippa coach)," says McConnell. On the other hand, he admits there are worse jobs than at Aliquippa. Beaver County sources indicate that at tomorrow night's school board meeting at Aliquippa Janosik will be given his walking papers. The Quips, year in and year out, have excellent talent, and Janosik has failed to produce. It's also rumored that Vic Bianchi, after one season at Ambridge, is on shaky ground. The people at Ambridge, having tasted one state title, don't realize that it will take another Denny Wuycik and Dick DeVenzio for a repeat.

**McCONNELL,** who has coached all his career in Ohio, has his ear to the gound for open positions in the Buckeye state. Another possibility, which is strictly speculation on my part, is that McConnell would team with Al Bailey, in a college post. The two have considerable mutual respect. Bailey, of course, is not content to remain an assistant at Duquesne forever. There is a chance that head coach Red Manning, miffed at being bypassed for the athletic director post, may step down at Duquesne after this season, but assistant John Cinacola has seniority over Bailey. Another possibility for the former East Liverpool star is West Virginia, where Bucky Waters may be gone whether he takes the vacant Duke University job or not. With Wilbert Robinson and seven-footer Mike Heitz on the freshman team, plus returning starters Bob Hummell, Skip Kintz and Larry Woods, the Mountaineers have good prospects for next season. Bailey would be interested in this job, and McConnell as his assistant is certainly not out of the realm of possibility.

**McCONNELL,** with a 56-10 record, is the most sucessful coach in East Liverpool High history. He matched the best record ever here, 17-1, two years in a row. The Potters lost only one home game in three years. East Liverpool has won three straight sectional titles. Granted McConnell has had the material, but there was good material in the previous 10 years, when the Potters went without a sectional title.

Saturday's nights game was unfortunate ending, if it is to be that, for McConnell's career here. Stall tactics have stood him in good stead during his time here, but Saturday night they backfired. "We couldn't run on them", McConnell said, but in the first half the Potters, while not playing racehorse basketball, at least moved the ball normally with good results. "You hold the ball better than anyone I've seen," said Bailey to McConnell previously, and this is true. But stalling when you are behind is not playing the percentage.

In any case, it is not likely East Liverpool cage fans will soon again enjoy three years as sucessful as the last three have been.

## *Blue Devils Win On Palmer Hoop*

BY TURK PIERCE
Review Sports Editor

East Liverpool had waited 22 years for a district AA basketball title, but waited just a few seconds too long Saturday night, as Lee Palmer's jump shot with five seconds showing on the clock gave Zanesville a 32-31 win over the Potters in the district finals at Steubenville before 4,600 fans.

The Blue Devils now advance to Columbus, where they have the dubious pleasure of meeting top-ranked Columbus East in the regional opener.

Steve Douglas was almost a hero for the Potters Saturday, as he hit a jump shot with 21 seconds to go to put East Liverpool one point up. Douglas also got a shot at the end of the game that hit the rim and bounced off.

The low score of the contest was due to a second half freeze by East Liverpool. The Potters went scoreless in the third period while Zanesville got three points, taking a one point lead. Each team got four points in the final stanza. East Liverpool went scoreless over an 11-minute-50-second stretch, during which time Zanesville got five points.

Jerry Christian led all scorers with 14 points. Troy Walker paced Zanesville with 13. Christian, Walker and Douglas each grabbed 7 rebounds as Zanesville had a 23-21 edge in this department. Zanesville had 8 turnovers to 7 by East Liverpool, but the Blue Devils hit 46 per cent to only 34 per cent by the losers. Each team got the same number of field goals, 12, but the Blue Devils cashed one more foul in two more tries for the winning margin. There were no fouls called on Zanesville in the second half.

The New Concord sectional champs started the game as if they were going to run the Potters out of the gym. East Liverpool had a 4-2 lead, but the Blue Devils ran off 10 in a row to make it 12-4. With 2:30 left in the first period it was 14-6, but here Christian scored a three-point play, added another foul shot and Bill Montgomery hit two long shots to pull the Potters even at 14 at the end of the quarter.

The Potters never trailed the whole second period. Christian got three points to break the tie, and after Walker had scored on a fast-break, East Liverpool showed its stalling tendencies for the first time. From 5:45 until 4:00 the Potters shuffled with the ball, finally breaking Rick Steffen open for a layup.

With the score 21-20, Christian made a pair of fouls and then a fast-break basket to give East Liverpool its biggest lead of the game. But Zanesville came right back to tie the score at 25. Montgomery hit a long shot with 50 seconds left to give the Potters a 27-25 halftime lead. Steffen missed a one-and-one opportunity at the buzzer, which seemed of little importance at the time, but the Potters never returned to the foul line.

The Potters opened the third period with a stall, but turned the ball over and Walker hit on a three-point play with 6:00 showing on the clock. The ball changed hands twice, and then with 5:45 left East Liverpool controlled the ball in earnest, not relinquishing it the rest of the period. John Johnson took a driving shot with two seconds left, but it missed and Zanesville was up 28-27 entering the final stanza.

Palmer and Walker hit free throws early in the fourth period, but Johnson broke the 11:50 East Liverpool draught with a fast-break basket with 5:00 to go. Both teams turned the ball over or otherwise missed opportunities until 3:10 remained, when the Potters, down by one, began to freeze again. With 1:20 left Steffen took a jump shot from the key and Douglas rebounded the miss. Then Douglas hit his jumper with 21 seconds left. Zanesville called time with 17 seconds to go.

Bill Menhorn got the ball on the right side. He dribbled across the foul line with his back to the basket, almost losing control of the ball, but he shoveled it off to Palmer on the left side of the key. Palmer's shot hit only the bottom of the net.

East Liverpool called time with three seconds to go. The ball was passed into Montgomery in the back court, and he hit Douglas at quartercourt. His shot bounced off the rim as the buzzer sounded and Zanesville had its 21st win in 22 starts. The Potters bow out at 20-2, one of the best years in the history of the school.

When asked about the stall tactics, coach Clint McConnell said "We couldn't run with them. We wanted to go to the hoop with eight seconds left at the end, so they couldn't get off a final shot." He summed up by saying "I'm real proud of the kids. They played their hearts out."

## Bucky Waters Reported Set For Duke Job

MORGANTOWN, W Va. (AP) —Bucky Waters, West Virginia's head basketball coach is reportedly heading for Duke University next season

The Morgantown Dominion-News said in its Saturday editions that Waters has signed a five-year contract for the same spot at the North Carolina school.

Waters refused to comment on the report and Duke woud not confirm it.

Waters, who compiled a 70-41 record at West Virginia, had served under Vic Bubas, the Duke head coach, for six years before taking over the Mountaineer job.

Bubas reportedy will move into an administrative position.

Waters and Chick Daly, assistant basketbal coach at Duke, reportedly were prime candidates for the position but Daly recently accepted a coaching job with Boston College.

### Boosters Club Sets Rummage Sale

Plans for a rummage sale July 13-19 were completed at a meeting of the Newell Colt Midget Football Boosters Thursday at the clubhouse.

The sale will be held at the Ewing building in Chester and anyone wishing to donate articles may contact Mrs. Earl Kiger at 387-0953.

A ham and turkey shoot will be held March 29.

The next meeting will be April 3.

## *USC Upsets UCLA Prior To Tourney*

By MIKE RECHT
Associated Press Sports Writer

Hope once again springs eternal in the human breast, thanks to the Southern California Trojans. They have proved that UCLA's basketball team is mortal after all.

Where only two days ago the teams remaining in the NCAA postseason tournament were given little chance of dethroning powerful UCLA, the much-beaten Trojans made the once impossible dream come true.

USC, which is not even in the tournament, did it by upending the Bruins 46-44 Saturday night in a colossal upset in the last regular season game for both clubs. The loss ended UCLA's 41-game victory streak, its 85-game string at home and was only its second defeat in 90 games.

While the loss probably will serve to arouse the methodicial Bruins when they begin defense of the NCAA title they have won the last two years, it also has given all challengers the new idea that UCLA can be beaten.

"It only proves UCLA is mortal," said Lou Carnesecca, coach of St. John's, one of the teams that advanced to the regionals last Saturday with a 72-63 victory over Princeton.

"The loss could be a great thing for UCLA because it now takes the pressure of the long winning streak off, or it could be that the team is mentally and physically tired. If that's the case, they could be in for trouble."

Coach John Wooden of UCLA felt the loss "might help us in tournament play.

"We were not fired up. They wanted it a little more than we did."

USC, a crosstown rival which pushed the Bruins into double overtime Friday night before losing 61-55, beat UCLA for the first time in 18 games on Ernie Powell's jump shot with seven seconds remaining.

Playing a slowdown game, the Trojans, who lost 11 games this season, took only 20 shots and hit 12 of them. But just as important, they held giant 7-foot-1½ All-American Lew Alcindor to 10 points, largely on the play of 7-1 Ron Taylor.

New Mexico State, 24-3, a 74-62 first-round winner over Brigham Young Saturday night, will get the first crack at the top-ranked Bruins in the tournament Thursday night in the Far West regional.

There were several less spectacular upsets in the first round as Miami of Ohio surprised 17th-ranked Notre Dame 63-60, Weber State slipped by Seattle 75-73 and Colorado State edged Dayton 52-50. Elsewhere, the favorites advanced.

Fifth-ranked Davidson ousted 10th-ranked Villanova 75-61; Duquesne, No. 9, had a 74-52 breeze over St. Joseph's, Pa.; Marquette, No. 14, blasted Murray State 82-62, and Texas A&M bombed Trinity, Tex., 81-66.

North Carolina, No. 4, moved into the tourney by getting by Duke 85-74 for the Atlantic Coast Conference title, and Colorado won a bid by winning the Big Eight crown with a 92-73 rout over Missouri while Kansas lost to Kansas State 64-57.

Drake and Louisville, which tied for the Missouri Valley Conference title, play off tonight at Wichita, Kan., for the NCAA automatic bid. The loser will complete the National Invitation Tournament field.

Army and Kansas were selected during the weekend for the NIT, which opens four days of first-round play Thursday night in New York.

The NCAA small college tourney moves into the quarter-finals Wednesday night at Evansville, Ind., and the NAIA tournament begins Monday at Kansas City.

Bill Mazeroski of the Pittsburgh Pirates has played 1,866 games at second base, a National League Record.

## *Miami Upsets Irish, Dayton Falls To CSU*

By The Associated Press

Ohio basketball teams fared well over the weekend with Miami scoring a 63-60 upset over Notre Dame in the first round of the NCAA Mideast Regional Basketball Tournament Saturday.

Of five Ohio teams seeing action, only Dayton University lost —a 52-50 setback from underdog Colorado State University.

Miami's Mike Wren scored 14 of his 18 points in the second half as the Redskins pushed the Irish into continuous mistakes.

Top ranked Ashland, on their home court, beat back Cheyney (Pa.) State 66-56 in the champpionship game of the NCAA College Division Mideast Regional Basketball Tournament.

The Eagles scored 23 of 30 field goal attempts and made 20 of 27 at the free throw line while winning their 25th game in 27 starts.

Ashland competes this week in the College Division national finals at Evansville, Ind., where the Eagles finished fourth last year.

Ohio State, led by Jim Cleamon's 35 points, handed Michigan a 95-86 loss in the season finale for both teams.

The victory gave the Buckeyes at least a share of second place in the Big Ten with a 9-5 record and a 17-7 seasonal mark. Michigan finished 7-7 in the conference and 13-11 overall.

Cleamons, a 6-foot-3 sophomore from Columbus, dropped in his 35 on the heels of a 37 point performance last Tuesday against Indiana.

# Zanesville Eliminates Potters 32-31 On Late Basket

## Sports Whirled

By TURK PIERCE
Review Sports Editor

Saturday night's game may have been the last for Clint McConnell as basketball coach here.

The situation at East Liverpool High School makes it almost sure that either McConnell or athletic director and football coach Bob McNea or both will not be here next year, and so far the school board has backed McNea. Even if the results of the OEA investigation at the school should change this, it would be a Pyhrric victory, benefitting no one.

The current rumors are the McConnell will take the basketball coaching job at Aliquippa. "That's news to me and Frank Janosik (the Aliquippa coach)," says McConnell. On the other hand, he admits there are worse jobs than at Aliquippa. Beaver County sources indicate that at tomorrow night's school board meeting at Aliquippa Janosik will be given his walking papers. The Quips, year in and year out, have excellent talent, and Janosik has failed to produce. It's also rumored that Vic Bianchi, after one season at Ambridge, is on shaky ground. The people at Ambridge, having tasted one state title, don't realize that it will take another Denny Wuycik and Dick DeVenzio for a repeat.

**McCONNELL,** who has coached all his career in Ohio, has his ear to the gound for open positions in the Buckeye state. Another possibility, which is strictly speculation on my part, is that McConnell would team with Al Bailey, in a college post. The two have considerable mutual respect. Bailey, of course, is not content to remain an assistant at Duquesne forever. There is a chance that head coach Red Manning, miffed at being bypassed for the athletic director post, may step down at Duquesne after this season, but assistant John Cinacola has seniority over Bailey. Another possibility for the former East Liverpool star is West Virginia, where Bucky Waters may be gone whether he takes the vacant Duke University job or not. With Wilbert Robinson and seven-footer Mike Heitz on the freshman team, plus returning starters Bob Hummell, Skip Kintz and Larry Woods, the Mountaineers have good prospects for next season. Bailey would be interested in this job, and McConnell as his assistant is certainly not out of the realm of possibility.

**McCONNELL,** with a 56-10 record, is the most sucessful coach in East Liverpool High history. He matched the best record ever here, 17-1, two years in a row. The Potters lost only one home game in three years. East Liverpool has won three straight sectional titles. Granted McConnell has had the material, but there was good material in the previous 10 years, when the Potters went without a sectional title.

Saturday's nights game was unfortunate ending, if it is to be that, for McConnell's career here. Stall tactics have stood him in good stead during his time here, but Saturday night they backfired. "We couldn't run on them", McConnell said, but in the first half the Potters, while not playing racehorse basketball, at least moved the ball normally with good results. "You hold the ball better than anyone I've seen," said Bailey to McConnell previously, and this is true. But stalling when you are behind is not playing the percentage.

In any case, it is not likely East Liverpool cage fans will soon again enjoy three years as sucessful as the last three have been.

## *Blue Devils Win On Palmer Hoop*

BY TURK PIERCE
Review Sports Editor

East Liverpool had waited 22 years for a district AA basketball title, but waited just a few seconds too long Saturday night, as Lee Palmer's jump shot with five seconds showing on the clock gave Zanesville a 32-31 win over the Potters in the district finals at Steubenville before 4,600 fans.

The Blue Devils now advance to Columbus, where they have the dubious pleasure of meeting top-ranked Columbus East in the regional opener.

Steve Douglas was almost a hero for the Potters Saturday, as he hit a jump shot with 21 seconds to go to put East Liverpool one point up. Douglas also got a shot at the end of the game that hit the rim and bounced off.

The low score of the contest was due to a second half freeze by East Liverpool. The Potters went scoreless in the third period while Zanesville got three points, taking a one point lead. Each team got four points in the final stanza. East Liverpool went scoreless over an 11-minute-50-second stretch, during which time Zanesville got five points.

Jerry Christian led all scorers with 14 points. Troy Walker paced Zanesville with 13. Christian, Walker and Douglas each grabbed 7 rebounds as Zanesville had a 23-21 edge in this department. Zanesville had 8 turnovers to 7 by East Liverpool, but the Blue Devils hit 46 per cent to only 34 per cent by the losers. Each team got the same number of field goals, 12, but the Blue Devils cashed one more foul in two more tries for the winning margin. There were no fouls called on Zanesville in the second half.

The New Concord sectional champs started the game as if they were going to run the Potters out of the gym. East Liverpool had a 4-2 lead, but the Blue Devils ran off 10 in a row to make it 12-4. With 2:30 left in the first period it was 14-6, but here Christian scored a three-point play, added another foul shot and Bill Montgomery hit two long shots to pull the Potters even at 14 at the end of the quarter.

The Potters never trailed the whole second period. Christian got three points to break the tie, and after Walker had scored on a fast-break, East Liverpool showed its stalling tendencies for the first time. From 5:45 until 4:00 the Potters shuffled with the ball, finally breaking Rick Steffen open for a layup.

With the score 21-20, Christian made a pair of fouls and then a fast-break basket to give East Liverpool its biggest lead of the game. But Zanesville came right back to tie the score at 25. Montgomery hit a long shot with 50 seconds left to give the Potters a 27-25 halftime lead. Steffen missed a one-and-one opportunity at the buzzer, which seemed of little importance at the time, but the Potters never returned to the foul line.

The Potters opened the third period with a stall, but turned the ball over and Walker hit on a three-point play with 6:00 showing on the clock. The ball changed hands twice, and then with 5:45 left East Liverpool controlled the ball in earnest, not relinquishing it the rest of the period. John Johnson took a driving shot with two seconds left, but it missed and Zanesville was up 28-27 entering the final stanza.

Palmer and Walker hit free throws early in the fourth period, but Johnson broke the 11:50 East Liverpool draught with a fast-break basket with 5:00 to go. Both teams turned the ball over or otherwise missed opportunities until 3:10 remained, when the Potters, down by one, began to freeze again. With 1:20 left Steffen took a jump shot from the key and Douglas rebounded the miss. Then Douglas hit his jumper with 21 seconds left. Zanesville called time with 17 seconds to go.

Bill Menhorn got the ball on the right side. He dribbled across the foul line with his back to the basket, almost losing control of the ball, but he shoveled it off to Palmer on the left side of the key. Palmer's shot hit only the bottom of the net.

East Liverpool called time with three seconds to go. The ball was passed into Montgomery in the back court, and he hit Douglas at quartercourt. His shot bounced off the rim as the buzzer sounded and Zanesville had its 21st win in 22 starts. The Potters bow out at 20-2, one of the best years in the history of the school.

When asked about the stall tactics, coach Clint McConnell said "We couldn't run with them. We wanted to go to the hoop with eight seconds left at the end, so they couldn't get off a final shot." He summed up by saying "I'm real proud of the kids. They played their hearts out."

## Bucky Waters Reported Set For Duke Job

MORGANTOWN, W Va. (AP) —Bucky Waters, West Virginia's head basketball coach is reportedly heading for Duke University next season

The Morgantown Dominion-News said in its Saturday editions that Waters has signed a five-year contract for the same spot at the North Carolina school.

Waters refused to comment on the report and Duke woud not confirm it.

Waters, who compiled a 70-41 record at West Virginia, had served under Vic Bubas, the Duke head coach, for six years before taking over the Mountaineer job.

Bubas reportedy will move into an administrative position.

Waters and Chick Daly, assistant basketbal coach at Duke, reportedly were prime candidates for the position but Daly recently accepted a coaching job with Boston College.

## *Miami Upsets Irish, Dayton Falls To CSU*

By The Associated Press

Ohio basketball teams fared well over the weekend with Miami scoring a 63-60 upset over Notre Dame in the first round of the NCAA Mideast Regional Basketball Tournament Saturday.

Of five Ohio teams seeing action, only Dayton University lost —a 52-50 setback from underdog Colorado State University.

Miami's Mike Wren scored 14 of his 18 points in the second half as the Redskins pushed the Irish into continuous mistakes.

Top ranked Ashland, on their home court, beat back Cheyney (Pa.) State 66-56 in the championship game of the NCAA College Division Mideast Regional Basketball Tournament.

The Eagles scored 23 of 30 field goal attempts and made 20 of 27 at the free throw line while winning their 25th game in 27 starts.

Ashland competes this week in the College Division national finals at Evansville, Ind., where the Eagles finished fourth last year.

Ohio State, led by Jim Cleamon's 35 points, handed Michigan a 95-86 loss in the season finale for both teams.

The victory gave the Buckeyes at least a share of second place in the Big Ten with a 9-5 record and a 17-7 seasonal mark. Michigan finished 7-7 in the conference and 13-11 overall.

Cleamons, a 6-foot-3 sophomore from Columbus, dropped in his 35 on the heels of a 37 point performance last Tuesday against Indiana.

# East Nips Linden-McKinley, Eyes Repeat Of State Title

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Unbeaten Columbus East and powerful Mansfield St. Peter lead 16 teams in each class into regional tournament basketball action this week.

The East express continues on its path to a second straight Class AA championship Saturday with a 79-71 victory over Columbus Linden-McKinley. St. Peter, the defending Class A kingpin, hardly worked up a sweat in a 75-53 romp over Attica.

East and 15 other AA clubs copped district crowns Saturday while nine small school teams also registered triumphs joining seven other Class A quintets that advanced to regional play with Friday victories.

The sweet sixteen in each division is all that remains from the original field of 833 that started sectional play two weeks ago. By Saturday night, the field will be whittled to four in each class for the state tournament at St. John Arena March 21-22.

East, paced by Ed Ratleff's 35 points, got by stubborn Columbus Linden-McKinley 79 - 71 for its 45th straight victory, 21 this season. The No. 1 ranked Tigers battle sixth ranked Zanesville Thursday.

Zanesville survived No. 9 East Liverpool's stall when Lee Palmer sank a basket with four seconds remaining for a 32-31 decision. East Liverpool led 27-25 at halftime and stalled away the whole third period. Only 11 shots were taken in the entire second half, four by the winners.

Among the ranked clubs, No. 2 Canton McKinley, beaten only once, crushed Stark County rival Marlington 87-57. Marlington, tied for fourth in the rankings with Toledo Libbey, finished 22-1.

Libbey had a tougher time but finally subdued Toledo Macomber 53-50. No. 8 Hamilton Garfield, which bowed in the finals to East last year, sidelined Middletown, 72 - 55, ending the Middies hopes for an eighth state title.

In other Double - A results, Cleveland St. Joseph stopped Euclid, a state semifinalist last year, 64-61, and Newark ousted No. 10 Columbus South, 77-66.

In small school warfare, unheralded Frontier bombed sixth ranked West Muskingum, 81-57; No. 5 Fort Recovery outlasted No. 8 St. Henry 80-77 and Lincoln Heights, 20-3, moved closer to its second straight state tournament berth with an 85-58 conquest of Greenview.

# Esposito Gets 4 Points, Boston Nears Montreal

By HAL BOCK
Asociated Press Sports Writer

That click you just heard could very well have been Phil Esposito snapping the lock on the National Hockey League scoring championship.

Esposito who busted past the 100-point plateau last week, scored his 41st goal of the season and added three assists Sunday night, leading Boston to a 7-2 rout over Los Angeles. Combined with Montreal's 2-2 tie against New York, the victory moved the Bruins within one point of the Canadiens in the sizzling East Division race.

The four points gave Esposito 107 for the season—12 more than Chicago's Bobby Hull. Esposito has 11 games left to play and Hull has 10.

In other Sunday action, St. Louis and Minnesota played to a 2-2 tie and Philadelphia thumped Oakland 5-3.

In Saturday's games, Montreal tied Los Angeles 3-3, New York whacked Pittsburgh 5-3, Philadelphia and Toronto tied 2-2, Detroit belted Boston 7-4 and St. Louis took Oakland 5-2.

Esposito did Boston's main damage against Los Angeles but Ken Hodge pitched in with a pair of goals. The Bruins wrapped it up with three in the third period, one by Johnny Bucyk, who picked up his 700th NHL career point.

The Bruins have 89 points—one less than the Canadiens—but Boston has played two fewer games than Montreal.

The Rangers, playing their fourth game in five days, tied Montreal on a late goal by Jean Ratelle, who batted in Rod Gilbert's rebound. The tie gave New York a two-point edge over Detroit and six points on Toronto in the battle for third place in the East.

Walt Tkaczuk scored New York's other goal while Mickey Redmond and Jacques Lemaire hit for the Canadiens.

Rookie Danny Grant scored his 28th and 29th goals of the season as Minnesota tied St. Louis, the West Division champions. Grant's two goals left him one short of the record of 30 for a rookie set by Bernie Geoffrion with Montreal in 1951-52.

Ab McDonald and Barclay Plager scored for St. Louis, which clinched the West title by beating Oakland Saturday night.

Philadelphia stretched its unbeaten string to six games be coming from behind with three third-period goals to beat Oakland.

Andre Lacroix scored twice for the Flyers and Rookie Norm Ferguson hit his 28th for the Seals.

# Barbara Jo Has 2 Wins At Waterford

CHESTER, W. Va. (AP) — Barbara Jo Rubin, the 19-year-old females jockey who's won more races than any other girl, took two more at Waterford Park.

Barbara Jo won the second race by six lengths aboard Co Zipper and took the 11th by three lengths on Cohesian Saturday.

Both mounts, owned by D. Forrest Lawson, were favored.

In her first race Barbara Jo, of Miami, Fla., broke out of the gate on top and withstood a challenge by second-place finisher Dallan Place.

In the second, she went to the whip at the start of the stretch and outraced veteran jockey Bill Owen aboard Badger Beauty.

# *Aaron, White Homer In Pinch-Hit Roles*

By DICK COUCH
Associated Press Sports Writer

Luman Harris and Ralph Houk have discovered, much to their satisfaction, that some good hitters are neither born nor made—but designated.

Now all they have to do is come up with a couple of able appointees to pinch hit for pinch hitters Hank Aaron and Roy White.

Aaron, batting in the pitcher's spot under the designated pinch hitter rule being tried out in spring training games, started Harris' Atlanta Braves to an 11-3 romp over Los Angeles Sunday by smashing a first inning home run.

White, playing the same role for Houk's New York Yankees, scoked a tying, three-run homer in a four-run ninth that nipped Baltimore 7-6.

Aaron, however, was hit on the right knee by a Pete Mikkelsen pitch in the seventh inning and will miss today's Braves-Yankees exhibition at West Palm Beach, Fla. And White, who joined the Yanks on a weekend pass from the Army, will be back on duty at Fort Dix, N.J.

While Aaron and White were delivering the long ball in the pinch for the Braves and Yanks, conventional homers helped six other clubs nail exhibition victories.

Joe Lis hit a three-run blast in the 10th inning, keying Philadelphia's 8-4 triumph over Pittsburgh. Larry Hinle and Johnny Callison also homered for the Phillies and Jose Martinez connected for the Pirates.

Rookie Ken Myette pitched three scoreless innings and clouted a two-run homer, leading Cincinnati past the Chicago White Sox 4-0. Detroit scored five runs in the first inning—three on Bill Freehan's homer—and whipped Minnesota 6-3.

Homers by Dalton Jones, Reggie Smith and Billy Conigliaro powered Boston to a 12-4 romp over St. Louis.

Joe Morgan hit a two-run shot as Houston flattened the New York Mets 5-3 with five runs in the third inning and Al Ferrara touched off a four-run second inning burst with a two-run wallop, pacing the San Diego Padres to a 6-2 victory over the San Diego Marines.

San Francisco cuffed Cleveland with five first-inning runs and routed the Indians 9-3 for a 3-0 exhibition mark. Willie Mays, the Giants' new leadoff hitter, started the first-inning fireworks by drawing a walk and singled in the fifth to trigger a two-run wrap-up rally.

Aurelio Rodriguez, Jarvis Tatum and Tom Egan cracked three hits each as California thumped the Chicago Cubs 10-5. Gerry McNertney's double launched a three-run sixth-inning flurry that carried Seattle to a 6-3 verdict over Oakland.

Kansas City's A team trimmed Washington 5-2, handing Ted Wiliams' Senators their third setback without a victory, and the Royals B squad, rocked by five Montreal runs in the top of the eighth, struck back with six in the bottom half for an 8-5 conquest of the Expos.

# *Still Nips Barber In Citrus Open Golf*

ORLANDO, Fla. (AP) — Ken Still and Sandy Koufax have something in common beside a personal friendship—they both waited a long time to become winners.

But while Sandy sat on the Dodger bench waiting for his chance, Still bounced around 16 years from job to job before winning his first golf tournament.

Ken's moment finally came Sunday at the $115,000 Citrus Open with a final round 70 for a 72-hole total of 10-under par 278, one stroke ahead of Miller Barber. But it came the hard way.

"It was a peculiar round," Still admitted after accepting the $23,000 first prize.

The friendly, 34-year-old bachelor from Tacoma, Wash., said he felt he'd win the tournament after an eight-foot putt for a par 5 on the first hole of the par 72 Rio Pinar Country Club course. But his prediction was premature.

He hit into a lake on the 165-yard, par 3 12th for a double bogey and scrambled for a par 4 at 14 when he found the water again. And at 18 his second shot landed in the gallery.

"I started to cry in the middle of the 18th fairway because I knew if I'd par in, I'd win," he said.

"When I finished I felt like jumping over the top of the TV stand. I've never been so happy."

Barber blew himself out of contention when he topped his tee shot at 18 and landed his second shot under the bleachers for a double bogey 6.

Johnny Pott, tied after the third round with Bert Yancey, wound up at 280 with Orville Moody.

Gay Brewer finished at 281. In at 282 were Lee Trevino, Dave Stockton, Tom Weiskopf and Lee Elder.

Yancey posted a 283 and tied for 10th with Jack Nicklaus, 1968 champion Dan Sikes, Dean Refram and Dale Douglass.

Still, a baseball fan, met Koufax when he lived in Los Angeles. They frequently teamed for pro-am events.

"I admire Sandy more than anyone in sports," Still said.

Still's golf career almost ended when it began. He was released by the head pro at his first club job in Tacoma. From there on he worked various jobs before his money ran out.

Still got a new manager and joined the tour full time in 1961.

"I had my ups and downs after that and almost quit the tour in 1964," he said.

But he stuck it out. Sunday's first prize boosted his career earnings to more than $75,000.

"Golf has been very good to me," Still said.

# Weirton Wins Section 1 Tournament

Weirton won the Section 1, Region 1 basketball tournament at Oak Glen Saturday night, downing Follansbee 92-74.

Ron Smith led the Red Riders with 18 points, while Nick Grenier and Larry Campbell had 14 each and Tom Battista 12.

Jim Baker and Bob Conley had 16 each to pace the losers.

Oak Glen placed Jim Carnes on the all-tournament team, along with Conley and Guy Casinelli of Follansbee, Smith and Battista of Weirton and Ted Doyle, Roy Fuller and Larry Sadler of Wellsburg.

# *Mix, Locke Honored By MAC Media*

ATHENS, Ohio (AP)—Miami basketball mentor Tates Locke and Toledo's Steve Mix were named Mid - American Conference coach and player of the year today by the MAC News Media Association.

Locke, a Cincinnati native and graduate of Ohio Wesleyan, completed his third season at Miami with his first MAC title after building strong Army teams that finished third twice in the NIT.

Mix, 6-foot-6 senior from Toledo, led the league in scoring and rebounding. He finished with a 25.5 per game scoring average and 12.8 rebounding average. Mix also set 16 TU records including career scoring and rebounding, and the single game scoring mark, 47 points in his next to last game against Butler.

Three other coaches received votes, Frank Truitt of Kent State; Jim Snyder of Ohio University; and Bob Nicholas of Toledo. A like number of players received mention—Western Michigan's Gene Ford, Ohio's Gerald McKee and Marshall's Dan D'Antoni.

Former Michigan State basketball center Matt Airch is assisting Bob Nordmann in coaching in the Spartan freshman team.

# Zaplata Records Four Victories In Sunday Shoot

Terry Zaplata recorded four firsts Sunday afternoon to highlight the Columbiana County Fish and Game Shoot.

Two came in the high gun shoot and he teamed with James Lawton in the redbird shoot and with Jack White in the protector shoot.

Other winners in the protector shoot were the teams of Harold Lewis and Harold Walton, Gary Tolson and Lewis and Walton and White. The high 16-yard shoot was captured by Norman Rambo, with John Keys second.

The grouse walk was won by Luther Adkins and the walk-around by Tolson. Gale McIntosh topped the field in the doubles event, with Bud Palmer and Tolson second.

The teams of Lewis and Alford tied for first in the winter league, hitting 73 of 75. The next shoot will be Wednesday night.

# East Nips Linden-McKinley, Eyes Repeat Of State Title

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Unbeaten Columbus East and powerful Mansfield St. Peter lead 16 teams in each class into regional tournament basketball action this week.

The East express continues on its path to a second straight Class AA championship Saturday with a 79-71 victory over Columbus Linden-McKinley. St. Peter, the defending Class A kingpin, hardly worked up a sweat in a 75-53 romp over Attica.

East and 15 other AA clubs copped district crowns Saturday while nine small school teams also registered triumphs joining seven other Class A quintets that advanced to regional play with Friday victories.

The sweet sixteen in each division is all that remains from the original field of 833 that started sectional play two weeks ago. By Saturday night, the field will be whittled to four in each class for the state tournament at St. John Arena March 21-22.

East, paced by Ed Ratleff's 35 points, got by stubborn Columbus Linden-McKinley 79 - 71 for its 45th straight victory, 21 this season. The No. 1 ranked Tigers battle sixth ranked Zanesville Thursday.

Zanesville survived No. 9 East Liverpool's stall when Lee Palmer sank a basket with four seconds remaining for a 32-31 decision. East Liverpool led 27-25 at halftime and stalled away the whole third period. Only 11 shots were taken in the entire second half, four by the winners.

Among the ranked clubs, No. 2 Canton McKinley, beaten only once, crushed Stark County rival Marlington 87-57. Marlington, tied for fourth in the rankings with Toledo Libbey, finished 22-1.

Libbey had a tougher time but finally subdued Toledo Macomber 53-50. No. 8 Hamilton Garfield, which bowed in the finals to East last year, sidelined Middletown, 72 - 55, ending the Middies hopes for an eighth state title.

In other Double - A results, Cleveland St. Joseph stopped Euclid, a state semifinalist last year, 64-61, and Newark ousted No. 10 Columbus South, 77-66.

In small school warfare, unheralded Frontier bombed sixth ranked West Muskingum, 81-57; No. 5 Fort Recovery outlasted No. 8 St. Henry 80-77 and Lincoln Heights, 20-3, moved closer to its second straight state tournament berth with an 85-58 conquest of Greenview.

Five ranked teams in Class AA and four in Class A remain in contention. Regional play is set for Wednesday, Thursday, Friday and Saturday in seven cities.

# Esposito Gets 4 Points, Boston Nears Montreal

By HAL BOCK
Asociated Press Sports Writer

That click you just heard could very well have been Phil Esposito snapping the lock on the National Hockey League scoring championship.

Esposito who busted past the 100-point plateau last week, scored his 41st goal of the season and added three assists Sunday night, leading Boston to a 7-2 rout over Los Angeles. Combined with Montreal's 2-2 tie against New York, the victory moved the Bruins within one point of the Canadiens in the sizzling East Division race.

The four points gave Esposito 107 for the season—12 more than Chicago's Bobby Hull. Esposito has 11 games left to play and Hull has 10.

In other Sunday action, St. Louis and Minnesota played to a 2-2 tie and Philadelphia thumped Oakland 5-3.

In Saturday's games, Montreal tied Los Angeles 3-3, New York whacked Pittsburgh 5-3, Philadelphia and Toronto tied 2-2, Detroit belted Boston 7-4 and St. Louis took Oakland 5-2.

Esposito did Boston's main damage against Los Angeles but Ken Hodge pitched in with a pair of goals. The Bruins wrapped it up with three in the third period, one by Johnny Bucyk, who picked up his 700th NHL career point.

The Bruins have 89 points—one less than the Canadiens—but Boston has played two fewer games than Montreal.

The Rangers, playing their fourth game in five days, tied Montreal on a late goal by Jean Ratelle, who batted in Rod Gilbert's rebound. The tie gave New York a two-point edge over Detroit and six points on Toronto in the battle for third place in the East.

Walt Tkaczuk scored New York's other goal while Mickey Redmond and Jacques Lemaire hit for the Canadiens.

Rookie Danny Grant scored his 28th and 29th goals of the season as Minnesota tied St. Louis, the West Division champions. Grant's two goals left him one short of the record of 30 for a rookie set by Bernie Geoffrion with Montreal in 1951-52.

Ab McDonald and Barclay Plager scored for St. Louis, which clinched the West title by beating Oakland Saturday night.

Philadelphia stretched its unbeaten string to six games be coming from behind with three third-period goals to beat Oakland.

Andre Lacroix scored twice for the Flyers and Rookie Norm Ferguson hit his 28th for the Seals.

# Barbara Jo Has 2 Wins At Waterford

CHESTER, W. Va. (AP) — Barbara Jo Rubin, the 19-year-old females jockey who's won more races than any other girl, took two more at Waterford Park.

Barbara Jo won the second race by six lengths aboard Co Zipper and took the 11th by three lengths on Cohesian Saturday.

Both mounts, owned by D. Forrest Lawson, were favored.

In her first race Barbara Jo, of Miami, Fla., broke out of the gate on top and withstood a challenge by second-place finisher Dallan Place.

In the second, she went to the whip at the start of the stretch and outraced veteran jockey Bill Owen aboard Badger Beauty.

# Aaron, White Homer In Pinch-Hit Roles

By DICK COUCH
Associated Press Sports Writer

Luman Harris and Ralph Houk have discovered, much to their satisfaction, that some good hitters are neither born nor made—but designated.

Now all they have to do is come up with a couple of able appointees to pinch hit for pinch hitters Hank Aaron and Roy White.

Aaron, batting in the pitcher's spot under the designated pinch hitter rule being tried out in spring training games, started Harris' Atlanta Braves to an 11-3 romp over Los Angeles Sunday by smashing a first inning home run.

White, playing the same role for Houk's New York Yankees, scoked a tying, three-run homer in a four-run ninth that nipped Baltimore 7-6.

Aaron, however, was hit on the right knee by a Pete Mikkelsen pitch in the seventh inning and will miss today's Braves-Yankees exhibition at West Palm Beach, Fla. And White, who joined the Yanks on a weekend pass from the Army, will be back on duty at Fort Dix, N.J.

While Aaron and White were delivering the long ball in the pinch for the Braves and Yanks, conventional homers helped six other clubs nail exhibition victories.

Joe Lis hit a three-run blast in the 10th inning, keying Philadelphia's 8-4 triumph over Pittsburgh. Larry Hinle and Johnny Callison also homered for the Phillies and Jose Martinez connected for the Pirates.

Rookie Ken Myette pitched three scoreless innings and clouted a two-run homer, leading Cincinnati past the Chicago White Sox 4-0. Detroit scored five runs in the first inning—three on Bill Freehan's homer—and whipped Minnesota 6-3.

Homers by Dalton Jones, Reggie Smith and Billy Conigliaro powered Boston to a 12-4 romp over St. Louis.

Joe Morgan hit a two-run shot as Houston flattened the New York Mets 5-3 with five runs in the third inning and Al Ferrara touched off a four-run second inning burst with a two-run wallop, pacing the San Diego Padres to a 6-2 victory over the San Diego Marines.

San Francisco cuffed Cleveland with five first-inning runs and routed the Indians 9-3 for a 3-0 exhibition mark. Willie Mays, the Giants' new leadoff hitter, started the first-inning fireworks by drawing a walk and singled in the fifth to trigger a two-run wrap-up rally.

Aurelio Rodriguez, Jarvis Tatum and Tom Egan cracked three hits each as California thumped the Chicago Cubs 10-5. Gerry McNertney's double launched a three-run sixth-inning flurry that carried Seattle to a 6-3 verdict over Oakland.

Kansas City's A team trimmed Washington 5-2, handing Ted Wiliams' Senators their third setback without a victory, and the Royals B squad, rocked by five Montreal runs in the top of the eighth, struck back with six in the bottom half for an 8-5 conquest of the Expos.

# Still Nips Barber In Citrus Open Golf

ORLANDO, Fla. (AP) — Ken Still and Sandy Koufax have something in common beside a personal friendship—they both waited a long time to become winners.

But while Sandy sat on the Dodger bench waiting for his chance, Still bounced around 16 years from job to job before winning his first golf tournament.

Ken's moment finally came Sunday at the $115,000 Citrus Open with a final round 70 for a 72-hole total of 10-under par 278, one stroke ahead of Miller Barber. But it came the hard way.

"It was a peculiar round," Still admitted after accepting the $23,000 first prize.

The friendly, 34-year-old bachelor from Tacoma, Wash., said he felt he'd win the tournament after an eight-foot putt for a par 5 on the first hole of the par 72 Rio Pinar Country Club course. But his prediction was premature.

He hit into a lake on the 165-yard, par 3 12th for a double bogey and scrambled for a par 4 at 14 when he found the water again. And at 18 his second shot landed in the gallery.

"I started to cry in the middle of the 18th fairway because I knew if I'd par in, I'd win," he said.

"When I finished I felt like jumping over the top of the TV stand. I've never been so happy."

Barber blew himself out of contention when he topped his tee shot at 18 and landed his second shot under the bleachers for a double bogey 6.

Johnny Pott, tied after the third round with Bert Yancey, wound up at 280 with Orville Moody.

Gay Brewer finished at 281. In at 282 were Lee Trevino, Dave Stockton, Tom Weiskopf and Lee Elder.

Yancey posted a 283 and tied for 10th with Jack Nicklaus, 1968 champion Dan Sikes, Dean Refram and Dale Douglass.

Still, a baseball fan, met Koufax when he lived in Los Angeles. They frequently teamed for pro-am events.

"I admire Sandy more than anyone in sports," Still said.

Still's golf career almost ended when it began. He was released by the head pro at his first club job in Tacoma. From there on he worked various jobs before his money ran out.

Still got a new manager and joined the tour full time in 1961.

"I had my ups and downs after that and almost quit the tour in 1964," he said.

But he stuck it out. Sunday's first prize boosted his career earnings to more than $75,000.

"Golf has been very good to me," Still said.

# Weirton Wins Section 1 Tournament

Weirton won the Section 1, Region 1 basketball tournament at Oak Glen Saturday night, downing Follansbee 92-74.

Ron Smith led the Red Riders with 18 points, while Nick Grenier and Larry Campbell had 14 each and Tom Battista 12.

Jim Baker and Bob Conley had 16 each to pace the losers.

Oak Glen placed Jim Carnes on the all-tournament team, along with Conley and Guy Casinelli of Follansbee, Smith and Battista of Weirton and Ted Doyle, Roy Fuller and Larry Sadler of Wellsburg.

# Mix, Locke Honored By MAC Media

ATHENS, Ohio (AP)—Miami basketball mentor Tates Locke and Toledo's Steve Mix were named Mid - American Conference coach and player of the year today by the MAC News Media Association.

Locke, a Cincinnati native and graduate of Ohio Wesleyan, completed his third season at Miami with his first MAC title after building strong Army teams that finished third twice in the NIT.

Mix, 6-foot-6 senior from Toledo, led the league in scoring and rebounding. He finished with a 25.5 per game scoring average and 12.8 rebounding average. Mix also set 16 TU records including career scoring and rebounding, and the single game scoring mark, 47 points in his next to last game against Butler.

Three other coaches received votes, Frank Truitt of Kent State; Jim Snyder of Ohio University; and Bob Nicholas of Toledo. A like number of players received mention—Western Michigan's Gene Ford, Ohio's Gerald McKee and Marshall's Dan D'Antoni.

Former Michigan State basketball center Matt Airch is assisting Bob Nordmann in coaching in the Spartan freshman team.

# Zaplata Records Four Victories In Sunday Shoot

Terry Zaplata recorded four firsts Sunday afternoon to highlight the Columbiana County Fish and Game Shoot.

Two came in the high gun shoot and he teamed with James Lawton in the redbird shoot and with Jack White in the protector shoot.

Other winners in the protector shoot were the teams of Harold Lewis and Harold Walton, Gary Tolson and Lewis and Walton and White. The high 16-yard shoot was captured by Norman Rambo, with John Keys second.

The grouse walk was won by Luther Adkins and the walk-around by Tolson. Gale McIntosh topped the field in the doubles event, with Bud Palmer and Tolson second.

The teams of Lewis and Alford tied for first in the winter league, hitting 73 of 75. The next shoot will be Wednesday night.

The original cowboy jeans—the world's most copied pants. World's toughest denim, reinforced with copper rivets and stitched to stay. Pre-Shrunk or Shrink-to-Fit. A new pair free if they rip.
